

PRESCRIPTION MEDICATION AUTHORIZATION 2024

Please take this form to your child's healthcare provider for completion. Use a separate form for each prescription medication.

Medications may be administered only with authorization by a licensed primary care provider and written consent from the parent/guardian. The parent/guardian is responsible for obtaining the authorization of the primary care provider as well as providing the specific medication to be administered to the school nurse. All information and supplies needed for the proper administration of the medication and a current form must be on file at camp. We suggest that parents obtain this authorization at the time of the annual physical and/or prior to the start of the summer. Medication requests must be renewed annually. Any changes to dosage or frequency require a new form including the signature of the primary care provider.

Medication Authorization/ Primary Care Provider's Order

(To be completed by the Licensed Primary Care Provider)

Camper Name: _____ Grade: _____ Date of Birth: _____ Gender: M F

Date of Order: _____ Order Expires (check one): End of School Year End of Summer ____/____/____
