Morrice Area Schools

Big Enough for Excellence.. Small Enough to Care

STRATEGIC PLAN

2022-2027

WWW.MORRICE.K12.MI.US

Morrice Family,

During the fall of 2021, Morrice Area Schools began the process of establishing a shared vision and strategic plan. This plan will help guide our work over the course of the next five years. A survey of all stakeholders was conducted during January of 2022. Data from the stakeholder survey was analyzed by our Strategic Plan Leadership Group. Our Strategic Plan Leadership Group included the following people:

Rob Pouch- Superintendent
Amy Doerner- Teacher
Susan Alleman- Early Childhood Coordinator
Mary Jo Wegenke- School Improvement Facilitator
Beth Skene- Student Success Coordinator
Kari Brown- Teacher
Barb Wyzga- Board of Education
Daniel Nolen- K-12 Principal
Carey Darnell- Teacher
Nicole Hurst- Teacher
Lynnette Cole- Business Manager

After careful review of the data, our Strategic Plan Leadership Group developed four goal areas for Morrice Area Schools:

1. Teaching & Learning
2. Sustainability
3. Community & Communication
4. Technology, Facilities & Infrastructure

Over the course of the next five years, we will align initiatives and resources to support the MAS Strategic Plan. Our Strategic Plan Leadership Group will monitor initiatives and report to the community on the progress made towards our plan.

We look forward to working with you on achieving the intendent results.

Rob Pouch
Superintendent

Randy Farrow
Board of Education President
