Watertown-Mayer Elementary School

Flex Learning Day (Weather Related)
2nd Grade Choice Board

Date:

	Teacher: Ellie Fader Elizabeth.Fader@wm.k12.mn.us	**Teacher**: Misty Roberts mroberts@wm.k12.mn.us
Teacher: Jake Rosholt Jacob.Rosholt@wm.k12.mn.us	**Teacher**: Donna Steuernagel dsteuernagel@wm.k12.mn.us	**Teacher:** Leah Jakel leah.jakel@wm.k12.mn.us

Reading & Writing	Math	Science / Social Studies	Specialists
☐ **Reading:** Build a den (fort) using sheets or blankets. Read some books inside your den.	☐ **Math:** Play a card game and keep track of points. Add the points together as you go along to see who gets the most points.	☐ **Science:** Ice Experiment - How long does it take for water to turn into solid ice in your freezer? How long does it take to melt an ice cube? Can you make it melt faster? Slower?	☐ **Innovation:** Build an igloo using any materials you have at home. It could be toothpicks and marshmallows, paper, cotton, cereal box cardboard, or any building materials you have.
☐ **Writing:** Use a paper plate to make a snowglobe or draw one on paper. Then write a story that happens in your snowglobe.	☐ **Math/Gym:** Count your heart rate. What can you do to make your heart beat faster? How about slower?	☐ **Social Studies:** Where is it snowing? Ask your parents to show you a weather map. Make a map of the snowstorm. Label important places and use colors or symbols to show the weather on the map.	☐ **Music** Learn to sing a new song. It could be on the radio, a holiday song, or even a song you make up. Sing the song for a family member.
