December 21, 2023

Citizens of Orland School District 135
Members of the Board of Education
Orland School District 135
Orland Park, Illinois 60462

The Illinois State Board of Education requires that every school district issue a complete set of audited financial statements. This report is published to fulfill that requirement for fiscal year end June 30, 2023.

The Comprehensive Annual Financial Report of Orland School District 135, Orland Park, Illinois, for the fiscal year ended June 30, 2023 is submitted herewith. The audit was issued on December 21, 2023.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Sikich LLP, Certified Public Accountants, have issued an unmodified (“Clean”) opinion on the Orland School District 135 financial statements for the fiscal year ended June 30, 2023. The independent auditors’ report is located at the front of the financial section of this report.

This report has been divided into three major areas; the Introductory, Financial, and Statistical. Contained within the “Introductory” section the reader will find such items as the transmittal letter and table contents. The Financial section will have management’s discussion and analysis (MD&A), the auditor’s opinion on the financial statements, footnote disclosures, and then the financial statements. Management’s discussion and analysis immediately follows the independent auditors’ report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it. The last area of this report is the Statistical section. This section will provide various data schedules that support the financial section. When applicable, some data schedules will provide a ten-year history.

Profile of the District

The mission of Orland School District 135 is that, in a safe environment, all students will be prepared to meet the challenges of the future.

The District is an elementary (K-8) school district in Orland Park, Illinois, which operates as a single district, with an enrollment of 5,161 students. The governing body consists of a seven member Board of Education elected from within the District's boundaries. According to the Illinois School Code, the Board of Education:

- a. has the corporate power to sue and be sued in all courts,
- b. has the power to levy and collect taxes and to issue bonds,
- c. can contract for appointed administrators, teachers, and other personnel, as well as for goods and services.
- d. holds title to all District property, and
- e. appoints the Treasurer who serves as legal custodian of all the District's funds.

The Board of Education appoints a superintendent who, in turn, recommends to the Board of Education the appointment of the remaining administrative team. An organizational chart is provided at the front of this report.

The District is required to adopt an annual budget for all its funds by September 30 of each year. The annual budget serves as a foundation for financial planning and control. The budget is prepared by fund, function (e.g., instruction, support services), location, program, and object (e.g., salaries, employee benefits). The Board of Education approves the hiring of employees, awarding of bids, and payments to vendors at its regular meetings throughout the year.

The primary purpose of the Board of Education is to provide each student living within the District's boundaries the educational opportunities necessary to be a productive citizen in our democratic society. There are four basic purposes to public education, which are as follows:

1. Education is the concern of all the people, hence it becomes the function of the state and local community.
2. Public schools are designed to allow each individual to develop to his/her maximum potential in order to be a contributing member of a democratic society.
3. Equal educational and extracurricular opportunities shall be available for all students without regard to race, color, national origin, gender, religious beliefs, physical and mental handicap or disability, pregnancy, or actual or potential marital or parental status. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of gender or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities.
4. Public education should transmit the highest ideals of our culture to each succeeding generation and to instill in each individual the desire to pursue learning as a lifelong activity. The entire District staff is involved in correlating the local objectives to the Common Core State Learning Standards. The state assesses the learning standards in given grades for Mathematics and English Language Arts through the Illinois Assessment of Readiness Assessment (IAR). The Illinois Assessment of Readiness is the state assessment and accountability measure for Illinois students enrolled in a public school district. IAR assesses the New Illinois Learning Standards incorporating the Common Core and

will be administered in English Language Arts and Mathematics. The District also uses local assessments at all grade levels. The local learning objectives and assessments correlate with the state program, thus measuring student progress from PreK-8 grades. The majority of students continue to perform above state averages. Orland School District 135 students continue to achieve above state and national averages.

Each of our ten schools employs a school improvement process, focusing on the areas of leadership, professional development, instruction, assessments, and community and family engagement. Utilizing data as collected through the IAR and other progress monitoring assessments, differentiated instruction is developed to meet the needs of our learners throughout a full learning continuum and multi-tiered system of support.

In addition to the regular, special and enriched programs of study, District 135 also provides a strong fine arts program that includes art, music, foreign language, and technology. At the intermediate and junior high levels, band, orchestra, and theater opportunities abound. Additionally, the school district has a comprehensive extra-curricular program that includes intramurals, inter-scholastic sports, and clubs, such as student council, art, and chess club to complement the educational experience.

In closing, the Board of Education of Orland School District 135 offers one of the most comprehensive educational programs in the south suburban area. Consistently, the Board of Education has allocated timely and accurate resources for the programming needs of the educational community.

Local Economy

Orland School District 135 is located in Cook County, Illinois, approximately 25 miles southwest of Chicago's "Loop" and includes most of the villages of Orland Park and Orland Hills and unincorporated land to the south and to the west. The District contains approximately 25 square miles of land. The estimated population of the District is 57,511. The combined assessed valuation of industrial and commercial property averaged over 31% percent of the total property valuation within the School District which lessens the property tax burden on residential homeowners.

The equalized assessed valuation (EAV) for tax year 2022 decreased by 1.6% to \$2,174,952,619 from the 2021 EAV of \$2,211,000,304.

In February 1995, the Illinois General Assembly passed tax cap legislation (P.L. 89-1) for Cook County making it retroactive to the 1994 tax year. This legislation, known as the Property Tax Extension Limitation Law Act, limits the District's ability to generate property tax revenues. In addition to P.L. 89-1, the Illinois General Assembly amended Article 20, which limits the amount of debt service taxes a district can generate through the sale of non-referendum bonds to the district's 1994 aggregate non-referendum debt service amount.

In order for a District to increase its property tax rates, a referendum question would need to be put to the voters.

For information regarding the District's financial position and respective changes in financial position, please read the Management's Discussion and Analysis on pages 3 – 12.

Long-Term Financial Planning

The District continues to be fiscally prudent. Key areas of focus are property tax refunds, inflation, unfunded mandates, expanding needs with a variety of student population, increasing health care costs, and pension reform. The District will continue to explore reducing expenditures where possible and focus its efforts on cost avoidance including the condensing of transportation services. The District's student population has fluctuated over the last ten years, but maintains an average student body of approximately 5,000 students annually. This stability in student population helps with planning for services. While there is wide range in the age of the District's buildings, all them have been maintained well and require little capital improvements.

District finances are monitored through such means as monthly finance reports to the Board of Education, the annual budget process, and long-term financial projections. The Board of Education established a Board Advisory Finance & Operations Committee. The Chairperson sets an agenda for the Committee. Agenda items include discussions on all major District revenues, expenses, investment practices and policies, and practices related to the management of District finances. The C through discussions shapes strategic directions for finance and monitors all policies related to the financial administration of District 135. The Committee of the Whole provides guidance to management on the financing of strategic initiatives and District goals.

Relevant Financial Policies

Budget planning is an ongoing process throughout each fiscal year. The proposed budget shall be available for public inspection and comment at least 30 days before the budget hearing. The adopted budget shall be posted on the District's website and filed with the Cook County Clerk's office within 30 days of adoption. The Board of Education may amend the budget by following the same procedure as provided for in the original adoption.

The Board of Education shall act on all expenditures, inter-fund loans and transfers, transfers within funds in excess of 10 percent of the total fund, and all contingency fund expenditures.

The certificate of property tax levy is to be filed with the Cook County Clerk's office by the last Tuesday in December. The District annually publishes a statement of affairs regarding its financial position by December 1.

Major Initiatives

Goals and Five Phase Planning:

The administration and the Board of Education have prioritized district initiatives through the development of a vision statement and established goals. The resulting Five Phase Plan focuses on the implementation of the following instructional practices for students:

1. Improve Student Achievement by maintaining exemplary curriculum aligned to the Common Core Standards that fosters each child's growth, ensuring continuous progress based on data analysis, and encouraging an innovative environment that will foster twenty first century learners.
2. Improve Fiscal Responsibility by developing a plan that supports the five-phase plan and communicates our children's educational needs to the community.
3. Ensure Students Have Quality Educators who utilize and support innovative and research-based teaching practices through the implementation of the new teacher evaluation system.
4. Strengthen Communication and Connections among families, staff, students, and community members to build universal support and achieve education excellence.

5. Integrate technology in the classroom that will foster meeting the needs of our students today and into the future.

Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated service of the entire Business Office staff. We wish to express our appreciation to all members of the Business Office department who assisted and contributed to the preparation of this report. Also, credit must be given to the members of the Board of Education for their desire and commitment to maintain the highest standards of professionalism in the management of Orland School District 135's finances.

Respectfully submitted,

 12/21/2023

Mr. Scott Beranek
Director of Finance

INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Orland School District #135
Orland Park, Illinois

Report on Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Orland School District #135 (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Orland School District #135, as of June 30, 2023, and the respective changes in financial position, thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also issued a report dated December 21, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Sikich LLP

SIKICH.COM

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Education
Orland School District #135
Orland Park, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Orland School District #135 (the District), as of and for the year ended June 30, 2023, and the related notes to financial statements, which collectively comprise the District’s basic financial statements and have issued our report thereon dated December 21, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**GENERAL PURPOSE EXTERNAL
FINANCIAL STATEMENTS**

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2023

As management of the Orland School District 135 (the "District"), we offer readers of the District's Comprehensive Annual Financial Report this narrative and analysis of the financial activities of the District for the fiscal year ended June 30, 2023. Please read it in conjunction with the transmittal letter found in the introductory section and with the District's financial statements, including detailed information provided in the notes to the financial statements.

Financial Highlights

- Assets and deferred outflows of resources of the District exceeded liabilities and deferred inflows of resources at the close of fiscal year 2023 by \$26,143,108 (Total Net Position). Of this amount, (\$7,282,668) represents unrestricted net position, the negative unrestricted net position is largely due to the implementation of GASB S-75 which was implemented for the fiscal year ended June 30, 2019.
- Total net position of the District increased by \$11,579,142 during fiscal year 2023, from \$14,563,966 to \$26,143,108
- The June 30, 2023 Long Term Debt balance included \$17,461,679 of Net Pension Liability and \$11,769,127 of Net OPEB Liability.
- Fund balance of the District's governmental funds increased by \$12,811,433 from \$60,784,297, resulting in an ending fund balance of \$73,595,730. Of this amount \$38,278,242 is unassigned and available.
- During the current fiscal year, the fund balance in the District's General Fund (Educational Account, Maintenance and Operations Account, and Working Cash Account) increased by \$5,196,658 from \$52,281,679 to \$57,478,337.

Overview of the Financial Statements

Management's Discussion and Analysis (MD&A) is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Government-wide financial statements

The government-wide financial statements are designed to provide the reader of the District's Comprehensive Annual Financial Report a broad overview of the financial activities in a manner similar to a private sector business. The statement of net position includes all of the District's assets, deferred outflows, liabilities and deferred inflows. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The statement of net position presents information about all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources as reported using the accrual basis of accounting. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the net position of the District changed during the current fiscal year. Changes in net position are recorded in the statement of activities using the accrual basis of accounting.

The accrual basis of accounting is described in the notes to the financial statements.

Both of the government-wide financial statements distinguish functions of the District that are supported from taxes and intergovernmental revenues (governmental activities). Governmental activities consolidate governmental funds including general, special revenue, debt service, and capital projects funds.

Fund Financial Statements

Fund financial statements are designed to demonstrate compliance with finance-related requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific objectives. Fund financial statements for the District include governmental funds and fiduciary funds.

Governmental funds account for essentially the same information reported in the governmental activities of the government-wide financial statements. However, unlike the government-wide statements, the governmental fund financial statements focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financing requirements in the immediate future.

Since the governmental funds and the governmental activities report information using the same functions, it is useful to compare the information presented. Because the focus of each report differs, reconciliation is provided on the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

The District's major governmental fund is the General Fund (Educational Account, Operations and Maintenance Account and Working Cash Account). The remaining funds, considered non-major governmental funds, are combined into the column titled Non-major Governmental Funds. They consist of the Transportation, Municipal Retirement/Social Security, Debt Service, Capital Projects and Fire Prevention and Safety Funds.

The District adopts an annual budget for each of the governmental funds. Budgetary comparison schedules for the General Fund are included in the required supplementary information section of this report to demonstrate compliance with the adopted budget. The remaining governmental funds budgetary comparisons are reported in the other supplementary financial information section of this report.

Notes to the Financial Statements

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its non-certified employees.

Government-Wide Financial Analysis

Net Position: The District's combined net position on June 30, 2023 compared to the prior year increased to \$26,143,108, due mainly to decreased net pension liabilities.

The District continues to experience a strong financial position, as supported by Standard & Poor's bond rating of AA+.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS (CONTINUED)

The assets and deferred outflows of resources of the District’s activities exceeded liabilities and deferred inflows of resources by \$26,143,108, with an unrestricted balance of (\$7,282,668). Total net position of the District does not include internal balances.

Condensed Statement of Net Position

	Government-Wide Activities	
	2023	2022
Assets:

Total net position	<u>26,143,108</u>	<u>14,563,966</u>

Changes in Net Position: The District's total revenues were \$116,499,554 (See table below). Property tax revenues accounted for most of the District's revenue, contributing almost 63 cents of every dollar raised. Approximately 34 cents came from a combined total of operating grants and contributions, charges for services and general state aid. The category “other” provides about 1 cent of the total revenues. This was from interest income, and the remainder from fees charged for services and other miscellaneous sources.

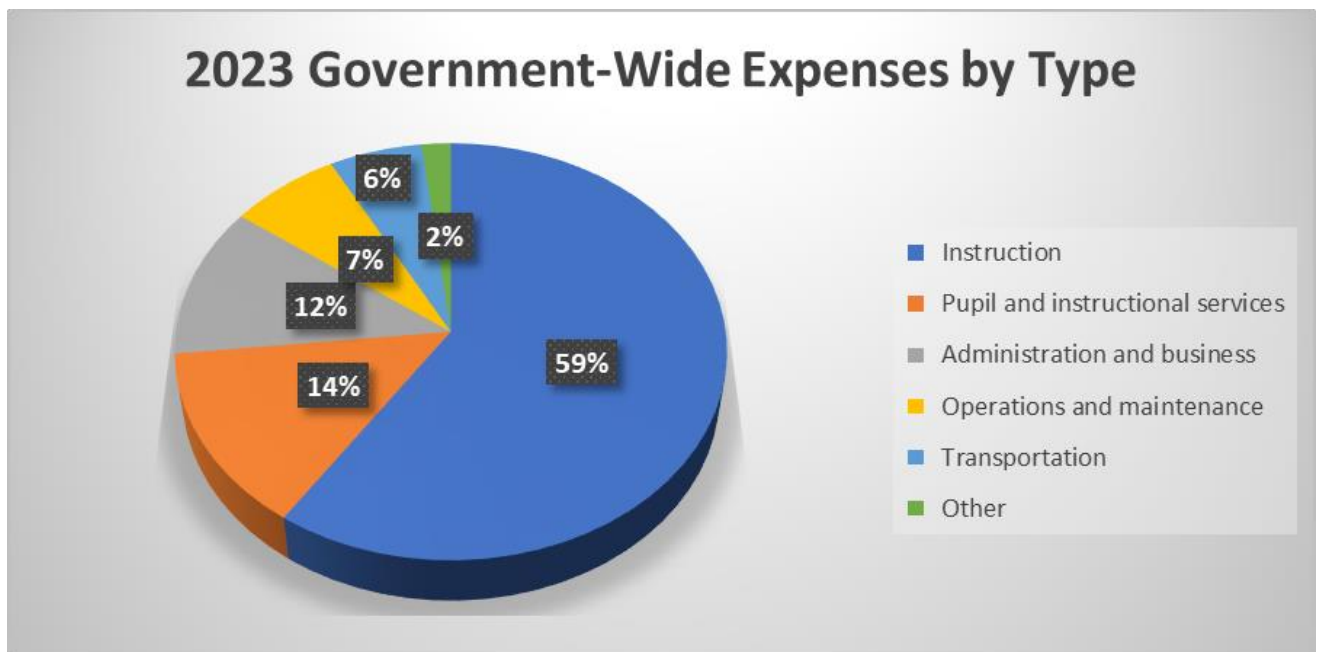

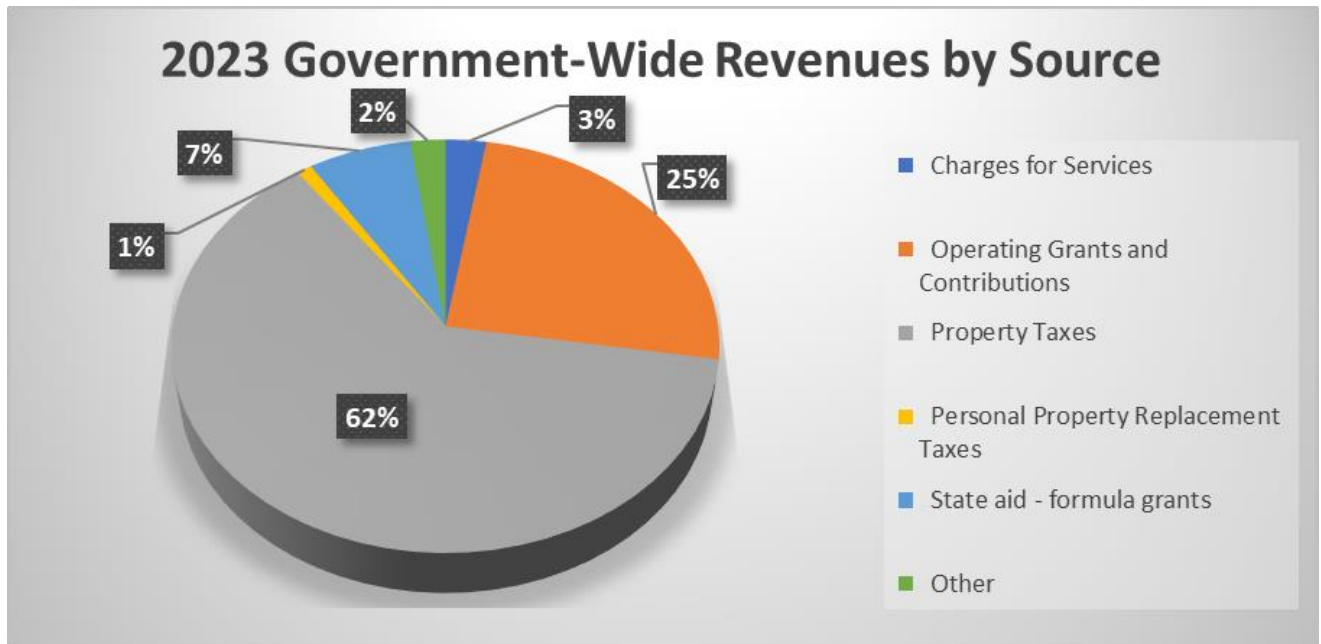

The total cost of all programs and services was \$104,920,412. The District's expenses are predominantly related to instructing, caring for (pupil services) and transporting students (79 percent). The District's administrative, business activities, operation and maintenance accounted for 19 percent of total costs.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS (CONTINUED)

Total revenues surpassed expenses, increasing net position by \$11,579,142 over last year.

MANAGEMENT’S DISCUSSION AND ANALYSIS (CONTINUED)

Governmental Activities

Revenues for the District's governmental activities were \$116,499,554 and total expenses were \$104,920,412, resulting in an increase in net position of \$11,579,142.

The table below represents the cost of six major District activities: Instruction, Pupil and Instructional Services, Administration and Business, Operations and Maintenance, Transportation, and Other. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the District's taxpayers by each of these functions.

	Net Cost of Governmental Activities	
	Net Cost of Services	Net Cost of Services
	FY23	FY22
Instruction	40,237,219	36,020,160
Pupil and instructional services	10,898,340	9,499,667
Administration and business	8,788,580	8,371,148
Operations and maintenance	7,457,190	4,850,053
Transportation	3,831,658	3,783,627
Other	1,641,910	1,451,535
Total	72,854,897	63,976,190

Financial Analysis of the District’s Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance- related legal requirements.

The focus of the District’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s new resources available for spending at the end of the fiscal year.

The District continues to use the modified accrual basis of accounting. Management believes that reporting on the modified accrual basis gives the reader a more accurate reporting of the District's financial position.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

The Illinois State Board of Education has developed the "School District Financial Profile" to help monitor the finances of school districts. The profile indicators that are weighted and measured are:

- Fund Balance to Revenue Ratio
- Expenditure to Revenue Ratio
- Days Cash on Hand
- Percent of Short-Term Borrowing Ability Remaining.

The indicators are processed against the Operating Funds, which are a combination of the Education Fund, the Operation & Maintenance Fund, the Transportation Fund, the Working Cash Fund and IMRF/FICA Funds.

For fiscal year 2023, the District is expected to receive, a Total Profile Score of 4.00. The sum of all balances in the Operating Funds for fiscal year 2023 is 95% of the sum of the revenues in these same funds.

As of the end of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$73,595,730, an increase of \$12,811,433 in comparison with the totals from fiscal year 2022.

The General Fund unreserved fund balance has increased by approximately 60 percent from the prior year's unreserved fund balance. The remainder of the fund balances are restricted, including \$5,593,913 of operation and maintenance funds in the General Fund, and \$16,117,393 in the Non-Major Governmental Funds (Debt Service, Municipal Retirement/Social Security, Capital Projects, and Transportation). \$13,606,182 has been assigned for working cash purposes.

This variation satisfies the District's expectations, as no major changes were made to the District's revenue recognition or expenditure policy.

General Fund Budgetary Highlights

The District's final budget for the General Fund (Educational Account, Operations and Maintenance Account, and Working Cash Account), not including Other Financing Uses, anticipated that revenues would exceed expenditures by approximately \$1,902,000; however, the actual reports for the year show revenues exceeding expenditures by \$5,156,882 for a net budget surplus of \$3,380,832.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
MANAGEMENT’S DISCUSSION AND ANALYSIS (CONTINUED)

Capital Assets and Debt Administration

Capital Assets

The District’s investment in capital assets for its governmental activities as of June 30, 2023 amounted to \$24,873,005 (net of accumulated depreciation). This investment in capital assets included land, improvements, buildings, equipment, and transportation equipment. Total depreciation expense for the year was approximately \$2.4 million.

	Capital Assets (net of accumulated depreciation)	
	2023	2022
Land	458,880	458,880
Land Improvements	848,690	992,435
Buildings	21,492,996	23,161,388
Equipment	2,072,439	1,893,819
Total Capital Assets	24,873,005	26,506,522

Long-term Liabilities

At June 30, 2023, the District had long-term bonded debt outstanding of \$13,010,000 backed by the full faith and credit of the District. Other long-term liabilities outstanding is as follows:

	Long-Term Liabilities	
	2023	2022
Bonds Payable	13,010,000	6,755,000
Bond Premiums	607,416	163,670
Leases Payable	1,264,873	1,030,530
Compensated Absences	467,396	477,269
Other Postemployment Benefits	11,769,127	37,462,984
Net Pension Liability	17,461,679	3,391,829
Other	548,929	695,610
Total Long-Term Liabilities	45,129,420	49,976,892

Economic Factors and Next Year's Budget

All currently known facts and economic conditions were considered in preparing the District's 2024 budget. The Board of Education approved the 2024 District Budget on September 11, 2023 with the assumption that tax revenue may increase due to a high CPI rate, and there would be a decrease in Corporate Personal Property Replacement Tax (CPPRT) revenue. The District anticipates increased revenue from the Districts *STARS* child-care program that began in fiscal year 2021.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

The District continues to be an entity dependent on local revenue sources. For fiscal year 2023, over 87% of all revenue is from local sources; 63% is from property taxes alone. The Property Tax Extension Limitation Law (PTELL) was added in Cook County for the 1994 levy year. The law was designed to limit the increases in property tax extensions (total taxes billed) for non-home rule taxing districts. The District has an outstanding property tax base; however, PTELL has, in effect, made that base inaccessible.

Although the law is commonly referred to as “tax caps,” use of this phrase can be misleading. The PTELL does not “cap” either individual property tax bills or individual property assessments. Instead, the PTELL allows a taxing district to receive a limited inflationary increase in tax extensions on existing property, plus an additional amount for new construction.

The Evidence Based Funding Formula works in a way that keeps the funding level for school districts with a strong tax base very flat. It is projected that the District will again receive approximately \$4.5 million in Evidence Based Funding next fiscal year according to Public Act 100-0465.

In fiscal year 2023, the District sold bonds in the amount of \$7,875,000 for the purpose of increasing the working cash fund.

The Illinois State Board of Education system for assessing a school district's financial health is called the Financial Profile. The District has received a perfect 4.0 score from the Illinois State Board of Education for the District's Financial Profile. This score places the District in the highest category for financial strength, labeled “Financial Recognition.”

The District is aware of the following factors that may affect its future financial health:

- The lack of consistent on-time payments from the State of Illinois and Cook County.
- Employment contracts with mandatory financial obligations.
- Property tax appeals leading to assessment reductions and eroding District property tax collections or EAV.
- The continued deterioration of the financial condition of the statewide Teachers Retirement System (TRS) and the threat of the normal cost for the pension system being passed on to the District.
- The inability of lawmakers to address the State's financial dilemmas continues to create future financial uncertainty for school districts, of which the District is not immune.

RECONCILIATION OF FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF NET POSITION

June 30, 2023

FUND BALANCES OF GOVERNMENTAL FUNDS	\$ 73,595,730
Amounts reported for governmental activities in the statement of net position are different because:	
Net capital assets used in governmental activities and included in the statement of net position do not require the expenditure of financial resources and, therefore, are not reported in the governmental funds balance sheet	24,873,005
Differences between expected and actual experiences, assumptions changes, net differences between projected and actual earnings and contributions subsequent to the measurement date for the Teachers' Retirement System of the State of Illinois are recognized as deferred outflows of resources and deferred inflows of resources on the statement of net position	
Deferred outflows of resources	425,573
Deferred inflows of resources	(916,064)
Differences between expected and actual experiences, assumptions changes, net differences between projected and actual earnings and contributions subsequent to the measurement date for the Illinois Municipal Retirement Fund are recognized as deferred outflows of resources on the statement of net position	
Deferred outflows of resources	6,425,063
Differences between expected and actual experiences and assumption changes for the OPEB plan are recognized as deferred outflows of resources and deferred inflows of resources on the statement of net position	
Deferred outflows of resources	1,267,360
Deferred inflows of resources	(1,016,362)
Differences between expected and actual experiences, assumptions changes, net differences between projected and actual earnings and contributions subsequent to the measurement date for the Teachers' Health Insurance Security Fund are recognized as deferred outflows of resources and deferred inflows of resources on the statement of net position	
Deferred outflows of resources	807,830
Deferred inflows of resources	(34,108,078)
Interest on long-term liabilities accrued in the statement of net position will not be paid with current financial resources and, therefore, is not recognized in the governmental fund balance sheet	(81,529)
Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period and, accordingly, are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the statement of net position	
General obligation bonds	(13,010,000)
Unamortized bond premium	(607,416)
Self-insured claims	(548,929)
Compensated absences	(467,396)

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2023

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 12,811,433

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceed depreciation expense in the current period

Capital asset additions	735,886
Depreciation expense	(2,367,400)
Loss on disposal	(2,003)

Some revenues and expenses reported in the statement of activities do not provide (use) current financial resources and therefore are not reported in the governmental funds

State proportionate share contribution revenue - TRS and THIS	3,663,413
State proportionate share expense - TRS and THIS	(3,663,413)

The change in the Teachers' Retirement System of the Sate of Illinois net pension liability and deferred outflows/inflows of resources are not a source or use of financial resources

813,185

The change in the Illinois Municipal Retirement Fund net pension liability and deferred outflows/inflows of resources are not a source or use of financial resources

(1,205,964)

The change in the net OPEB liability and deferred outflows of resources are not a source or use of financial resources

2,855,908

The change in the Teachers' Health Insurance Security Fund total OPEB liability and deferred outflows/inflows of resources are not a source or use of financial resources

4,779,655

The issuance of long-term bonds payable is reported as on other financing source in governmental funds but as an increase of principal outstanding in the statement of activities

(7,875,000)

Governmental funds report the effects of lease payables when the debt is first issued, whereas these amounts are amortized in the statement of activities

(678,263)

The repayment of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal on the government-wide financial statements

2,063,920

Changes in long-term debt amounts are reported only in the statement of activities

Bond premium/interest payable	(508,769)
Claims payable	146,681
Compensated absences	9,873

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES \$ 11,579,142

See accompanying notes to financial statements.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

June 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Orland School District #135 (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

a. Nature of Operations

The District Board of Education (the Board) is the level of government that has governance responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the District. The Board receives funding from local, state and federal government sources and must comply with requirements of these funding source entities. Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. Based on these criteria, the District is considered a primary government and there are no other organizations or agencies whose financial statements should be combined or discretely presented with these basic financial statements.

b. Reporting Entity

GAAP requires that the financial reporting entity include (1) the primary government, (2) organizations for which the primary district is financially accountable and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided by governmental accounting standards have been considered and there are no agencies or entities which should be presented with the District.

c. Fund Accounting

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Fund Accounting (Continued)

Funds are classified into the following categories: governmental and fiduciary.

Governmental funds are used to account for all or most of the District's general activities, including the collection and disbursement of restricted or committed monies (special revenue funds), the funds committed, restricted or assigned for the acquisition or construction of capital assets (capital projects funds), the funds committed, restricted or assigned for the servicing of long-term debt (debt service funds) and the management of funds held in trust where the interest earnings can be used for governmental services (permanent fund). The General Fund is used to account for all activities of the general government not accounted for in some other fund. The District has no permanent funds.

The District reports the following major governmental fund:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund. The District uses three departmental accounts to summarize its operating fund activities: the Educational Account, the Operations and Maintenance Account and the Working Cash Account.

d. Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of material interfund activity other than interfund sales and services has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support. The District has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and shared revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Indirect expenses not allocated to functions are reported separately. Interest on general long-term debt is considered such an indirect expense. Depreciation expense is specifically identified by function and is included in the direct expenses of each function.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (90 days is used for pledged donations). The District recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related liability is incurred.

Principal and interest on general long-term debt are recorded as expenditures become due.

Those revenues susceptible to accrual are property taxes, charges for services, intergovernmental and interest on investments.

The District reports unearned and unavailable revenue on its financial statements. Unavailable revenues arise when potential revenue does not meet the available criteria for recognition in the current period for governmental funds. Unearned revenues also arise when resources are received by the District before it has legal claim to them as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met, or when the District has a legal claim to the resources by meeting all eligibility requirements, the liability for unearned revenue is removed from the financial statements and revenue is recognized. Unavailable revenue results from property taxes being levied and reported as a receivable before the period for which the taxes are levied.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Cash and Investments

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, cash in depository accounts and short-term, highly liquid investment instruments with original maturities of three months or less from the date of acquisition, which are stated at cost.

Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

g. Property Taxes

Property taxes are recognized as a receivable at the time they are levied, and the current taxes receivable represent the 2022 levy and prior levies still uncollected, if any.

Property taxes are levied in December of each year and attach as an enforceable lien on the property as of the preceding January 1. The original 2022 tax levy was adopted on December 12, 2022. Property taxes are collected by the Cook County Collector, who in turn remits to the District its respective share. Taxes levied in one year become due and payable by the taxpayers in two installments in March and September during the following year. The District considers that the first installment of the 2022 tax levy is intended to finance operations in fiscal year 2023. The District has determined that the second installment of the 2022 tax levy is used to finance operations in fiscal year 2024 and has deferred the corresponding receivable.

The 2023 tax levy, which attached as an enforceable lien on property as of January 1, 2023, has not been recorded as a receivable as of June 30, 2023 as the tax has not yet been levied by the District and will not be levied until December 2023 and, therefore, the levy is not measurable at June 30, 2023.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Property Taxes (Continued)

The tax rate limits and the actual certified rates levied per \$100 of assessed valuation follows:

	Maximum rate 2022 levy	Rate 2022 levy
Educational	As needed	2.9090
Building (operations and maintenance)	0.550000	0.2697
Leasing educational facilities	0.100000	0.0238
Bonds	As needed	0.0909
Working cash	0.050000	0.0000
Special education	0.400000	0.0171
Transportation	As needed	0.1689
Illinois Municipal Retirement	As needed	0.0739
Social Security	As needed	0.0692
Levy Adjustment PA 102-0519	As needed	0.0741
TOTAL		<u><u>3.6966</u></u>

h. Capital Assets

Capital assets are defined as assets with an initial cost of \$10,000 or more with an estimated useful life greater than one year. Capital assets are recorded at cost or estimated historical cost and depreciated over their estimated useful lives (excluding salvage value). Donated capital assets are recorded at acquisition value at the date of donation. Land and construction in progress are not depreciated by the District.

Intangible assets represent the District's right-to-use leased assets. These intangible assets, as defined by GASB Statement No. 87, *Leases*, are for lease contracts of nonfinancial assets. These intangible assets are amortized over the shorter of the lease/subscription term or useful life of the underlying asset.

The estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight-line depreciation is used based on the following estimated useful lives:

Assets	Years
Buildings	40
Land improvements	15-20
Furniture, equipment and vehicles	5-20

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Capital Assets (Continued)

The District reviews its capital assets to evaluate prominent events or changes in circumstances affecting them to determine whether impairment of a capital asset has occurred. A capital asset generally should be considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstance is outside the normal life cycle of the capital asset. There has been no impairment of capital assets during the year.

i. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

j. Compensated Absences/Other

Unpaid vacation and sick pay benefits are based upon the three employment categories.

Teacher:

1. Fifteen sick leave days per year. Unused days to accumulate indefinitely.
2. Two personal leave days per year. Any unused personal leave day in a school year will be credited to the cumulative sick leave.

Classified/Support:

1. Fifteen sick days per year for 12-month employees and 13 days per year for ten-month employees. Unused days to accumulate indefinitely.
2. Two personal leave days per year. Any unused personal leave day in a school year will be credited to the cumulative sick leave.
3. Only 12-month employees are eligible for vacation time. Employees shall be eligible for 20 paid vacation days. A maximum of 50 days will be compensated upon termination.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Compensated Absences/Other (Continued)

Administrator and At-Will:

1. Fifteen sick days per year. Unused days to accumulate indefinitely.
2. Three personal leave days per year. Any unused personal leave day in a school year will be credited to the cumulative sick leave.
3. Only 12-month employees are eligible for vacation time. Employees shall be eligible for 20 paid vacation days. A maximum of 50 days will be compensated upon termination.

k. Long-Term Liabilities

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as deferred amounts on refunding, are deferred and amortized over the life of the bond. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are recognized during the current period. Claims incurred for the District's self-insured activities are payable when they mature and, accordingly, are not considered liabilities of the individual funds but at the entity-wide level.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

l. Net Position/Fund Balances

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not in spendable form or which are legally or contractually required to be maintained intact.

Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose or externally imposed by outside entities or from enabling legislation adopted by the District. Committed fund balance is constrained by formal actions of the Board, which is considered the District's highest level of decision-making authority. Formal actions include resolutions and ordinances approved by the Board. Assigned fund balance represents amounts constrained by the District's intent to use them for a specific purpose.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

l. Net Position/Fund Balances (Continued)

Currently, the Board has not delegated the authority to assign fund balances. Any residual fund balance in the General Fund and any deficit fund balance of any other governmental fund is reported as unassigned.

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the District considers committed funds to be expended first followed by assigned funds and then unassigned funds.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. Net investment in capital assets represents the book value of capital assets less any long-term debt issued to acquire or construct the capital assets.

None of the restricted net position or restricted fund balance results from enabling legislation adopted by the District.

m. Interfund Transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either due to/from other funds (i.e., the current portion of interfund loans).

Interfund service transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund service transactions and reimbursements, are reported as transfers.

n. Use of Estimates

The preparation of financial statements in conformity with the GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results may differ from those estimates.

2. DEPOSITS AND INVESTMENTS

The District's investment policy authorizes the District to make deposits/invest in all investments allowed by Illinois Compiled Statutes (ILCS). These include deposits/investments in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, credit union shares, repurchase agreements, commercial paper rated with the three highest classifications by at least two standard rating services and the Illinois School District Liquid Asset Fund Plus.

The Illinois School District Liquid Asset Fund Plus (ISDLAF), operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at net asset value (NAV) rather than fair value. The Multi-Class Series invests in high-quality short-term debt instruments (money market instruments), and shares may be redeemed on any Illinois banking day. The Term Series invest in high-quality debt instruments, which are generally money market instruments but may include instruments with a maturity over one year, and shares may be redeemed with seven day's advance notice.

Certain district funds maintain their cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, safety of principal, liquidity, rate of return and diversification.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the District's deposits may not be returned to it. The District's investment policy requires all amounts deposited or invested with financial institutions be either covered by federal depository insurance or collateral, preferably held by a third party, in the District's name, in an amount equal to the amount of deposits in excess of depository insurance coverage.

Investments

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the District's investment policy prefers that all security transactions that are exposed to custodial credit risk are processed with the underlying investments held by a third party custodian.

2. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses from increasing interest rates.

Credit risk for investments is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. The District's investment policy seeks to minimize credit risk by requiring investments in securities allowed under the investment policy.

Concentration of credit risk for investments is the risk that the District has a high percentage of their investments invested in one type of investment. The District's investment policy does not further limit its investment choices beyond the Illinois School Code.

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The District's investment policy does not address interest rate risk.

The District categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The District did not have any investments subject to fair value measurement at June 30, 2023.

The District's money market accounts are held in the ISDLAF Multi-Class Series of Investments. Those investments are rated AAA.

Net pension liability - TRS	3,391,829	-	57,252	3,334,577	-
Net pension liability - IMRF*	-	14,127,102	-	14,127,102	-
Net OPEB liability	4,592,236	-	3,001,549	1,590,687	215,609
Net OPEB Liability - THIS	32,870,748	-	22,692,308	10,178,440	274,983
TOTAL	\$ 49,976,892	\$ 36,498,626	\$ 41,346,098	\$ 45,129,420	\$ 4,035,724

The obligations for compensated absences, claims payable, net pension liabilities and net OPEB liabilities will be paid from the General and Transportation Funds.

*The IMRF net pension liability was a net pension asset at June 30, 2022.

c. Future Debt Service Requirements

A summary of the future debt service requirements to amortize the remaining outstanding general obligation debt as of June 30, 2023 is as follows:

Year Ending June 30,	General Obligation Debt		
	Principal	Interest	Total
2024	\$ 1,665,000	\$ 561,532	\$ 2,226,532
2025	3,915,000	421,564	4,336,564
2026	4,205,000	251,600	4,456,600
2027	3,225,000	80,625	3,305,625
TOTAL	\$ 13,010,000	\$ 1,315,321	\$ 14,325,321

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. LONG-TERM DEBT (Continued)

d. Lease Payable

The District has three leases payable, with a total annual payments of \$142,608 to \$304,963, with an interest rate of 1.50% to 0.49%. Total intangible right-to-use assets acquired under these agreements totaled \$2,012,961. Future minimum payments under the obligations at June 30, 2023, are as follows:

Year Ending June 30,	Lease Payable		
	Principal	Interest	Total
2024	\$ 670,784	\$ 2,874	\$ 673,658
2025	368,000	695	368,695
2026	226,089	-	226,089
TOTAL	\$ 1,264,873	\$ 3,569	\$ 1,268,442

e. Legal Debt Margin

The June 30, 2023 legal debt limit of the District was \$150,071,731 based upon 6.90% of its 2022 equalized assessed valuation of \$2,174,952,619, resulting in a legal debt margin of \$137,061,731. Total debt applicable to the limit was \$13,010,000, which includes the outstanding general obligation bonds payable.

7. RETIREMENT PLAN COMMITMENTS

The retirement plans of the District include the Teachers' Retirement System (TRS or the System) of the State of Illinois (the State) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State on behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. Each retirement system is discussed below.

a. Teachers' Retirement System of the State of Illinois

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois. TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit

7. RETIREMENT PLAN COMMITMENTS (Continued)

a. Teachers' Retirement System of the State of Illinois (Continued)

Plan Description (Continued)

provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration. TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/acfrs/fy2021>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of 3% of the original benefit or 1/2% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it had not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the State.

7. RETIREMENT PLAN COMMITMENTS (Continued)

a. Teachers' Retirement System of the State of Illinois (Continued)

Contributions

The State maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2022, was 9% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS

The State makes employer pension contributions on behalf of the District. For the year ended June 30, 2023, the State contributions recognized by the employer were based on the State's proportionate share of the collective net pension liability (NPL) associated with the employer, and the employer recognized revenue and expenditures of \$22,721,165 in pension contributions from the State.

2.2 Formula Contributions

Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2023 were \$238,706 and are deferred because they were paid after the June 30, 2022 measurement date.

Federal and Special Trust Fund Contributions

When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contributions rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. RETIREMENT PLAN COMMITMENTS (Continued)

a. Teachers' Retirement System of the State of Illinois (Continued)

Federal and Special Trust Fund Contributions (Continued)

For the year ended June 30, 2023, the employer pension contribution was 10.49% of salaries paid from federal and special trust funds. For the year ended June 30, 2023, salaries totaling \$1,827,813 were paid from federal and special trust funds that required employer contributions of \$191,738. These contributions are deferred because they were paid after the June 30, 2022 measurement date.

Employer Retirement Cost Contributions

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2023, the employer paid \$21,499 to TRS for employer contributions due on salary increases in excess of 6% and \$0 for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for the State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the District were as follow:

District's proportionate share of the net pension liability	\$ 3,334,577
State's proportionate share of the net pension liability associated with the District	<u>289,252,479</u>
TOTAL	<u>\$ 292,587,056</u>

ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. RETIREMENT PLAN COMMITMENTS (Continued)

a. Teachers' Retirement System of the State of Illinois (Continued)

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2022, relative to the projected contributions of all participating TRS employers and the State during that period. At June 30, 2022, the District's proportion was 0.0039772947%, which was a decrease of 0.0003705748% from its proportion measured as of June 30, 2021 (0.0043478695%).

For the year ended June 30, 2023, the employer recognized the following pension expense/expenditures and revenue pertaining to the District's employees:

	Governmental Activities	General Fund
State on-behalf contributions - revenue and expense/expenditure	\$ 22,721,165	\$ 19,091,560
District TRS pension (benefit) expense	(412,741)	400,444
TOTAL TRS EXPENSE/EXPENDITURE	\$ 22,308,424	\$ 19,492,004

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 6,703	\$ 18,385
Net difference between projected and actual earnings on pension plan investments	3,050	-
Assumption changes	15,376	6,366
Changes in proportion and differences between employer contributions and proportionate share of contributions	-	891,313
District contributions subsequent to the measurement date	400,444	-
TOTAL	\$ 425,573	\$ 916,064

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. RETIREMENT PLAN COMMITMENTS (Continued)

a. Teachers' Retirement System of the State of Illinois (Continued)

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$400,444 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2024	\$ (504,890)
2025	(169,707)
2026	(152,206)
2027	(39,722)
2028	<u>(24,410)</u>
 TOTAL	 <u>\$ (890,935)</u>

Actuarial Assumptions

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	Varies by amount of service credit
Investment rate of return	7.00%, net of pension plan investment expenses, including inflation

In the June 30, 2022, actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are based on a fully generational basis using projection table MP-2020. In the June 30, 2020, actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully generational basis using projection table MP-2017.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. RETIREMENT PLAN COMMITMENTS (Continued)

a. Teachers' Retirement System of the State of Illinois (Continued)

Actuarial Assumptions (Continued)

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table on the following page:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. large cap	16.30%	5.73%
U.S. equities small/mid cap	1.90%	6.78%
International equities developed	14.10%	6.56%
Emerging market equities	4.70%	8.55%
U.S. bonds core	6.90%	1.15%
Cash equivalents	1.20%	(0.32%)
TIPS	0.50%	0.33%
International debt developed	1.20%	0.30%
Emerging international debt	3.70%	3.76%
Real estate	16.00%	5.42%
Private debt	12.50%	5.29%
Hedge funds	4.00%	3.48%
Private equity	15.00%	10.04%
Infrastructure	2.00%	5.86%
TOTAL	100.00%	

Discount Rate

At June 30, 2022, the discount rate used to measure the total pension liability was 7%, which was the same as the June 30, 2021 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, the District contributions and the State contributions will be made at the current statutorily required rates.

7. RETIREMENT PLAN COMMITMENTS (Continued)

a. Teachers' Retirement System of the State of Illinois (Continued)

Discount Rate (Continued)

Based on those assumptions, TRS' fiduciary net position at June 30, 2022 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6%) or 1 percentage point higher (8%) than the current rate.

	1% Decrease (6%)	Current Discount Rate (7%)	1% Increase (8%)
Employer's proportionate share of the net pension liability	\$ 4,078,217	\$ 3,334,577	\$ 2,717,925

TRS Fiduciary Net Position

Detailed information about the TRS' fiduciary net position as of June 30, 2022 is available in the separately issued TRS Annual Comprehensive Financial Report.

b. Illinois Municipal Retirement Fund

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, postretirement increases and death benefits to plan members and beneficiaries. The employer plan is affiliated with IMRF, an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained at www.imrf.org.

7. RETIREMENT PLAN COMMITMENTS (Continued)

b. Illinois Municipal Retirement Fund (Continued)

Plan Administration

All employees (other than those covered by TRS) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Plan Membership

At December 31, 2022, IMRF membership consisted of:

Inactive employees or their beneficiaries currently receiving benefits	517
Inactive employees entitled to but not yet receiving benefits	263
Active employees	<u>217</u>
 TOTAL	 <u><u>997</u></u>

Benefits Provided

All employees (other than those covered by TRS) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

7. RETIREMENT PLAN COMMITMENTS (Continued)

b. Illinois Municipal Retirement Fund (Continued)

Benefits Provided (Continued)

IMRF also provides death and disability benefits. These benefit provisions are established by state statute.

Contributions

Participating members are required to contribute 4.50% of their annual salary to IMRF. The District is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution for the year ended June 30, 2023 was 14.73% of covered payroll.

Actuarial Assumptions

The District's net pension liability was measured as of December 31, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2022
Actuarial cost method	Entry-age normal
Assumptions	
Price inflation	2.25%
Salary increases	2.85% to 13.75%
Investment rate of return	7.25%
Asset valuation method	Fair value

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables and future mortality improvements projected using scale MP-2020.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. RETIREMENT PLAN COMMITMENTS (Continued)

b. Illinois Municipal Retirement Fund (Continued)

Single Discount Rate

A single discount rate of 7.25% was used to measure the total pension liability. The projection of cash flows used to determine this single discount rate assumed that the plan members' contributions will be made at the current contribution rate, and that the District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Changes in the Net Pension Liability (Asset)

	(a) Total Pension Liability	(b) Plan Fiduciary Net Position	(a) - (b) Net Pension Liability (Asset)
BALANCES AT JANUARY 1, 2022	\$ 67,277,990	\$ 67,388,861	\$ (110,871)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2023, the District recognized pension expense of \$2,464,019.

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 918,644	\$ -
Assumption changes	-	-
Net difference between projected and actual earnings on pension plan investments	4,835,118	-
Employer contributions after the measurement date	671,301	-
TOTAL	\$ 6,425,063	\$ -

\$671,301 reported as deferred outflows of resources resulting from district contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	
2024	\$ 672,940
2025	814,309
2026	1,558,426
2027	2,708,087
2028	-
Thereafter	-
TOTAL	\$ 5,753,762

7. RETIREMENT PLAN COMMITMENTS (Continued)

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the District calculated using the discount rate of 7.25% as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability	\$ 21,633,284	\$ 14,127,102	\$ 7,948,389

8. OTHER POSTEMPLOYMENT BENEFITS

a. Retirees Health Plan

Plan Description

The District's Other Postemployment Benefits (OPEB) Plan is a single-employer defined benefit healthcare plan that is administered by the District. The District provides postemployment benefits for eligible participants enrolled in the District sponsored plan. Benefits are provided in the form of an explicit subsidy where the District contributes towards the retiree premiums (70% of the medical premium, up to \$4,000 for administration) and an implicit rate subsidy under which certified and non-certified retirees that have not yet reached age 65 receive health insurance coverage by paying a combined retiree/active rate. Benefit provisions are established through contractual agreements and may only be amended through negotiations with the Board. The plan does not issue a separate, publicly available report. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The activity of the plan is reported in the District's General Fund.

Benefits Provided

The District provides continued health insurance coverage at the blended employee rate to all eligible retirees in accordance with ILCS, which creates an implicit subsidy of retiree health insurance.

Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
BALANCES AT JULY 1, 2022	\$ 4,592,236
Changes for the period	
Service cost	65,601
Interest	183,413
Difference between expected and actual experience	(81,767)
Changes in benefit terms	(3,087,940)
Changes in assumptions	134,754
Benefit payments	<u>(215,610)</u>
Net changes	<u>(3,001,549)</u>
BALANCES AT JUNE 30, 2023	<u>\$ 1,590,687</u>

There were changes in assumptions related to the discount rate, starting per capita costs, healthcare cost trend rate, and retirement rates in 2023.

Rate Sensitivity

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the District calculated using the discount rate of 4.13% as well as what the District total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.13%) or 1 percentage point higher (5.13%) than the current rate:

	1% Decrease (3.13%)	Current Discount Rate (4.13%)	1% Increase (5.13%)
Total OPEB liability	\$ 1,500,769	\$ 1,590,687	\$ 1,686,485

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

<u>Year Ending</u> <u>June 30,</u>	
2024	\$ 198,629
2025	198,629
2026	184,642
2027	(67,980)
2028	(67,980)
Thereafter	<u>(194,942)</u>
TOTAL	<u>\$ 250,998</u>

b. Teacher Health Insurance Security Fund of the State of Illinois

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the City of Chicago. The THIS Fund provides medical, prescription and behavioral health benefits, but it does not provide vision, dental or life insurance benefits to annuitants of TRS of the State. Annuitants not enrolled in Medicare may participate in the State-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage Plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor’s approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

8. OTHER POSTEMPLOYMENT BENEFITS (Continued)

b. Teacher Health Insurance Security Fund of the State of Illinois (Continued)

The percentage of employer required contributions in the future will not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year.

- On-behalf contributions to the THIS Fund - The State makes employer retiree health insurance contributions on behalf of the District. The State contributions are intended to match contributions to the THIS Fund from active members which were 0.90% of pay during the year ended June 30, 2023. The State contributions were \$370,407 and the District recognized revenue and expenditures of this amount during the year.
- Employer contributions to the THIS Fund - The District also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.67% during the year ended June 30, 2023. For the year ended June 30, 2023, the District paid \$275,747 to the THIS Fund, which was 100% of the required contribution.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-reports/ABC-List.asp>. The current reports are listed under “Central Management Services.”

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2021, rolled forward to June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Inflation	2.25%
Salary increases	Depends on service and ranges from 8.50% at one year of service to 3.50% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption
Investment rate of return	2.75%, net of OPEB plan investment expense, including inflation
Healthcare cost trend rates	Trend for fiscal year 2023 based on expected increases used to develop average costs. For fiscal years on and after 2024, trend starts at 8.00% gradually decreases to an ultimate trend of 4.25%

8. OTHER POSTEMPLOYMENT BENEFITS (Continued)

b. Teacher Health Insurance Security Fund of the State of Illinois (Continued)

Actuarial Assumptions (Continued)

Mortality rates for retirement and beneficiary annuitants were based on the PubT-2010 Retiree Mortality Table, adjusted for TRS experience. Disabled Annuitants: PubNS-2010 Non-Safety Disabled Retiree Table. Pre-Retirement: PubT-2010 Employee Mortality Table. All tables reflect future mortality improvements using Projection Scale MP-2020.

Single Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

Since the THIS fund is financed on a pay-as-you-go basis, the sponsor has selected a discount rate consistent with the 20-year general obligation bond index described above. The discount rates are 1.92% as of June 30, 2021 and 3.69% as of June 30, 2022.

Sensitivity of the Employer's Proportionate Share of the Collective Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the collective net OPEB liability, as well as what the District's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.69%) or 1 percentage point higher (4.69%) than the current discount rate:

	1% Decrease (2.69%)	Current Discount Rate (3.69%)	1% Increase (4.69%)
Employer's proportionate share of the collective net OPEB liability	\$ 11,311,978	\$ 10,178,440	\$ 9,013,780

NOTES TO FINANCIAL STATEMENTS (Continued)

8. OTHER POSTEMPLOYMENT BENEFITS (Continued)

b. Teacher Health Insurance Security Fund of the State of Illinois (Continued)

Sensitivity of the Employer's Proportionate Share of the Collective Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following table shows the District's net OPEB liability as of June 30, 2022, using current trend rates and sensitivity trend rates that are either 1 percentage point higher or lower. The current claims trend rates are 8.00% in plan year 2024 decreasing to an ultimate trend rate of 4.25% in plan year 2039.

	1% Decrease ^a	Current Discount Rate	1% Increase ^b
Employer's proportionate share of the collective net OPEB liability	\$ 8,601,066	\$ 10,178,440	\$ 11,909,585

^a One percentage point decrease in healthcare trend rates are 7% in plan year 2024 decreasing to an ultimate rate of 3.25% in plan year 2039.

^b One percentage point increase in healthcare trend rates are 9% in plan year 2024 decreasing to an ultimate rate of 5.25% in plan year 2039.

OPEB Liabilities, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The collective net OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of that date. The District proportion of the collective net OPEB liability was based on a projection of the District's long-term share of contributions to the OPEB plan relative to the projected contributions of the District, actuarially determined. At June 30, 2022, the District's proportion was 0.148706%, which was a decrease of 0.000331% from its proportion measured as of June 30, 2021 (0.149037%). The State's support and total are for disclosure purposes only.

The amount recognized by the District as its proportionate share of the net OPEB liability, the related state support and the total portion of the net OPEB liability that was associated with the District were as follows:

Employer's proportionate share of the net OPEB liability	\$ 10,178,440
State's proportionate share of the net OPEB liability associated with the employer	<u>13,846,754</u>
TOTAL	<u><u>\$ 24,025,194</u></u>

2028	(4,030,633)
Thereafter	<u>(13,422,830)</u>
TOTAL	<u>\$ (33,575,995)</u>

9. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omission; injuries to employees; and natural disasters. The District participates in a public entity risk pool which operates common risk management and insurance programs. Risks covered include general liability, property damage and workers' compensation. The District is self-insured for medical and dental coverage.

No material decreases in insurance coverages have occurred nor have any insurance claims in excess of insurance coverages been paid or reported during the last three fiscal years.

The District is self-insuring its employee medical benefits for each employee or dependent covered and maintains coverage with an insurance carrier for excess amounts. This plan is administered by outside administrators who process the claims. As of June 30, 2023, a liability has been provided for all known claims plus an estimate for those claims incurred but not reported. All claims incurred and not reported are expected to be paid from currently available resources. The costs related to this plan for the year ended June 30, 2023 were accounted for in the General Fund and Transportation Special Revenue Fund.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. RISK MANAGEMENT (Continued)

An analysis of claims activity consisted of the following:

	<u>2022 to 2023</u>	<u>2021 to 2022</u>
SELF-INSURANCE LIABILITY, JULY 1	\$ 695,610	\$ 1,736,756
Current year claims and changes in estimate	12,857,993	10,726,074
Claims paid	<u>(13,004,674)</u>	<u>(11,767,220)</u>
SELF-INSURANCE LIABILITY, JUNE 30	<u>\$ 548,929</u>	<u>\$ 695,610</u>

10. COMMITMENTS AND CONTINGENCIES

a. Grantor Agencies

Federal and state grants-in-aid received by the District are subject to audit and adjustment by grantor agencies. If grant revenues are received for expenditures which are subsequently disallowed, the District may be required to repay the revenues. In the opinion of management, liabilities resulting from such disallowed expenditures, if any, will not be material.

b. Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the District.

Contributions as a percentage of covered payroll	15.27%	13.85%	13.99%	14.03%	15.18%	15.54%	15.70%	15.22%	14.73%

Notes to Required Supplemental Information

The information presented was determined as part of the actuarial valuations as of January 1 of the prior fiscal year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 21 years until the remaining period reaches ten years (then ten-year rolling period); the asset valuation method was five-year smoothed fair value; and the significant actuarial assumptions were an investment rate of return at 7.25% annually, projected salary increases assumption of 2.85% to 13.75% compounded annually and price inflation of 2.25%.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

(See independent auditor's report.)

Notes to Required Supplemental Information

Changes of assumptions: For the 2021 measurement year, the assumed investment rate of return was 7.00%, including an inflation rate of 2.25% and a real return of 4.75%. Salary increases were assumed to vary by service credit. These actuarial assumptions were based on an experience study date September 30, 2021. For the 2020-2016 measurement years, the assumed investment rate of return was 7.00%, including an inflation rate of 2.50% and a real return of 4.50%. Salary increases were assumed to vary by service credit and were consistent in 2019 and 2020. For the 2015 measurement year, the assumed investment rate of return was 7.50%, including an inflation rate of 3.00% and a real return of 4.50%. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ended June 30, 2014.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

**ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS**

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2023

BUDGETS AND BUDGETARY ACCOUNTING

Budgets are adopted each year and amended, as required, for all governmental funds. The appropriated budget is prepared by fund and department. The budget is prepared on the same basis of accounting used to reflect the actual revenues and expenditures recognized in accordance with GAAP. The level of budgetary control is the fund level. All appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial report:

- a. Prior to August 1, the Superintendent submits to the Board a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally adopted through passage of resolution.
- d. The Board authorizes the Superintendent or their designee to make transfers within any fund. Furthermore, the Board may amend the budget in other ways by the same procedures required of its original adoption. There were no budget amendments during the year ended June 30, 2023.

Formal budgetary integration is at a fund level and is employed as a management control device during the year for the General, Special Revenue, Debt Service and Capital Projects Funds.

STATISTICAL SECTION

STATISTICAL SECTION

This part of Orland School District #135's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial health.

<u>Contents</u>	<u>Page(s)</u>
Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	87-92
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	93-97
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	98-102
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	103-104
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	105-112

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

SCHEDULE OF DIRECT AND OVERLAPPING DEBT

June 30, 2023

Governmental Unit	Gross Debt	Percentage Debt Applicable to the District	District's Share of Debt
Direct Debt			
Orland School District 135	\$ 13,617,416	100.000%	<u>\$ 13,617,416</u>
Overlapping Debt*			
Community College District No. 524	29,765,000	20.706%	6,163,141
Consolidated High School Dist. No. 230	31,665,000	44.813%	14,190,036
Cook County	2,251,061,750	1.260%	28,363,378
Forest Preserve District of Cook County	61,505,000	1.260%	774,963
Metropolitan Water Reclamation District	2,608,633,416	1.280%	33,390,508
Village of Orland Hills	7,745,000	43.630%	3,379,144
Village of Orland Park	83,475,000	85.909%	<u>71,712,538</u>
Total Overlapping Debt			<u><u>157,973,708</u></u>
Total Direct and Overlapping General Obligation Bonded Debt			<u><u>\$ 171,591,124</u></u>

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Village of Orland Park. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government. Not all information was available for the year 2023.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS

DISTRICT HISTORY

- Prior to 1922 The following one and two-room schools served the children of Orland Park:
- Old Orland Center School “Little Red Schoolhouse” - 151st Street & 94th Avenue
 - Orland (Park) School - 143rd Street & Union Avenue
 - Doctor School - 159th Street & Wolf Road
 - Maue School - 179th Street & 108th Avenue
 - Union School - 135th Street & 80th Avenue
 - Yunker School - 143rd Street & Wolf Road
- Each of these buildings had just one teacher with students from all grades in the same class.
- 1922 Orland Park School moved to a seven-room brick structure at 143rd Street & West Avenue.
- 1950 Orland School District 135 was formed by annexing Yunker and Union Schools.
- 1954 Norbert Jerling was named the first District Superintendent.
- 1960 Orland School District 135 grew from 111 students in 1950 to 1,000 students in 1960 with the annexing of Maue School and the building of Orland Center School next to the “Little Red School House.”
- 1961 The Illinois Building Commission funded construction of an eight-room addition to Orland Park School because the District did not have enough bonding power to finance the \$180,000 project. The District paid a yearly rental fee to the state with funds generated from tax revenue. Orland Park School was the site for several high school classes because Orland did not have a high school until 1954 when Carl Sandburg High School opened.
- 1966 The Capital Development Board enabled the District to build Orland Jr. High for \$706,830. Orland Jr. High had two additions built in the early 1970’s.
- 1970 High Point School was opened.
- 1971 Doctor School was annexed into Orland School District 135.
- 1975 The enrollment of Orland School District 135 increased to over 2,700 students.
- 1976 Liberty & Prairie Schools opened for the 1976-77 school year.
- 1977 Both High Point and Prairie Schools received additions.
- 1981 Jerling Jr. High was opened, and Tom Pauley was named Superintendent.
- 1986 The “Little Red Schoolhouse” was moved from 151st Street & 94th Avenue to the lot across the street from Jerling and became the Orland Area Chamber of Commerce office.

ORLAND SCHOOL DISTRICT #135
ORLAND PARK, ILLINOIS

DISTRICT HISTORY (Continued)

- 1987-1988 The enrollment of Orland School District 135 increased by 12%.
- 1989 The Orland School District 135 Administration Center opened in partnership with Consolidated High School District 230 and the Orland Township.
- 1991 Centennial School was opened.
- 1994 Chuck Palaces was named Superintendent.
- 1995 The District's enrollment increased to over 5,500 students.
- 1996 Century Jr. High was opened.
- 1998 Meadow Ridge School was opened and Dr. Pete Yuska was named Superintendent.
- 2003 Dr. Linda Anast-May was named Superintendent.
- 2005 Successfully passed referendum, resulting in a \$0.42 increase in the Education Fund.
- 2006 Dennis Soustek was named Superintendent.
- 2006 Jerling Junior High, Liberty School and Prairie Schools received additions and renovations.
- 2008 The District earned the Certificate of Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) and Association of School Business Officials (ASBO) for the first time.
- 2010 Dr. Paul Howell was named Superintendent.
- 2012 Received \$5.3 million from the State of Illinois Capital Development Board for the building additions and renovations completed in 2006. The funds were applied for in 2004.
- 2013 Dr. Janet Stutz was named Superintendent.
- 2014 In May, the Village of Orland Park recognizes Orland Park School as an historic site and dedicates a bronze marker to memorialize the school's history.
- 2016 Dr. Dirk "DJ" Skogsberg was named Superintendent.
- 2020 John Bryk is named Superintendent
