Dear Parents/Guardians,

We seek a strong partnership with families to balance successful learning experiences with protecting your child's privacy and personal information. In order for the Penn Manor School District to provide students with quality learning resources, our schools use websites operated by third parties. In order for our students to use these website services, certain personally identifying information must be provided to the website operators.

Under federal law titled [Children's Online Privacy Protection Act \(COPPA\)](#), websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. The law permits school districts to consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the website. A list of the educational websites used in various Charleroi Area School District classrooms [is available here](#). Each resource found on this page contains a link to a privacy policy, which describes how that website collects and uses student data. As curriculum and technology change, Charleroi Area School District reviews and updates the list of websites. Please check back periodically for the most updated information.

If you **do not want** your student to access a website resource, please complete and email this form to your child's principal. If at any time during the school year you would like to rescind your decision, you must contact your child's building principal.

I confirm that I have read and understand the following:

By completing and submitting this form I am requesting my child to not use the third party websites listed below. I acknowledge the submission of this form may significantly limit my child's use of educational software and associated learning materials.

Student Name: _____ Student ID Number: _____ Grade: _____

Please list the website(s)

Parent/Guardian Signature: _____ Date: _____
