ADVANCED PLACEMENT (AP) COMMITMENT

SEAHOLM HIGH SCHOOL ADVANCED PLACEMENT COMMITMENT – 2024-2025

Advanced Placement (AP) courses are designed to be taught at a college level in order to prepare students for the AP test. This requires students to demonstrate a high level of personal responsibility (and organize their time wisely) as they accomplish classroom tasks, and complete projects and reading outside of class. AP courses move at a faster pace and require a significant time commitment; the decision to take an AP course should not be taken lightly. Consider the rigor of your entire schedule, school activities, and other time commitments throughout the year when contemplating whether to take one or more AP classes.

I understand that I am committed to my decision for 2024–2025 school year. I also understand that I must complete the summer reading and assignments, take ownership of my own learning, participate in class routinely, and ask questions regularly. I understand a student enrolled in an AP or honors course may not drop the course unless the following conditions exist:

- a grade of a D or E at the end of the trimester
- completion of a parent communication during each grading period
- demonstration of the student seeking consistent academic assistance
- and space available in comparable courses.

You will find the official AP course description for all AP courses at
<https://apstudent.collegeboard.org/apcourse>

AP test prep materials can be found at
<https://apstudent.collegeboard.org/takingtheexam/preparing-for-exams>

**PLEASE USE THIS FORM FOR INFORMATIONAL PURPOSES. YOU DO NOT
HAVE TO TURN THIS FORM IN.**
