NOTICE TO APPLICANTS/EMPLOYEES REGARDING: NATIONAL CRIMINAL HISTORY AND CHILD PROTECTION INDEX REPORTS

As a part of our ongoing efforts to provide a safe and secure environment for our staff and students, the State of Indiana requires national criminal history checks on all potential employees and student teachers. As of July 1, 2016, legislation added a child protection index check with all 50 states as well. We encourage new staff members to complete these requirement as soon as possible so that technology needs and other new hire information can be processed timely.

BCSC has a relationship with Safe Hiring Solutions in order to conduct the official background checks on all employees. In order for you to complete this requirement, you, as the employee, must go to:

<https://secure.safehiringsolutions.com/app.cfm?id=F1FE6221-C9B2-45F3-9F8A-B198FBDAC2B8>

The system will prompt you through the process to complete the order of your background check. As the employee, you are responsible for the fees associated with the criminal history report and child protection index check. You will be required to make payment online at the time you order your report. The fees start at the below prices:

\$28.85 for Certified Staff – Includes a required Department of Education License Verification with all 50 states.

\$24.90 for Support Staff and Substitutes.

****There are circumstances that might involve additional fees. Examples of this include: driver's license checks that are done on bus drivers and criminal history checks that are done on employees that have lived in several states.**

Once you have ordered your background checks, BCSC Human Resources will be notified and receive a copy of the reports once they are completed.

Again, please be certain to order your background check at the time you are asked – don't delay. The reports can take up to 3-4 days to complete. **BCSC must have your completed criminal history report prior to processing your employment and prior to your first day of work.** The child protection index report can take up to 90 days. Continued employment will be revisited should the report contain any adverse results.

Upon request, you may have a copy of your background check.

Should you have any questions regarding the background checks, please contact Jodi Gordon, BCSC Director of Human Resources, at (317) 852-5726.

Thank you. We look forward to a positive working relationship!

Substitute Teacher Permits

Applying for new and renewing existing permits

All substitute teacher permits (and renewals) are applied for online through the Indiana Department of Education LVIS360 system (Licensing Verification Information System). To use LVIS360, you must have an Access Indiana account.

Substitute teachers making application for a permit (or renewal of a permit) must go to: <http://license.doe.in.gov>

The substitute teacher must first create an Access Indiana account and login. You can do so by clicking the link above. Detailed instructions on how to use the online system can also be found at the link above. If you already have an existing LVIS account, you must register in Access Indiana using the email address previous used in LVIS.

Once you have created an Access Indiana account and logged in, click on the **“Apply for a New License”** box then **“Substitute Teacher”** and follow the prompts. It is important to select **“Brownsburg Community School Corporation – 3305”** as the recommending employer. After answering the questions, you will confirm your application and hit **“Submit Application”**.

Next, click on **“Make Payment”** and follow the prompts. With the online system, applicants will pay for the permit online. The cost is \$15.00 plus a \$1.36 processing fee. Once the license has been approved by the school corporation you will receive electronic notice. You must then forward a copy of your new license to BCSC Human Resources.

If you have questions regarding the application or renewal process, please contact Jodi Gordon or Jeanette Snyder at (317) 852-5726.

The Federal Tax Withholding Form (W-4)

The W-4 form dictates the amount of federal taxes that your employer withholds each pay. These funds are transferred to the IRS and held until you file your tax return the following year.

We are hoping to clear up some of the confusion surrounding the newer W-4 form. This document includes a lot of information, but it will be worth your time to ensure that your taxes are where you want them to be!

In 2018, significant changes occurred with the tax laws and the corresponding W-4 form, which was updated in 2020. For decades, the “old” W-4 form centered around the number of allowances claimed along with filing status, so virtually all individuals became familiar with phrases such as “single claiming 2”, “married claiming 5”, and so on. The new W-4 form does not request the number of allowances. Instead, it actually provides an opportunity for individuals to more accurately calculate their withholding based on their filing status (single, married or head of household), the opportunity to increase one’s withholdings in “two-earner couples”, opportunities to reduce federal tax withholding based on child tax and dependent tax credits (which again are not the same as allowances on the old form), education tax credits, and deductions in excess of the “standard deduction.”

Previous tax years were unique with all the child tax credits and stimulus payments. Some of you may have owed taxes when you normally received a refund. In order to ensure that your tax filing is what you expect, please take a few minutes to ensure that your federal tax withholdings are where you want them to be going forward.

The IRS provides a tool that calculates how much your federal tax withholding should be based on a number of questions at this link:

<https://apps.irs.gov/app/tax-withholding-estimator>

Once you answer all the questions in the tax estimator tool, it will provide you with an estimate of your tax refund or tax owed. Use this information to determine how to complete or revise your W-4 if needed.

Important W-4 Tips

Step 2 is VERY important. If you have multiple jobs OR if your spouse also works, pay close attention to this section. Page 3 of the W-4 form has a multiple jobs worksheet that will provide guidance. The most common scenario is for a married couple filing jointly. When the wages are combined on the tax return, it often elevates both sets of earnings to a higher tax bracket. If you do not consider this in your withholding, it is likely that you will owe taxes at the end of the year. If your spouse works, you may need to check Box 2(c) and have your spouse do the same on their W-4. If you both have

similar wages, this should be enough. However, if one wage is significantly higher, you may have to request an extra withholding amount in Step 4(c) on the W-4 form.

Step 3 – See instructions at the end of Step 2. For those filing married, you should only complete Steps 3 & 4 on one W-4, which ever is the high paying job. If you are married, only claim dependents in Step 3 on either your W-4 OR your spouse's W-4, but not both. Enter the number of dependent children who will be less than 17 years of age as of December 31 of the tax year and multiply by the child tax credit of \$2,000 per child. Then enter the number of "other dependents" who are children 17 or over and others you can claim as dependents and multiply by \$500. Please note that both of these are tax credits and not tax allowances, and tax credits reduce your tax liability dollar for dollar.

If you like to see a refund on your federal taxes, make sure you use the federal tax estimator to determine how much extra withholding you should enter on Step 4(c) of the W-4.

Please note that we are not tax accountants. We cannot advise you on your personal tax situation, but we hope that the tips above will help. If your taxes are more complicated than this, we recommend that you consult with an accountant who can advise you on how to complete your W-4.

Step 2:
Multiple Jobs or Spouse Works

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

(a) Reserved for future use.

(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; **or**

(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than (b) if pay at the lower paying job is more than half of the pay at the higher paying job. Otherwise, (b) is more accurate ☐

TIP: If you have self-employment income, see page 2.

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2023 if you meet both of the following conditions: you had no federal income tax liability in 2022 **and** you expect to have no federal income tax liability in 2023. You had no federal income tax liability in 2022 if (1) your total tax on line 24 on your 2022 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2023 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2024.

Your privacy. If you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c).

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay income and self-employment taxes through withholding from your wages, you should enter the self-employment income on Step 4(a). Then compute your self-employment tax, divide that tax by the number of pay periods remaining in the year, and include that resulting amount per pay period on Step 4(c). You can also add half of the annual amount of self-employment tax to Step 4(b) as a deduction. To calculate self-employment tax, you generally multiply the self-employment income by 14.13% (this rate is a quick way to figure your self-employment tax and equals the sum of the 12.4% social security tax and the 2.9% Medicare tax multiplied by 0.9235). See Pub. 505 for more information, especially if the sum of self-employment income multiplied by 0.9235 and wages exceeds \$160,200 for a given individual.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

If you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2023 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b)—Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables.

- 1 Two jobs.** If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, **skip** to line 3 **1** \$ _____
- 2 Three jobs.** If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
 - a** Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a **2a** \$ _____
 - b** Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b **2b** \$ _____
 - c** Add the amounts from lines 2a and 2b and enter the result on line 2c **2c** \$ _____
- 3** Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc. **3** _____
- 4 Divide** the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in **Step 4(c)** of Form W-4 for the highest paying job (along with any other additional amount you want withheld) **4** \$ _____

Step 4(b)—Deductions Worksheet (Keep for your records.)

- 1** Enter an estimate of your 2023 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income **1** \$ _____
- 2** Enter: $\left. \begin{array}{l} \$20,800 \text{ if you're head of household} \\ \$27,700 \text{ if you're married filing jointly or a qualifying surviving spouse} \\ \$13,850 \text{ if you're single or married filing separately} \end{array} \right\}$ **2** \$ _____

Instructions for Completing Form WH-4

This form should be completed by all resident and nonresident employees having income subject to Indiana state and/or county income tax.

Print or type your full name, Social Security number or ITIN and home address. Enter your Indiana county of residence and county of principal employment as of January 1 of the current year. If you neither lived nor worked in Indiana on January 1 of the current year, enter 'not applicable' on the line(s). If you move to (or work in) another county after January 1, your county status will not change until the next calendar tax year.

Nonresident alien limitation. A nonresident alien is allowed to claim only one exemption for withholding tax purposes. If you are a nonresident alien, enter "1" on line 1, then skip to line 7. All other employees should complete lines 1 through 7.

Lines 1 & 2 - You are allowed to claim one exemption for yourself and one for your spouse (if he/she does not claim the exemption for him/herself). If a parent or legal guardian claims you on their federal tax return, you may still claim an exemption for yourself for Indiana purposes. You cannot claim more than the correct number of exemptions; however, you are permitted to claim a lesser number of exemptions if you wish additional withholding to be deducted.

Line 3 - Dependent Exemptions: You are allowed one exemption for each of your dependents based on state guidelines. To qualify as your dependent, a person must receive more than one-half of his/her support from you for the tax year and must have less than \$4,300 gross income during the tax year (unless the person is your child and is under age 19 or under age 24 and a full-time student at least during 5 months of the tax year at a qualified educational institution).

Line 4 - Additional Exemptions. You are also allowed one exemption each for you and/or your spouse if either is 65 or older and/or blind.

Line 5 - Add the total of exemptions claimed on lines 1, 2, 3, and 4. Enter the total in the box provided.

Line 6 - Additional Dependent Exemptions. An additional exemption is allowed for certain dependent children that are included on line 3. The dependent child must be a son, stepson, daughter, stepdaughter, foster child, and/or child for whom you are a legal guardian.

Lines 7 & 8 - If you would like an additional amount to be withheld from your wages each pay period, enter the amount on the line provided. **NOTE:** An entry on this line does not obligate your employer to withhold the amount. You are still liable for any additional taxes due at the end of the tax year. If the employer does withhold the additional amount, it should be submitted along with the regular state and county tax withholding.

You may file a new Form WH-4 at any time if the number of exemptions **increases**. You must file a new Form WH-4 within 10 days if the number of exemptions previously claimed by you **decreases** for any of the following reasons:

- (a) you divorce (or are legally separated from) your spouse for whom you have been claiming an exemption or your spouse claims him/herself on a separate Form WH-4; or
- (b) someone else takes over the support of a dependent you claim or you no longer provide more than one-half of the person's support for the tax year.

Penalties are imposed for willingly supplying false information or information which would reduce the withholding exemption.

STAFF TECHNOLOGY ACCEPTABLE USE AND SAFETY

(Board Policy 7540.04)

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The School Board provides Technology Resources and Information Resources (as defined by Bylaw 0100) to support the educational and professional needs of its staff and students. The Board provides staff with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students and to facilitate the staff's work. The School Corporation's computer network and Internet system do not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Corporation Technology Resources and Information Resources by principles consistent with applicable local, State, and Federal laws, and the Corporation's educational mission. This policy, its related administrative guidelines and any applicable employment contracts and collective bargaining agreements govern the staffs' use of the Corporation's Technology Resources and Information Resources and staff's personal communication devices (PCDs) when they are connected to the Corporation's computer network, Internet connection and/or online educational services/apps, or when used while the staff member is on Corporation-owned property or at a Corporation-sponsored activity (see Policy 7530.02).

Users are prohibited from engaging in actions that are illegal (including but not limited to libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access) or unkind (including but not limited to personal attacks, invasion of privacy, injurious comment) when using Corporation Technology Resources and Information Resources. Because its Technology Resources are not unlimited, the Board also has instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Corporation Technology Resources and Information Resources (including but not limited to privacy in the content of their personal files, e-mails, and records of their online activity when using the Corporation's computer network and/or Internet connection).

Staff members are expected to utilize Corporation Technology Resources and Information Resources to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online educational services will be guided by Board Policy 2520 – Selection of Instructional Materials and Equipment.

The Internet is a global information and communication network that provides students and staff with access to up-to-date, highly relevant information that will enhance their learning and the education process. Further, Corporation Technology Resources provide students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

The Corporation may not be able to limit access technologically through its Technology Resources to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past, when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources which may not have been screened by educators for use by students of various ages.

The Board prohibits the sending, receiving, viewing, or downloading of materials that are harmful to minors on computers and other technology related devices owned or leased by the Corporation or connected to the Corporation's computer network.

Pursuant to Federal law, the Corporation has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act or I.C. 35-49-2-2. At the discretion of the Board or Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using Corporation Technology Resources if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures without express written consent of an appropriate administrator will be subject to disciplinary action, up to and including termination.

The Superintendent or designee may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material if access to such sites has been blocked inappropriately by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protective actions of the technology protection measures.

Staff members will participate in professional development programs in accordance with the provisions of law and this policy. Training shall include:

- A. the safety and security of students while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying and other unlawful or inappropriate activities by students online; and
- D. unauthorized disclosure, use, and dissemination of personally identifiable information regarding minors.

Furthermore, staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above, and staff members will monitor students' online activities while at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

Building principals are responsible for providing training so that users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Corporation Technology Resources. All users of Corporation Technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

Staff will be assigned a school email address that they are required to utilize for all school-related electronic communications, including those to students, parents, and other constituents, fellow staff members, and vendors or individuals seeking to do business with the Corporation.

With prior approval from the Superintendent or designee, staff may direct students who have been issued school-assigned email accounts to use those accounts when signing-up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the students for educational purposes under the teacher's supervision.

Staff members are responsible for good behavior on Corporation Technology and Information Resources, i.e., behavior comparable to that expected when they are in classrooms, in school hallways, on other school premises and at school-sponsored events.

Communications on Education Technology are often public in nature. The Board does not approve any use of its Technology Resources and Information Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines and Policy 7544 and its accompanying guidelines.

An employee's personal or private use of social media may have unintended consequences. While the Board respects its employees' First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the Corporation's mission, undermine staff relationships, or cause a substantial disruption to the school environment. This warning includes staff members' online conduct that occurs off school property including from the employee's private computer. Postings to social media should be done in a manner sensitive to the staff member's professional responsibilities.

General school rules for behavior and communication apply.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Technology Resources not authorized by this Board Policy and its accompanying guidelines.

The Board designates the Superintendent or designee as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members' use of Corporation Technology and Information Resources.

Social Media Use

In addition, Federal and State confidentiality laws forbid schools and their employees from using or disclosing student education records without parent consent (see Board Policy 8330). Education records include a wide variety of information, and posting personally identifiable information about students is not permitted. Staff members who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential student or employee information may be disciplined.

Nothing in this policy is intended to interfere with any school employee's rights under applicable law with respect to union organizing or collective bargaining.

This policy shall be posted on the Corporation's website.

USE OF SOCIAL MEDIA

(Board Policy 7544)

Technology is a powerful tool to enhance education, communication, and learning.

The School Board authorizes the use of social media to promote community involvement and facilitate effective communication with students, parents/guardians, staff and the general public. Social media is defined in Bylaw 0100.

The Superintendent is charged with designating the Corporation-approved social media platforms/sites.

It is critical that students be taught how to use social media platforms safely and responsibly. Social media (as defined in Bylaw 0100) are a powerful and pervasive technology that afford students and employees the opportunity to communicate for school and work purposes, and to collaborate in the delivery of a comprehensive education. Federal law mandates that the Corporation provide for the education of students regarding appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and regarding cyberbullying awareness and response. See Board Policy 7540.03 – Student Technology Acceptable Use and Safety.

The Corporation recognizes that employees may use social media for personal as well as professional reasons. The Corporation neither encourages nor discourages employees' use of social media for personal purposes. The Corporation regulates employees' use of social media for purposes related to their Corporation assignment to the same extent as it regulates any other form of employee communication in that regard.

The Corporation uses approved social media platforms/sites as interactive forms of communication.

Each Corporation-approved social media account/site must contain a statement that specifies its purposes(s) and limits those who access the social media account/site and use of the account/site for that/those purpose(s) and in accordance with any specified procedures and applicable terms of service. Users are personally responsible for the content of their posts.

Social Media for Instructional and School-Sponsored Activities

Staff (including Corporation-approved volunteers) may, with prior approval/authorization from the Superintendent or designee, use social media platforms/sites for class room instruction or school-sponsored activities. When a staff member uses a Corporation-approved social media platform/site for an educational purpose, it will be considered an educational activity and will not be considered a limited public forum. Students' use of Corporation-approved social media platforms/sites must be consistent with the Student Code of Conduct, Policy 5722/AG 5722 – School-Sponsored Student Publications and Productions, Policy 7540.03 – Student Technology Acceptable Use and Safety, the instructor's directions/procedures, and the platform/site's applicable terms of service. Students are prohibited from posting or releasing personally identifiable information about students, employees, and volunteers through Corporation-approved social media without appropriate consent.

Staff members must provide parents of students involved in a school-sponsored activity the ability to opt-out of having their child use social media platforms/sites for communication purposes associated with that activity, and arrange for an alternative method of communicating with the participating student concerning the school-sponsored activity.

Expected Standards of Conduct on Corporation-Approved Social Media

Employees who access Corporation-approved social media platforms are expected to conduct themselves in a respectful, courteous, and professional manner. Students, parents, and members of the general public who access Corporation-approved social media platforms similarly are expected to conduct themselves in a respectful, courteous, and civil manner.

Corporation-approved social media sites shall not contain content that is obscene; is vulgar and lewd such that it undermines the school's basic educational mission; is libelous or defamatory; constitutes hate speech; promotes illegal drug use; is aimed at inciting an individual to engage in unlawful acts or to cause a substantial disruption or material interference with Corporation operations; or interferes with the rights of others. The Corporation may exercise editorial control over the style and content of student speech on Corporation-

approved social media if reasonably related to legitimate pedagogical concerns. Staff or students who post prohibited content shall be subject to appropriate disciplinary action.

The Corporation is committed to protecting the privacy rights of students, parents/guardians, staff, volunteers, Board members, and other individuals on Corporation-approved social media sites. Corporation employees are prohibited from posting or releasing confidential information about students, employees, volunteers, or Corporation operations through social media without appropriate consent (i.e., express written consent from the parent of a student, the affected employee or volunteer, or the Superintendent concerning Corporation operations).

Corporation communications that occur through the use of Corporation-approved social media platforms/sites – including staff members' use of social media with school-sponsored activities and comments, replies, and messages received from the general public – may constitute public records or student records, and all such communications will be maintained (i.e., electronically archived) in accordance with the Board's adopted record retention schedule and all applicable State statutes. (See AG 8310A – Public Records).

If a staff member uses Corporation-approved social media platforms/sites in the classroom for educational purposes (i.e., classroom instruction), the staff member must consult with the Principal concerning whether such use may result in the creation of public and/or education records that must be maintained (i.e., electronically archived) for a specific period of time.

Employee's Use of Corporation Technology Resources to Access Social Media for Personal Use

Employees are prohibited from using Corporation technology resources (as defined in Bylaw 0100) to access social media for personal use during work hours.

They are reminded that the Corporation may monitor their use of Corporation technology resources.

Employees are permitted to use personal communication devices to access social media for personal use.

Employees are prohibited from posting or engaging in communication that violates State or Federal law, Board policies, or administrative guidelines. If an employee's communication interferes with his/her ability to effectively perform his/her job or violates State or Federal law, Board policies, or administrative guidelines, the Corporation may impose disciplinary action and/or refer the matter to appropriate law enforcement authorities.

This policy will be reviewed and updated as necessary.

If an individual has any questions concerning whether this policy and/or its related administrative guidelines apply to him/her or how they apply to him/her, the individual should contact the Corporation's Technology Director or Information Technology Department/Office.

The Board authorizes the Superintendent to develop administrative guidelines that set forth the internal controls necessary to provide for the collection, classification, retention, access, and security of Corporation Data/Information. Within the established administrative guidelines, the Superintendent will determine a method for maintaining a repository of cybersecurity incidents.

Further, the Superintendent is authorized to develop procedures that would be implemented in the event of an unauthorized release of data/information. These procedures shall comply with the Corporation's legal requirements if such a breach of personally-identifiable information occurs.

The Superintendent shall require the participation of staff members in appropriate training related to the internal controls pertaining to the data/information that they collect, to which they have access, and for which they would be responsible for the security protocols.
