

1 Welcome Students

Electronically share student flyer with student training video

2 Students Watch the Video

This can be a schoolwide event, classroom event, or both. Link included in the student flyer.

3 Download and Activate STOPit

Encourage students to download and activate STOPit on their devices. Students can scan the QR code below.

4 Share Welcome Email and Video with Parents/Guardians

Encourage Parents/Guardians to watch the welcome video and download and activate STOPit on their device

Best Practices

- Send your Staff/Faculty the welcome email introducing STOPit. Staff video included in email template
- Add STOPit information to your District/School websites
- Bookmark STOPit Web on all school issued devices: <https://appweb.stopitsolutions.com/login>
- Your launch can be a schoolwide event, a classroom event, or both!
- Students should follow along with our student training video and activate the app
- Send a **Welcome Broadcast** from **STOPit Admin**:
 - *“Welcome to STOPit. You now have the power to protect yourself and others from harmful, inappropriate, and unsafe behavior. Remember reporting is always 100% anonymous!”*
