## RFQ# 24-06

### Overview:

Minneapolis Public Schools is seeking qualifications and quotes/pricing/proposals for a dock ramp to allow vehicle access to the Royalston warehouse. The dock ramp needs to be mobile and be able to support a minimum of 30,000 pounds

### Project Scope

Desired services include:

- Provide an install a dock ramp at the Royalston warehouse location
- The dock ramp should be portable or relocatable to allow the dock to be used for deliveries (no ramp) and for access by vehicles using the ramp to enter the warehouse
- The ramp shall be able to support 30,000 pounds
- The dock ramp shall be used in the ground to dock application.
- The elevation change from the ground to the top of the ramp is 4 feet
- Ramp access door is 96". Space between bollards is 120"
- Provide pedestrian guard rails above 30" and handrails above 48"
- Dock ramp surface shall be coated with an anti-slip epoxy and diamond plate type traction surface (or similar)
- 

### Desire Minimum Qualifications/Experience:

- Vendor shall have proven experience and products for this application
- Service availability shall be regional, local preferred.
- Minimum 1 year warranty on workmanship

### Project Budget Available:

- \$50,000

### Process

- Submit a summary of qualifications and brief proposal to [RFX@mpls.k12.mn.us](mailto:RFX@mpls.k12.mn.us) and include references, proposed budget and relevant experience. Submissions will be reviewed as they are received.
