ECS INCLEMENT WEATHER POLICY

Our **Inclement Weather Policy** is based on our primary concern for the safety of your family. We will be diligent to monitor reliable and consistent sources of weather information to obtain the most accurate and timely forecast to inform our decisions as well as the timing of the communication of those decisions.

We will then use our **automated system** to inform you of the decision as soon as possible by **phone, text, email** and **social media** (Please make sure that your contact information is accurate in our **PowerSchool** system). The notification will relate to **closure, late start, or early dismissal** of our academic day. All other notifications related to after school activities or rescheduled activities will come from principals, coaches or activity sponsors. Finally, we will provide information to the local TV and radio stations as soon as our decision is made. Ultimately, we encourage you to use your judgment if there is any doubt about your ability or that of your student to travel safely.
