To Whom It May Concern,

We are pleased to be offering Employee Assistance Program (EAP) services to Hancock County School staff. An EAP is a work-based intervention program designed to identify and assist employees in resolving personal problems that might include (but are not limited to) marital, financial, emotional, or family issues. Your employer has authorized up to 12 sessions of coverage for your counseling needs, provided at no cost to you.

We have five offices throughout Western Kentucky and you are welcome to use any of these offices for your convenience. The closest one to you is likely our Owensboro office, located at 920 Frederica St. Suite 406. The number to call to schedule your appointment there is 270-689-0073. Please tell the receptionist you are calling in from Hancock County Schools EAP when you schedule. If you wish to utilize another office, the phone numbers for each office are located at the bottom of this letter. In addition, please visit our website at www.lcsinc.org for any questions you may have before your visit. If you prefer a specific therapist, you are welcome to request them when you call for an appointment.

We look forward to working with you!

Stephanie Montgomery, LPCC 
Chief Clinical Director
