

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high-quality instruction
- Share strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe, and participate in the classroom

Jointly Developed

The parents, students, and staff of Whitney Elementary School developed this School-Parent Compact for Achievement. Teachers suggested home learning activities, parents added ideas to improve connections between home and school, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs. Parent, teacher, and student surveys are completed and analyzed each year to help the school identify the needs of our students and families.

Parents are welcome to contribute comments at any time.
