10 Reasons Why IB?

Why the current generation should study IB curriculum?

- Critical Thinking & Open-mindedness**
 Encourage students of all ages (PYP, MYP & DP) to think critically and challenge assumptions. IB programmes incorporate quality practice from national and international research and the IB global community. They encourage students to be internationally-minded, within a complex and hyper-connected world.
- Global Citizen**
 Develop independence of government and national systems, incorporating quality practice from research and our global community of schools. An education system that is futuristic, advanced and well connected across disciplines & real life.
- Learning With Relevance**
 Encourage students of all ages to consider both local and global contexts, get engaged with learning that is more meaningful and insightful. Aims to develop more globally aware individuals, who look at the issues through the ethical lenses.
- Character Building**
 IB develops resilient students, who learn and develop a diverse series of opportunities for cultures and histories of their own and others. They learn to practice understanding and respect for self and others and understand that other people with their differences could also be right.
- Success for all IB Learners are motivated to succeed**
 IB programmes are Concept driven, Child Centric, Inclusive in nature. Provides a great focus on differentiation for all learners. Helps every child develop their strengths and overcome their weaknesses. Makes them a life long learner.
- Responsible Learners**
 Throughout all IB programmes, students develop approaches to learning skills and the attributes of the IB learner profile. Students strive to take responsibility for their own learning and understand how knowledge itself is constructed. They are encouraged to try different approaches to learning and to take responsibility for their own educational progress.
- Inquiry Based Education**
 IB programmes help students:
 - Ask challenging questions
 - Think critically
 - Develop research skills proven to help them in higher education.
 - Global recognition
- Service**
 IB programmes encourage students to be active in their communities and to take their learning beyond academic study. "IB learners strive to be caring members of the community who demonstrate a personal commitment to service, and act to make a positive difference to the lives of others and to the environment"
- Holistic Development**
 Subjects are not taught in isolation but with an approach to make interconnection. Develops skills that are key to success: Research skills, Self Management Skills, Social Skills, Communication Skills & Thinking Skills
- Academic Integrity**
 IB learners strive to be principled; they act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere.
- Personal & Social Integrity 'Academic Honesty'**
 IB learners strive to be principled; they act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere.
