Dear Parent or Guardian:

The health history you completed for your child indicates he/she has **ASTHMA.**

.

The school requires the following:

1. For each new school year, you must submit a new medication order from the Physician for your child's asthma inhaler if it is to be used during school hours.

Students are not permitted to carry or self-administer medication in school. All medicines should be taken to the health office immediately. Students with an asthma inhaler may keep the medication with them to self administer only if the prescribing physician, CRNP, or PA determines it is a medical necessity.

2. An individualized health care plan should be updated annually so that medical management in school can be accomplished effectively.

Your prompt attention to the above matter is appreciated. We would welcome an opportunity to meet with you to discuss your child's asthma and how we can implement a personalized health management plan.

We are very concerned with your child's safety during school hours. Thank you for your help and cooperation.

Sincerely,

Ringgold School District
Certified School Nurse

Please provide the above by the date of: **FIRST DAY OF SCHOOL**
