Columbia Public Schools

2016-17 Annual Budget

A Message from the Superintendent

The 2016-17 budget represents the financial plan of the Columbia Public School District ("District") for the coming fiscal year. Its primary purpose is to provide timely and useful information concerning the past, present, and projected financial status of the District to facilitate financial discussions that support the mission, goals, and objectives of the Board of Education. The District's vision, mission, purpose and values are as follows:

Vision: Our desired future state

To be the best school district in the state.

Mission: Why we exist

We provide an excellent education for our students by adhering to organizational goals.

Purpose: What we do

To be a *valuable asset* for our community by preparing our children so that they will be competitive in an ever-changing, unpredictable world.

Values: The non-negotiable family principles that guide us

- Honesty
- Teamwork
- Adaptability

Commitment

- Focus on
- Mutual respect
- Positive approach

- what worksTransparency
- Persistence

The District's three focus areas represent our commitment to our community.

- 1. All students will graduate college and career ready
- 2. Every teacher will become the best
- 3. Our operations support our mission

We believe schools exist to allow access.

- Access to a great curriculum;
- Access to skilled teachers and a nurturing environment;
- Access to experiences beyond the core curriculum;
- · Access to interest based activities before and after school; and
- Access to school—we must be a system that eliminates barriers for children.

The words Achievement, Enrichment, and Opportunity (AEO) represent the WHY for everything we do. This budget and the decision making and planning behind it are structured to support these goals and attain the vision, mission and purpose of the District.

Budget Overview and Statutory Requirements

Chapter 67 of the Missouri State statutes requires school districts to prepare an annual budget to identify available resources and guide district spending for the ensuing school year. The statute requires the school district budget document to include five specific components:

- 1. A budget message describing the important features of the budget and major changes from the preceding year;
- 2. Estimated revenues to be received from all sources for the budget year, with a comparative statement of actual or estimated revenues for the two years next preceding, itemized by year, fund, and source;
- 3. Proposed expenditures for each department, office, commission, and other classification for the budget year, together with a comparative statement of actual or estimated expenditures for the two years next preceding, itemized by year, fund, activity, and object;
- 4. The amount required for the payment of interest, amortization and redemption charges on the debt of the political subdivision;
- 5. A general budget summary including individually identified interfund transfers.

In no event shall the total proposed expenditures from any fund exceed the estimated revenues to be received plus any fund balance for the beginning of the budget year. The statute further prohibits a district from budgeting for a negative fund balance in any fund. The school district's Board of Education is to formally adopt this budget in June prior to the beginning of the new fiscal year on July 1.

State statutes, in conjunction with generally accepted accounting principles (GAAP) and in accordance with the definitions of the Governmental Accounting Standards Board (GASB) statement of principles on fund accounting systems, have determined the fund appropriate for public school operations. The District follows the legal requirements of the State of Missouri for fund accounting and constructs its budget utilizing the following approved funds:

Funds (GAAP) State Fund General Fund Incidental Teacher's Fund – Special Revenue Teacher's Capital Projects Capital Projects **Debt Service Debt Service** Grants and Donations - Special Revenue Incidental Nutrition Services - Enterprise Incidental Adult Education - Enterprise Incidental Student Activities - Fiduciary Incidental

The District's budget for the 2016-17 fiscal year includes revenues, expenditures, and fund balances for the District in total and presents revenues, expenditures, and fund balances for the District's Operating Funds, which are comprised of the Incidental and Teacher's Fund. Detailed fund schedules provide further information on the activities within each fund and include an analysis of the proposed budget for the 2016-17 fiscal year. Budget schedules are also included summarizing estimated revenues by object and source as defined by the Department of Elementary and Secondary Education (DESE).

Background on the District

The area served by the District encompasses 303 square miles and includes a population that is estimated to exceed 152,000. This area includes the City of Columbia with a population of approximately 120,000.

The District was organized on January 7, 1873. The first high school opened in 1895 on the site where Jefferson Middle School now stands. In 1909 a bond issue was approved for Columbia High School, which is now a wing of Jefferson Middle School. In 2016-17, the District will include 21 elementary schools, six middle schools, three senior high schools, one alternative high school and one career and technical education center. The District also offers Pre-K classrooms in school buildings and at one owned and one leased facility, with a new facility opening in January 2017. The elementary gifted education program shares a facility with some of our Pre-K classrooms.

K-12 enrollment of the District continues to grow and change, reflecting a more diverse student population. Nearly 45 percent of our students qualify for the free and reduced lunch program and 6 percent are English Language Learners. Today 49 percent of our students attend our elementary schools, 23 percent middle schools and 28 percent attend high schools.

Student Performance

In the fall of 2015, upon review by Department of Elementary and Secondary Education, the District was accredited. To receive accreditation, districts must earn at least 70 percent of the points possible on the Annual Performance Report (APR). The District received a score of over 84% in the most recent review, which included 100% of the possible points for graduation rates. The classification is made using the APR from the Missouri School Improvement Program (MSIP 5) and includes these standards.

Academic Achievement	Subgroup Achievement	
College and Career Readiness	Attendance	Graduation Rate

The District uses a scorecard to track and report progress on organizational goals relating to student achievement. With a focus on academic progress, 3rd grade reading levels, and graduation goals, improvement has been made in many areas in recent years. One example of that progress is on the following goal.

Students will read on level by the end of third grade

	<u>2012</u>	<u>2015</u>	<u>Change</u>
All students	74.0%	77.2%	3.2% increase
Super Subgroup (SSG) students*	56.9%	64.7%	7.8% increase
All third grade students	76.3%	78.3%	2.0% increase
SSG* third grade students	58.6%	66.9%	8.3% increase

^{*}Super Subgroup students are categorized as free or reduced-price lunch, English Language Learner, Special Education, Black, or Latino

Even with these successes, work remains in many areas, including AEO. Intentional focus is being made in the areas of attendance, the participation gap and disproportionality, when it comes to discipline and career-center courses. Our budget is created being reflective of our needed areas of improvement as well as continuing to provide opportunities and challenges to all students focusing on enrichment and opportunity.

Budget Message

We will be fiscally responsible with taxpayer money. This document and the planning that goes into development of the document are primary evidence of the Board's commitment to this statement. The process we use to develop our budget requires a great deal of analysis. The decisions we make in the short-term need to be sustainable in the long-term. Columbia Public Schools works collaboratively with schools, district programs and district administration to develop strategies and align resources in a manner that reflects our vision, mission and values. We believe that budget development is the foundation of meeting our district's vision and mission to be the best district in our state.

As in 1873, available resources and restricted funding impact how we prioritize our budgetary allocations. Realizing our vision and assuring our three focus areas are ever in the forefront require carefully planned current and future budget practices.

Columbia Public Schools continues to rely upon and receive the support of the local taxpayer to fund the operating budget of the District. In 2006-07 a new state foundation formula was implemented which is driven by four primary factors in order to determine an individual school's state funding.

- Average Daily Attendance (ADA), which is derived by averaging together a twice annual count of students attending during specified count periods multiplied times an attendance rate of all students for the year, is the first component.
- The State Adequacy Target (SAT) is derived by averaging the cost per pupil of districts in Missouri who receive a perfect score in the Annual Performance Report and is to be recalculated every two years.
- The Dollar Value Modifier which is an adjustment based on local cost of living indicators.
- The final factor in the calculation is the Local Effort as established in 2004-05. The impact
 of the local effort factor is to assure that communities continued to support the cost of their
 local school budgets at a rate equal to or greater than what was in place in 2004-05.

After just three years, the foundation formula appropriation in the state budget was inadequate to fund the formula as written. The SAT was not recalculated every two years as prescribed in the formula and a new component became an unexpected fifth factor in determining a district's annual state funding — appropriation adjustment. In 2009-10, rather than funding the formula as calculated, the state funded 98.66%. This partial allocation continued until 2015-16 and dipped to as low as 92.58% in 2012-13. While the allocation is 100% in 2015-16 and projected to be the same in 2016-17, the SAT is expected to be at \$6,110 which is \$7 less per student than in 2006-07 when the formula was first implemented and \$35 less per pupil than the 2015-16 projection.

The state did make 2016-17 adjustment to the thresholds required to receive weighted (additional) funding for students in certain groups – free and reduced lunch, special education and English language learners. This effort increases funding for districts with high student populations in these categories. It also increases the funding required state wide which in turn has an impact on the SAT. With a continued lack of funding to meet the formula state wide as written, each year one or more factors is adjusted. While the appropriate percentage for next year is 100%, the SAT must be reduced. Failure to meet the SAT as prescribed in the formula reduces funding for 2016-17 for Columbia Public Schools by an estimated \$12.4 million.

This lack of state funding is being made up by the taxpayers of Columbia through an approval of an increase to our operating tax levy ceiling. In April 2016, our community passed a levy that allows us to increase our local property tax rate by up to 65 cents for the 2016 tax year. Without this increase, our ability to present a budget that focuses on recruiting and retaining high quality employees, access to Achievement, Enrichment, and Opportunity for all students and meeting

our ongoing growing operations, would be impossible. The levy estimations allow for an expected increase in operating revenues of \$13.5 million.

The increase in local funding was used to allow for improvement in salaries of all employee groups, increasing staffing and services to support students in the area of AEO and to continue the operations of the district including the increase in annual operating budgets for the opening of Beulah Ralph Elementary Schools. Details on these improvements are found throughout the document and on the Budget Assumptions, Improvements and Changes page.

The 2016-17 budget totals \$206.4 million of operating revenue and operating expenditures and transfers of \$207.2 million, resulting in a decrease of operating fund balance by \$.8 million. When considering all funds, total revenue is budgeted at \$263.5 million and expenditures at \$333.2 million for a net reduction in fund balance of \$69.8 million.

As summarized by the schedule below, the District is planning for a total beginning fund balance (all funds) of \$155.4 million at July 1, 2016, and ending fund balance of \$85.7 million at June 30, 2017. For District operating funds, beginning fund balance at July 1, 2016 is projected to be \$51.6 million and ending fund balance at June 30, 2017 to be \$50.8 million which is 24.52% of budgeted expenditures. See page 171 for the summary of budgets by fund for 2016-17.

	Operating Funds	All Funds
Projected Beginning Fund Balance, July 1	\$ 51,613,370	\$155,437,747
Budgeted Revenues	\$206,370,847	\$263,455,410
Budgeted Expenses plus Transfers	\$207,174,950	\$333,221,330
Increase (Decrease) in Fund Balance	(\$ 804,103)	(\$ 69,765,920)
Budgeted Ending Fund Balance	\$ 50,809,267	\$ 85,671,827

The decrease in total fund balance comes from the budgeted excess expenditures over revenues in the Debt Service and Capital Projects Funds. The budgeted decrease in the Capital Projects Fund balance is due to use of funds from general obligation bonds sold and funds received in April 2016. Even through the District anticipates spending the 2016 bond issue over a two year period, we have elected to budget the full amount of the projects in the 2016-17 school year. Budgeting for projects in full, regardless of the expected duration, is a transparent commitment of the funds. This conservative budgeting approach prevents over commitment of bond funds.

The reduction of the fund balance in the Debt Service fund is due to a scheduled March 2017 repayment of general obligation refunding bonds. This refunding is a result of recent re-financings which were completed to take advantage of favorable interest rates saving interest costs over time. The funds for the payment are held in escrow until an early repayment or "call" date.

We are pleased to present a budget that positions our students to be ready for life after high school. We appreciate the contributions of every stakeholder during the development of this document, and we will not soon forget the trust and support of our taxpayers. The decisions we've made support our mission to provide every child with an excellent education. Our administration is committed to providing transparency with regard to district finances, and we will prudently allocate the funds entrusted to us.

Dr. Peter Stiepleman Superintendent of Schools

Operating Budget Assumptions, Improvements and Changes for 2016-2017

Local Revenue

1. Current Property Tax Revenue

- a. 3.00% increase in assessed valuation (preliminary assessed valuation is available July 2016 and final is available January 2017).
- b. Assume a 96.55% collection rate after fees to the county for billing and collection services and excluding prior year protested tax receipts recorded as current taxes, which has been the rate of collection for two years now. Fees collected include:
 - i. 1% Collector Fee on taxes and penalties
 - ii. 1/2% Assessor Fee
 - iii. 1/8% Assessor Fee (with cap of \$125,000)
- c. Assume an operating levy of \$5.0201 to be calculated in August with the following data:
 - i. Current operating levy is \$4.9201 and the capital projects fund at .10
 - ii. Estimated Proposition C Rollback of 3 cents
 - iii. Estimated voluntary rollback of new levy of 9 cents to be used for continued operations over next few fiscal years.
- d. Assume the large one time release of protested taxes that was received in spring 2016 is not received in 2016-17 as there are no large protests currently outstanding.
- **2. Delinquent Tax Revenue** assumed a 2.50% increase in delinquent property tax collections due to increase in overall levy.
- 3. Proposition C Revenue assumed at \$977 per Weighted Average Daily Attendance (WADA), an increase of \$35 or 3.72% from the projected actual \$942 per WADA for 2015-16. This results in an increase of \$626,540. In the March 2016 Finance Memo, DESE projects the current year could result in an increase of \$5 if the governor's recommendation for supplemental payments is accepted. The finance memo advises "You are urged to continue to closely monitor the Proposition C receipts very closely for the remainder of the year and caution should be used as determination of budget estimates are made.
- 4. Intangible Tax, Surtax (Merchants & Manufacturers) and In Lieu of Tax Payments assumed flat for 2016-17.
- 5. Interest earnings and rate assumed to be flat for 2016-17.

Intermediate Revenue

1. Fines & Forfeitures, State Assessed Railroads & Utilities and County Stock Insurance projected equal to the projected 2015-16 revenues.

1. Basic Foundation Formula

- a. The revenue budgeted in state foundation formula is an increase of \$1,341,621 using the following assumptions:
 - i. New thresholds for Free and Reduced Lunch and English Language Learner students as outlined by DESE, which results in an increase of 314 ADA.
 - ii. A 93.963% attendance rate as realized in 2014-15 and projected for 2015-16.
 - iii. An increase in average membership of 4 as a result of trending decreases in second semester high school ADA counts.
 - iv. Net WADA increase for formula calculation purposes of 260.
 - v. A State Adequacy Target of \$6,110 as compared to the expected 2015-16 SAT of \$6,145. The 2015-16 SAT is inflated by unusually high lottery revenues due to the mega-million dollar Powerball ticket in January 2016. Full funding of the formula requires an SAT of over \$6,800 per WADA.
 - vi. An increase in Dollar Value Modifier (DVM) from 1.031 to 1.034, as indicated by DESE, to account for the difference in cost of living in Columbia.
 - vii. An increase in the modified payment per ADA of \$31 to \$3,076 per WADA.
 - viii. A 100% proration of the formula with these assumptions.
- **2. Transportation** is budgeted for a 3.27% increase as compared to the projected actual 2015-16 revenues.
- **3. Early Childhood Special Education Funding** is budgeted for a decrease of \$324,150 as a result of reduced program expenditures.
- 4. Parents as Teachers revenue is budgeted at the current 2015-16 projected actual.
- **5. High Need & Residential Placement Funds** are budgeted with an increase for 2016-17 of \$150,000 due to additional revenues expected when reporting the costs of the High Roads School (SESI) program.

Federal Revenue

- 1. Medicaid funding is budgeted level to the projected actual for 2015-16.
- 2. Title funds are budgeted at a slight increase due to intentional plan to carry forward some funding from 2015-16. Final allocations are not yet known.
- **3. Special education** is being budgeted at the projected actual for 2015-16.
- **4. Title II-A funding** is budgeted at a decrease of \$62,387 due to lower expected allocations and use of carryover funds.

Expenditures

Program additions and improvements are made in three primary areas as reflected during the recent operating levy campaign: recruiting and retaining high quality employees, providing improved Achievement, Enrichment and Opportunity for all students, and continued planned operations with a sustained avoidance of deficit spending.

- 1. Increases in compensation for experience and increases for salaried employees who are not on a salary schedule at the same average percentage increase as the average teacher schedule increase (1.63%) are included. This increased the salaries and benefits operating budget by \$1.9 million. The overall increase is 1.63% when considering all employee groups.
- 2. Improved compensation through salary schedule redesign was achieved resulting in a total increase in cost, including benefits, of \$6,852,288. The improvements were prioritized and made using comparison data from other districts and/or local employers. The redesign included an increase to the minimum teacher salary making it \$35,500 and a \$1,601 increase to the base pay used to determine all other cells on the teacher schedule. Hourly schedules for custodians and nutrition services staff were improved throughout via an increase of the lowest wage from \$9.14 to \$10 per hour. Administrative schedules were improved using comparisons.
- **3.** A stipend for certain professional certifications has been added for teachers, speech language pathologists and school psychologists at an estimated total cost of \$156,250.
- **4. An additional step for experience has been provided** to personnel who were eligible for a step in 2008-09 and did not receive it at an estimated total cost of salaries and benefits of \$543,950.
- **5. Educational credit** is budgeted in 2016-17 at a projected cost of \$434,813.
- **6. Retiree/resignation savings** of \$434,813 as compared to the annual cost of salaries and benefits for newly hired teachers and administrators is projected in the budget.
- 7. No change in retirement rates for PSRS/PEERS which will remain at 14.50% and 6.86% respectively for both the employee and the Board of Education. This budget does consider increased retirement and FICA/Medicare expense on all increased compensation when appropriate, using these rates. Those costs are added to the individual improvement lines.
- 8. Medical premiums are budgeted at a 6% average increase to allow for expected increased claim costs as we transition out of grandfathered status under healthcare reform. The employee benefits committee is working to determine plan re-design options which will maintain manageable costs of medical coverage. Final rates will be set in the fall of 2016. This budget assumes no employee participation in premium costs for full time employees. The budgeted increase in cost is \$1,200,000.
- **9. Dental premiums** are expected to remain flat at \$31 per month. This budget assumes no employee participation in premium costs for full time employees.
- **10. Worker's Compensation premiums** are budgeted at the same dollar level of contribution which will reduce the rate paid into the fund per \$100 of salary.
- **11. No increase** in life insurance is budgeted and the budget decreases by just over \$21,000 due to a lower rate which became effective in January 2016.
- **12.** Improvement in the Category I (student activity coach/director) stipends has been added to the budget at a total estimated cost of salaries and benefits of \$224,250.
- **13. Improvement in Club Stipend budgets** available to pay more teachers who are currently providing club activities without compensation. Improvements were made at all grade levels at a total increase of \$102,190

- **14.** Addition of a full time Assistant Superintendent of Secondary Education and Assistant Superintendent of Human Resources after those positions were unfilled for 2015-16. Net increase when eliminating a temporary administrative assistant position of \$218,000.
- **15. Fixed Cost increases** of \$858,451 for utilities, transportation, fuel & insurance have been added when comparing to the projected actual for 2015-16. These funds allow for an increase in rates for utilities and fuel costs for district owned vehicles and student buses. Increases in property and liability insurances are provided as well.
- 16. Increases in operating budgets for opening of Beulah Ralph Elementary and the Center for Early Learning North for utilities, insurance and busing, are included in the fixed cost portion of the budget.
- **17. Additional teacher, principal, and support personnel** totaling 34.82 FTE are included for the addition of these new buildings at a projected cost of \$1,640,985.
- **18.** Increase in grounds and FCS budgets of \$107,500 to continue the replacement of playground mulch, and provide funding for safety equipment.
- **19. Increase safety and security budget** to allow for increase required by City for off duty officer compensation. Estimated cost of \$20,000.
- **20.** Addition of \$6,000 for professional development for Parents as Teachers program to provide compensation for PD beyond the program requirements.
- **21. Professional services in special education** has been increased by \$150,000 in order to increase the number of students placed with High Road School (formerly referred to as SESI). This increase will be partially funded in future years by increased funding through the High Needs Fund as well as current year reductions to other program budgets.
- **22.** A needed increase in the technology devices budget for the student 1:1 initiative is included requiring a net technology services budget increase of \$160,000 rollover from prior year and an increase for 5th grade class size.
- **23. An increase to the Vocational Instructional Budget** allowing for the implementation of virtual servers and instruction in certain courses. The increase is \$70,000 as saved and rolled forward from the 2015-16 budget.
- **24.** Improvement of substitute teacher daily rate of pay from \$75 per day at a cost of \$101 to \$80 per day at a cost of \$108. The estimated cost of this improvement is \$140,000.
- **25.** Addition of full time STEAM Bus Conductor and operating budget for STEAM program expansion. The total estimated cost of these additions is \$130,000.
- **26. Addition of parent support** funds for Cradle to Career partnership, \$15,000.
- **27. Addition of two early childhood classrooms** to support growing Pre-K population. The estimated cost including start up materials is \$138,150, some of which will be one time need.
- **28. Addition of after program meal budgets** at high schools to be used to serve dinner to students who have late schedules due to activities. A budget of \$90,000 has been established which may be partially funded by grants.
- **29. Increase to the human resources budget** for teacher evaluation and administrator evaluation tools. The estimated cost of these is \$100,000.
- **30. Reduction in departmental budgets** for science, secondary mathematics, elementary and secondary language arts service and supply and PD budgets based on zero based budgeting efforts. A total of \$1,521,795 was reallocated to allow for other improvements outlined here.
- **31.** New teachers for growth in the areas of ELL, Elementary, Middle and High School to address projected growth and class size concerns are added to the 2016-17 budget. The estimated cost of salaries and benefits is \$379,500. These additions are only made available to buildings/programs if enrollment changes warrant the increase in FTE.

- **32.** The addition of a support staff member in the ELL Department has been made to work with families as they become a part of the CPS system. The estimated cost of salaries and benefits is \$38,716.
- **33.** Additional staffing in student health services in the form of a full time substitute nurse, an RN and a health secretary to support growing medical needs of the student population. An increase of \$105,613 for 2.50 FTE has been made.
- **34.** Add **2.50 teacher FTE** to allow for full teams at Oakland Middle School at an estimated cost of \$136,250.
- **35.** Add **5.66** fine arts teacher FTE to support growing participation in fine arts programming, particularly at the middle school level at an estimated cost of \$308,470.
- **36.** Addition of Assistant Principals at Benton and West Boulevard Elementary schools to support a growing student population at an estimated cost of \$212,000 including salary and benefit costs.
- **37.** Addition of AVID Building Coordinators and teachers at the secondary schools to support growing program demands. The estimated cost is \$239,119 for 4.08 FTE.
- **38.** Addition of **2.0** School Counselor FTE at secondary to support growing student caseloads. The estimated cost of salaries and benefits is \$109,000.
- **39.** Creation of District Data Services department to respond to changing need for data creation, response planning and use. The department adds two staff members, allowing for a director and allowing for succession planning, at an estimated cost of \$165,000.
- **40.** Additional staffing to support gifted program testing and teaching have been added for .70 FTE and \$46,677 in total costs.
- **41. Addition of one Instructional Technology Specialist** as aligned to the technology plan and to support continued 1:1 efforts. The estimated cost with extra days for this addition is \$60,638.
- **42. Add classroom aides at all elementary schools** to improve building and playground supervision model. This addition along with the elimination of the playground and lunch monitor positions has a net cost of \$369,815 for the salaries and benefits.
- **43. Addition of partial kindergarten play kits** as established by kindergarten teachers. The budget of \$54,000 will need to remain in place for four years in order to provide the entire kit.
- **44.** Increase in media specialist and media clerk FTE to provide full time specialists at all elementary schools and full time clerks at all middle schools. This increase of 1.80 FTE is projected to cost \$80,000.
- **45.** Increase work days for Instructional Aides, Paraprofessionals and LPNs by two to allow them to participate in training and/or collaboration days in buildings. The estimated cost of salaries and benefits is \$54,054.
- **46.** Addition of 3 FTE to allow each high school to focus on small group instruction providing intensive student support, at an estimated cost of \$163,500.
- **47. Addition of elementary MAC Scholars** stipends to pilot the program at 10 elementary schools. The estimated cost of the stipend and benefits is \$5,775.
- **48.** Addition of three lead practical arts teacher stipends, one in each program, to support the move from a full time program coordinator to part time. The cost of salary and benefits for this added stipend is \$5,200.
- **49. Addition of a net 2.96 teacher FTE** in vocational instruction to support program growth in various vocational programs, mostly at HHS and BHS. These FTE allow continued efforts to provide vocational options to more students and reduces student time spent traveling between their building and the Columbia Area Career Center.
- **50.** Addition of **10** minority interns for summer programming and experiences.

- **51. One time additions** are made for the following items. These budgets will only be necessary during the 2016-17 fiscal year.
 - a. **Budget to purchase non-capital start up** furniture, fixtures, equipment, technology and supplies for Beulah Ralph and the Center for Early Learning- North for a total of \$1,200,000.
 - b. Purchase of Hickman High School marching band uniforms at a cost of \$140,000.
 - c. **Elementary Social Studies curriculum** materials for new learning standards at a cost of \$175,000.
 - d. **Grounds budget for professional services** to install and expand playground mulch areas at all elementary and Pre-K buildings at a cost of \$300,000.
 - e. **Budget to engage outside firm** to perform an inventory and create an inventory system for all assets, regardless of value, in each building. This inventory would be maintained going forward and used for replacement of assets, in the event of a major event at a given building. The budget was estimated at \$45,000.
 - f. Increase to community relations budget for new district mission, vision and value signs to promote focus on vision, mission, purpose and values as well as AEO.

Transfers

- 1. Transfers included in the operating budget include the following.
 - a. Energy Lease \$251,110
 - b. Aslin Lease Purchase Payment \$505,402
 - c. Discovery Early Childhood Center Lease Purchase Payment \$119,458
 - d. Career Center Matching Funds \$100,000
 - e. Nutrition Services Fund \$350,000
 - f. Teacher Fund \$2,972,333 This transfer is made to assure that the teacher fund balance stays at zero at year end allowing the entire operating fund balance to be retained in the Incidental Fund for ease of fund management.

Annual Operating Revenue as Compared to Expenditures

1. The proposed operating budget results in increased revenue of \$15.1 million when compared to the 2015-16 projected actual revenues. The expenditure and transfer budgets are increased by \$16.2 million as compared to the final 2015-16 budget. The average monthly operating costs of the District increases by roughly \$1.35 million dollars with the proposed budget.

Fund Balance

1. The Operating Fund Balance is budgeted to decrease by \$804,103 during 2016-17, after an increase in 2015-16. Fund balance makes a natural adjustment downward by percentage as total annual spending increases. Our projected fund balance at 06/30/2017 should all revenues be received and expenditures realized as budgeted, will be \$50,809,267 or 24.48% of total expenditures and transfers. When making this calculation the transfer between incidental and teachers fund is not considered.

The annual budget creates an average monthly expense total of \$17,264,745. The Board of Education's goal is to maintain roughly 2.50 to 3.00 months of expenditures in the 6/30/2016 fund balance to assure appropriate cash flow. The budgeted ending fund balance for 06/30/2017 of \$50,809,267 is equal to 2.94 months of regular district bills.

The model assumes certain revenue growths under the four source functions as well as the following expense increases.

- a. continued increases in compensation for experience
- b. educational credit for employees who are eligible
- c. staffing and operating budgets for new buildings as they open
- d. teacher staffing for student growth each year
- e. continued district funded medical, dental and life insurance for full time employees
- f. annual increases in fixed costs (transportation, insurance, utilities, etc.)
- g. annual transfer to capital projects for capital lease payments (energy, Aslin, Discovery
- h. annual transfer to nutrition services fund to support operations
- i. planned one time expenditures for opening of schools and curriculum implementation

This budget allows for adequate future fund balances in the district's working 5 year financial model, maintaining a projected fund balance just above 23% which supports 2.81 months of expenditures at the projected balance on 6/30/2021. A low point in balances occurs 6/30/2019 at just above 22% and 2.69 months of expenditures held in fund balance.

Columbia Public School District Board of Education 2016-2017 Budget Parameters Approved February 8, 2016

Preface

The Board of Education has used a multi-year budget planning process in recent years which resulted in intentionally increased operating fund balances. These balances, along with conservative revenue improvement forecasts allow sustained operations without continued reductions. The state foundation formula has not been fully funded since 2008-2009 and is projected to remain under funded for the foreseeable future. This has increased the reliance on local revenues to support growth and increased needs of the District. The local economy remains strong in Columbia however the assessed valuation growth over the most recent five years, which includes one reassessment year, has averaged 2.35%. This is different from the five previous years where the assessed valuation averaged 3.52% between 2006-2007 and 2010-2011. The recent year trends in assessed valuation create fewer local revenue dollars to support the growth of the District.

The District acknowledges deficit spending is not a long term sustainable strategy, however, it was intentionally applied for 2013-2014 and is planned for future budget years to continue operations, open new schools and maintain class size at reasonable levels. The current 5-year financial model will require revenue improvements in order to eliminate deficit spending and continue current operations.

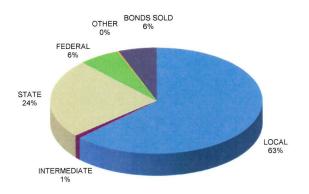

With this long term vision, the 2016-2017 budget will be developed in a collaborative process and consider priorities and the District's Mission, Vision and Values using the following parameters.

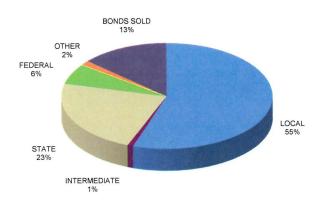

- 1. The Board of Education will consider program and departmental budget adjustments as necessary to promote student achievement.
- 2. The Board of Education will consider salary improvements for all employee groups through the budget and negotiation processes.
- 3. The Board of Education will consider employee benefit programs for eligible employees through the budget and negotiation processes.
- 4. Operating efficiencies will continue to be reviewed and considered throughout the budget process.
- 5. An 18-20% level of fund balances will be reflected in the five year model based on current and projected future total expenditures. Controlled spending will ensure financial integrity.

Elementary Instruction

Function(s):

Elementary Instruction 1111 through 1129

Mission:

The mission of elementary instruction is to provide developmentally appropriate and challenging educational opportunities to all students resulting in high levels of achievement for all.

Program Information: This program represents District expenditures for the instructional program for kindergarten through grade 5. This includes regular classroom instruction and specific areas of instruction for reading, health, music, art, science, math, social studies, physical education and language arts.

> Budget allocations for this program are made by the Assistant Superintendent for Elementary Education based on requests by the supervisor/coordinator for each area or, for general services and supplies, based on the needs and number of students served in each building.

Variance Discussion:

Expenditures have a net increase as compared to 2015-16 projected actual after the following reductions and improvements.

Reductions

· Decreases in departmental curriculum and instruction service and supply budgets

Improvements/Increases

- Increases in compensation for experience
- Educational credit compensation allowance
- Increases in compensation to recruit and retain highly qualified employees per the operating levy plan
- Increase in salaries for employees eligible for a step for experience in 2008-09
- Increase in medical and dental insurance rates paid for employees
- Increase of 10.00 teacher FTE and 2.00 instructional aide FTE to facilitate the opening of Beulah Ralph Elementary School
- Increase in classroom aide FTE and elimination of playground/lunch monitors to support playground, lunchroom and classroom management
- Additions of one-time furniture and equipment budgets for Beulah Ralph Elementary and the Center for Early Learning - North to support the opening of those buildings
- Increases to instructional operating budgets to support Beulah Ralph Elementary School
- Addition for purchase of new elementary social studies curriculum
- Addition of kindergarten play kits for all classrooms
- Increase in working days for instructional aides
- Increase in service and supply budget for STEAM Bus classroom materials
- Increase in daily rate of pay for substitute teachers

Function(s):

General Instruction

1192 through 1199 (other than 1195 DHS)

Mission:

The mission of general instruction is to provide each child with the knowledge and skills needed for academic achievement, personal effectiveness and productive citizenship.

Program Information:

This program represents District expenditures for the alternative instructional programs for ACE (Suspension Center), Juvenile Justice Center and the Boys and Girls Town Program. In 2011-12, the District added staffing for the Child and Family Support Process (CFSP) program at the elementary level. The CFSP supports elementary students who struggle with behavioral and mental health issues. The program includes a partnership with Burrell Behavioral Health and provides academic instruction and social/emotional support for students and their families.

Budget allocations for these programs are made by the Director of Special Services and the Assistant Superintendent of Secondary Education based on needs of the supervisor/coordinator for each area or, for general services and supplies, based on the number of students served in each building. Detailed budget information for each building and/or program may be found in the supplemental section of this budget.

Program: Parents as Teachers

Function(s): Parents as Teachers

3842

Mission: The Early Childhood Development Act of 1984 mandated that every school district in

Missouri provide Parents as Teachers services to families in their attendance area. Parents as Teachers is a free, voluntary, early childhood program that provides parent education and support for all parents of children, prenatal to kindergarten age. The services include personal visits from parent educators, group meetings, developmental

screenings, and connections to other community resources.

Program Information: The program represents expenditures for salaries and benefits and program costs to

allow Parent Educators to work in the community with parents of infant to pre-school age children. This program receives a portion of their funding from the state PAT program, based on visits made and screenings completed. This reimbursement was cut by 59% in 2010-11 and resulted in reorganization in the programming. The program focuses on families with special circumstances that place a family and child at-risk and, therefore,

warrant additional support.

Variance Discussion: Expenditures have a net increase as compared to 2015-16 projected actual after the

Mission: Other Financing Uses include interfund transfers as legally required, or transfers

to maintain a positive fund balance position.

Program Information: Interfund transfers are made to assure positive year end balances or to allow for

capital purchases from various operating budgets for equipment, furniture and technology. Transfers are also made to move energy savings to capital for the payment on the energy lease and for the lease purchase payment on the

administration building addition.

Variance Discussion: The other financing increases shown are the expected interfund transfers

necessary to avoid budgeting for a deficit in the nutrition services and/or teachers (special) fund when necessary, as well as transfers to the capital projects fund

for various capital leases and needed projects.

Program: Debt Services

Function(s): Debt Services

5000

Mission: Debt Services is to retire the general obligation debt of the District as issued with

voter authorization.

Program Information: This program represents the debt service payments (principal, interest and

registrar/paying agent fees) for outstanding general obligation debt of the District.

Detailed budget information for the total debt outstanding, principal and interest

payments, by year, may be found in the supplemental section of this budget.

Variance Discussion: The District's debt service schedule will vary each year dependent upon the

original debt outstanding and refunding activity. General Obligation Refunding

bonds totaling \$27,300,000 are scheduled to be repaid in March 2017.

Funding Sources: The major source of funding for the Debt Service Fund is the debt service levy

included in the local property tax levy. In fiscal year 2013, the levy included an increase of \$.12 as authorized by the voters in April 2012. As a part of the annual tax rate setting each August adjustment to the rate is determined by actual need for repayment of existing debt and assessed valuation. The current making a

total debt service levy is \$.9719 per \$100 of assessed valuation.

Program: Capital Projects

Function(s): Capital Projects

4001 through 4999

Mission: Capital Projects are the major projects of the District to provide for the space and

equipment needs of the District.

Program Information: This program represents the projects of the District funded by the issuance of

general obligation bonds of the District as authorized by the voters, as well as projects funded by local revenues. The bond authorization being issued during fiscal year 2016-17 is the remaining \$15,000,000 of the \$50,000,000 presented and approved by the voters in April 2014. The primary purpose of this authorization is building addition to Grant Elementary School, as well as other

school building improvements.

Variance Discussion: The budgeted increase in Capital Projects Fund expenditures is due to use of

funds from general obligation bonds sold and funds received in April 2016. Even through the District anticipates spending the 2016 bond issue over a two year period, we have elected to budget the full amount of the projects in the 2016-17 school year. Budgeting for projects in full, regardless of the expected duration, is a transparent commitment of the funds. This conservative budgeting approach prevents over commitment of bond funds. The complete listing of capital projects

can be seen on pages 180 through 182.

Funding Sources: The issuance of general obligations bonds as approved by the voters and a tax

levy for capital projects, as well as other miscellaneous revenue sources.

Program: Nutrition Services

Function(s): Nutrition Services

2561

Mission: Nutrition Services provide the breakfast and lunch programs during the regular

school year and summer school.

Program Information: This program represents expenditures for the operation of the Nutrition Services

program including operating costs, food purchases and equipment. This program is self sustaining, receiving no support from the operating budget or tax

levy.

Variance Discussion: The budget includes the improvement of benefits for medical and dental

insurance premiums, as well as increases in compensation of support and

administrative staff based on experience.

Due to continued excess expenditures over revenues in 2012-13 and 2013-14, significant measures were taken during 2014-15 to reduce expenditures where possible. This included a freeze on capital and equipment purchases for one year, reduction in kitchen hours and a chef position, as well as elimination of the contract for secured deposit pickup. These reductions have resulted in reduced

projected expenditures in 2014-15 and in 2015-16.

During 2016-17, expenditures are expected to increase due to the increase in compensation for all employees to help recruit and retain highly qualified staff as part of the operating levy plan. Thus, the District expects to transfer \$350,000

from the operating fund to support the additional expenses in the Nutrition

Services Fund.

Funding Sources: Funding for the operation of the Nutrition Services program is from lunch and

breakfast sales, federal funding, donated commodities and state and federal

funding.

Program: Adult Education

Function(s): Adult Education

1601 through 1699

Mission: The mission of the Adult Education program is to identify and provide for the

continuing educational needs of the public with career and GED programs. This

fund is self sustaining, receiving no funding from the operating budget.

Program Information: This program was established to account for significant revenues and

expenditures for adult and continuing education.

Variance Discussion: Increased compensation for experience and improvement in medical and dental

insurance premiums are included in this budget. The full time adult education coordinator began to be fully funded by the program rather than the incidental budget beginning in fiscal year 2010-11. Annually, expenses are increased or decreased to match the grant allocation for the coming year. In 2014-15, the program moved out of Douglass High School and into leased space. The District operating budget has added the cost of facility lease and related expenses as the

grant will not allow funding such services.

Funding Sources: Revenues are generated by user fees and state and federal aid.

Mission: The purpose of seeking competitive grant funding is to enhance the instructional

programs of the District.

Program Information: Grant funding comes from a wide range of sources, both public and private.

These sources include state and federal programs such as, School Improvement, Family Literacy Enhancement, Vocational Enhancement and Title III Immigrant programs. Private grants have been obtained from funders such as Columbia

Public Schools Foundation and the Assistance League® of Mid-Missouri.

A listing of standard operating grants obtained by the District is provided in the supplemental section of this budget and is considered to be critical to

programming.

Variance Discussion: Funding will vary each year in this program. As applications for grant funding are

submitted and approved, the budget will periodically be amended to include these

additional funds.

COLUMBIA SCHOOL DISTRICT 2016-17 EXTRA-DUTY STIPENDS – DESCRIPTORS

Category I Stipends - MSHSAA Related Activities

Category I Stipends include coach or sponsor positions for which points are awarded upon the fulfillment of eight criteria descriptors. These positions have been "standardized" for the District. The responsibilities and expectations are the same for each high school, middle school and elementary school.

In addition to the MSHSAA related activities, the District also has established pay rates for Intramurals and Off Season responsibilities. Intramural stipends are included in the schedule.

Longevity points are given for experience on the Category I schedule. Experience is granted for experience within the District only. Each longevity point is worth \$115 and is applied annually after the accumulation of three years in the particular sport or area. Employees leaving the District and returning are placed at the beginning of the schedule and begin earning longevity from that placement.

Category II Stipends - Club Sponsors of Student Activities

Category II Stipends include sponsors of student clubs that serve to be co-curricular and/or enhance the current educational programs. These school clubs meet before or after school.

For the activity specified, appropriate points are awarded for each of five criteria descriptors standardized across the District. Points are assigned according to a given formula based on specific criteria.

Category III Stipends – Administrative Stipends

Category III Stipends include activities or responsibilities that require time outside of the school day for co-curricular or extracurricular activities that are in support of the educational program of a school.

The stipend is recommended by an Assistant Superintendent and approved by the Assistant Superintendent of Human Resources following identification of budget source and alignment with similarly situated responsibilities. This year we added on-line teaching opportunities and developed a stipend. You will see it added in this update.

FOR INFORMATION ONLY

Extended Contract Days

Currently, the administration of the Columbia Public Schools utilizes "extended" day contracts for employees whose responsibilities begin earlier than the first day of the teaching contract or extend beyond the end of the school year.

Extended contracts are provided to employees recommended by the Assistant Superintendent of the designated area for duties directly associated with the employee's professional contract, with final approval from the Superintendent of Schools upon appropriate budget identification.

All new extended day contracts beginning July 1, 2010 are now issued on a per diem basis to a capped rate of \$225 per day. Employees receiving extended day contracts prior to July 1, 2010 are grandfathered on the schedule that does not cap.

General Supervision Stipends

General Supervision Stipends are provided to building employees who supervise students during the "non-contractual" time periods, typically before and after the school day. The stipends are paid at a rate of \$10.00 per hour. Each school has a specific number of hours allocated to their building for general supervision.

LONGEVITY POINTS are assigned to Category I Stipends. The point value currently assigned is \$130/point. MSHSAA coaches and sponsors in Category 1 activities will receive one (1) point for longevity after three (3) years as a coach or sponsor in the same activity. After the three years, they will then be awarded a longevity point each year as long as they stay involved in that sport or activity. If a coach leaves the sport or district and returns to coaching, they will be placed at their longevity previously attained.

If the program is unable to find a suitable Coach/Director on staff and contracts with a third party in the business of providing the needed services, funds can be transferred to their operating budget to cover the cost of the contract.

Steps 1 through 11

To be eligible for advancement on the OT/PT salary schedule an OT or PT would be employed for at least .75 FTE and obtain 32 contact hours and maintain Missouri Division of Professional Registration or Missouri Board of Healing Arts.

Steps 12-20

To be eligible for advancement on the OT/PT salary schedule an OT or PT would be employed for at least .75 FTE and maintain Missouri Division of Professional Registration or Missouri Board of Healing Arts.

FTE less than .75 would be cumulative. Therefore, it may take more than one year to be eligible for advancement on the salary schedule.

Remaining FTE that exceeds .75 FTE will be retained and added to successive years towards the .75 FTE for step advancement.

Contact hours can be accumulated for multiple years to obtain 32 hours for advancement. Contact in excess of 32 hours will be retained and added to the total contact hours attained in successive years.

Note: Step 13 is the maximum entry level for new OT/PTs.

Note: The 6/30/17 Projected combined balance of the Operating and Teachers Funds, \$50,809,267 represents 24.52% of the budgeted expenditures and transfers for 2016-17, as compared to 27.48% projected for 06/30/16. While the projected annual deficit is small in 2016-17, the increase in the budgeted operating expenditures causes a shrinking fund balance when shown by percentage.

Note: The increases in assessed valuation for fiscal years 2002 and 2006 are primarily due to reassessment and are offset, as required by state law, by a reduction in the District's tax rate. FY 2010 and FY 2014 were also a reassessment years, however property values did not increase at a typical rate during reassessment. The numbers shown above are total Assessed Valution and are not reduced for TIF Values.

Collection rate reflects percentage of tax bills collected less what is paid to county in fees, thus showing

COLUMBIA SCHOOL DISTRICT

DEBT SUMMARY

AS OF JUNE 30, 2016

The District issues general obligation bonds and certificates of participation as authorized by the voters. A summary attached details the repayment schedule for the current outstanding debt balances.

The District will begin fiscal year 2016-17 with an estimated debt service fund balance of \$47,599,573 and repay principal and interest of \$23,161,009 in general obligation bonds during the year. General Obligation Bond payments are made using revenue received from a local debt service levy which is established each August based on a calculation set forth by the State Auditor and voter authorized increases. The current allowable debt service levy is \$1.2311, however, the District rolls back that calculation by .2592 assessing a levy of .9719.

The District will also repay \$28,503,500 of general obligation refunding bonds during fiscal year 2016-17. The refunding bond payments will be made from the proceeds of the refundings made during fiscal years 2014-15 and 2015-16 which are held in an irrevocable escrow account.

Payments to the principal and interest of the Certificates of Participation are made through the capital projects fund using transfers from the incidental fund. For 2016-17, the total debt service on the COPS is budgeted at \$875,970.

Nutrition Services Meal Prices for 2016-17

Effective July 1, 2011, Section 205 of the <u>Healthy Hunger-Free Kids Act of 2010</u> requires Local Education Agencies (LEAs) participating in the National School Lunch Program to provide the same level of support for lunches served to paid students as for students eligible for free or reduced-price lunches. The act directs LEAs that currently charge less than a free meal reimbursement rate minus the paid meal reimbursement rate to gradually increase their prices over time until they meet the requirement. Schools may choose to cover the difference in revenue with non-Federal funds instead of raising paid prices. This provision was created to help ensure schools have funding available to support serving nutritious meals.

On November 13, 2015, USDA, Food Nutrition Service (FNS) issued a memo SP 09-2016 to remind LEAs that for SY 2016-17, LEAs which, on a weighted average, charged less than \$2.78 for paid lunches in SY 2015-16 are required to adjust their weighted average lunch price or add non-federal funds to the non-profit food service account. The amount increase per meal will be calculated using 2 percent plus 2.97 percent, or 4.97 percent total. SFAs are reminded that they must use their unrounded adjusted average paid lunch price requirement from SY 2015-16 when calculating the weighted average paid lunch price increase for SY 2016-17. This results in a required 10 cent meal price increase at a minimum for Columbia Public Schools for 2016-17.

2014-15 Meal Counts	
Full Price Lunches	690,335
Reimbursable Reduced Price Lunches	126,427
Reimbursable Free Lunches	901,483

GLOSSARY

ACCOUNTS PAYABLE - Amounts owing on open account to private persons, firms, or corporations for goods and services rendered by the LEA.

ACCOUNTS RECEIVABLE - Amounts owing on open account from private persons, firms, or corporations for goods and services furnished by the LEA (but not including amounts due from other funds of the same governmental unit). Although taxes receivable are covered by this term, they should be recorded and reported separately in the Taxes Receivable account.

ACCRUAL BASIS - The basis of accounting under which revenues are recorded when earned or when levies are made, and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made.

ACCRUE - To record revenues when earned or when levies are made, and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. Sometimes the term is used in a restricted sense to denote the recording of revenues earned but not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds.

ACCRUED EXPENSES - Expenses which have been incurred and have not been paid as of a given date. See also Accrual Basis and Accrue.

ACCRUED INTEREST - Interest accumulated between interest dates but not yet due.

ACCRUED INTEREST ON INVESTMENTS PURCHASED - Interest accrued on investments between the last interest payment date and date of purchase. The account is carried as an asset until the first interest payment date after date of purchase. At that time an entry is made debiting the account Cash and crediting the account Accrued Interest on Investments Purchased and an Interest Earnings account for the balance.

ACCRUED LIABILITIES - Amounts owed but not yet due; for example, accrued interest on bonds or notes.

ACCRUED REVENUE - Levies made or other revenue earned and not collected regardless of whether due or not.

ADJUSTED OPERATING LEVY - The amount of levy for the Incidental, Teachers', and Capital Projects Funds after reduction by the Proposition C sales tax rollback. The Columbia School District applies the rollback to the Incidental Fund Levy.

AD VALOREM TAXES - Taxes levied by the LEA on the assessed valuation of real and personal property located within the LEA which, within legal limits, is the final authority in determining the amount to be raised for school operating purposes or retirement of debt.

ALLOWABLE COST - Cost of predetermined equipment, service, and/or activities that have been considered to be appropriate for authorization by the funding agency.

ALLOWANCE FOR UNCOLLECTIBLE TAXES - A provision of tax revenues for that portion of taxes receivable which it is estimated will not be collected. The account is shown on the balance sheet as a deduction from the Taxes Receivable account in order to arrive at the net taxes receivable. Separate accounts may be maintained on the basis of tax roll year and/or delinquent taxes.

APPROPRIATION - An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

AUDIT - The examination of records and documents and the securing of other evidence for one or more of the following purposes: (a) determining the propriety of proposed or completed transactions, (b) ascertaining whether all transactions have been recorded, and (c) determining whether transactions are accurately recorded on the accounts and in the statements.

AVERAGE DAILY ATTENDANCE (ADA) - The total hours attended in a term by resident pupils between the ages of five and twenty-one divided by the actual number of hours school was in session (actual calendar) PLUS the summer school average daily attendance (ADA) (hours attended divided by 1044 hours). Summer school ADA is a part of the immediate preceding school year's total ADA.

BOND - A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

BOND DISCOUNT - The excess of the face value of a bond over the price for which it is acquired or sold. The price does not include accrued interest at the date of acquisition or sale.

BOND PREMIUM - The excess of the price at which a bond is acquired or sold, over its face value. The price does not include accrued interest at the date of acquisition or sale.

BONDED INDEBTEDNESS - The part of the LEA debt which is covered by outstanding bonds of the LEA.

BOND PROCEEDS RECEIVABLE - An account used to designate the amount receivable upon sale of bonds. Revenue from bond sales is placed in the Capital Projects Fund, not in the Debt Service Fund.

BONDS PAYABLE - The face value of bonds issued and outstanding.

BOOK VALUE - Carrying amount as shown on the books.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them. The budget usually consists of three parts. The first part contains a message from the budget-making authority together with a summary of the proposed expenditures and the means of financing them. The second part consists of schedules supporting the summary. The schedules show in detail the proposed expenditures and means of financing them together with information as to past years' actual revenues and expenditures and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect. Section 67.010, RSMo, is the statutory reference governing budgets.

BUDGETARY ACCOUNTS - Those accounts necessary to reflect budget operations and conditions, such as estimated revenues, appropriations, and encumbrances, as distinguished from proprietary accounts. See also Proprietary Accounts.

BUDGETARY CONTROL - The control or management of the business affairs of the LEA in accordance with an approved budget with a view toward keeping expenditures within the authorized amounts.

BUDGET DOCUMENT - The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating body. The budget document usually consists of three parts. The first part contains a message from the budget-making authority, together with a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the information as to past years' actual revenues, expenditures, and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect.

CAPITAL OUTLAY - An expenditure which results in the acquisition of fixed assets or additions to fixed assets which are presumed to have benefits for more than one year. It is an expenditure for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, or initial, additional, and replacement of equipment.

CAPITAL PROJECTS FUND – The Capital Projects Fund accounts for expenditures from the proceeds of bond issues, investment income earned on the proceeds, and other revenues designated from acquisition or construction of major capital assets. The expenditures include major capital outlay projects and equipment purchases for instructional and support programs.

CASH BASIS - The basis of accounting under which revenues are recorded only when actually received, and only cash disbursements are recorded as expenditures.

CATEGORICAL AID - Support funds provided from a higher governmental level and specifically limited to (earmarked for) a given purpose, e.g., special education, transportation, or vocational education.

CERTIFICATES OF PARTICIPATION - A type of financing where an investor purchases a share of the lease revenues of a program rather than the bond being secured by those revenues.

CO-CURRICULAR ACTIVITIES – Co-curricular activities (experiences) are comprised of the group of school sponsored activities, under the guidance or supervision of qualified adults, designed to provide opportunities for pupils to participate in such experiences on an individual basis, in small groups or in large groups, at school events, public events or a combination of these for such purposes as motivation, enjoyment, and improvement of skills. In practice, participation usually is not required and credit usually is not given. When participation is required or credit is given, the activity generally is considered to be a course.

COMMUNICATION - Expenditures for telephone and telegraph services as well as postage machine rental and postage.

COMMUNITY RECREATION - Activities concerned with providing recreation programs for the community as a whole, or for some segment of the community. It includes such staff activities as organizing and supervising playgrounds, swimming pools, and other recreation programs for the community.

COMMUNITY RELATIONS - Activities concerned with conducting community relations activities. It includes maintaining liaisons with local civic groups, serving as the central point for all requests for public speaking engagements, responses to public inquiry, arranging for tours of and visits to the LEA.

COMMUNITY SERVICES - Services, other than public school and adult education functions, provided by the school or LEA for purposes relating to the community as a whole or some segment of the community. These include such s services as community recreation programs, civic activities, public libraries, programs of custody and care of children, Parents-As-Teachers (PAT), community welfare activities, and services for nonpublic school pupils provided by the public schools on a continuing basis.

CONTINGENT FUND - Assets or other resources set aside to provide for unforeseen expenditures, or for anticipated expenditures of uncertain amount.

CONTINGENT LIABILITIES - Items which may become liabilities as a result of conditions undetermined at a given date, such as guarantees, pending lawsuits, judgments under appeal, and unsettled disputed claims.

CONTRACTED SERVICES - Services rendered by personnel who are not on the payroll of the LEA including all related expenses covered by the contract.

CURRENT ASSETS - Cash or anything that can be readily converted into cash.

CURRENT EXPENSE - Any expenditure except for capital outlay and debt service. Current expense includes total charges incurred, whether paid or unpaid.

CURRENT FUNDS - Money received during the current fiscal year from revenue which can be used to pay obligations currently due, and surpluses reappropriated for the current fiscal year.

CURRENT LIABILITIES - Debts which are payable within a relatively short period of time, usually no longer than a year.

CURRENT OPERATING COST - Total instruction and support expenditures in a fiscal year excluding capital outlay, long term or short term principal and interest minus revenues received for food service (local program and nonprogram, state, federal, and summer food program) and student activities in that fiscal year. Current operating cost is calculated for the district annually and used in computing the certificated salary compliance for the school district.

DEBT SERVICE - Expenditures for the retirement of debt and expenditures for interest on debt, except principal and interest of current loans. Per Section 165.011, RSMo, if a balance remains in the Debt Service Fund after total outstanding indebtedness for which the fund was levied is paid, the board MAY transfer the unexpended amount to the Capital Projects Fund. The Debt Service Fund must be maintained as a separate bank account.

DEBT SERVICE FUND – The Debt Service Fund accounts for expenditures for the revenue collected from local taxation and allocated state aid for the payment of principal and interest on bonded indebtedness.

DELINQUENT TAXES - Taxes remaining unpaid on and after the date on which they become delinquent by statute.

DOUBLE ENTRY - A system of bookkeeping which requires for every entry made to the debit side of an account or accounts an entry for the corresponding amount or amounts to the credit side of another account or accounts.

ELIGIBLE PUPIL (EP) - Average daily attendance (ADA) for the regular school term and summer school PLUS summer school ADA added a second time.

EMPLOYEE BENEFITS - Compensation, in addition to regular salary, provided to an employee. This may include such benefits as health insurance, life insurance, annual leave, sick leave, retirement, and social security.

ENCUMBRANCES - Purchase orders, contracts, and salary or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when actual liability is incurred.

ENROLLMENT - Head count taken the last Wednesday of September and January of all resident and nonresident students K-12 in the enrollment center. All students counted as one (no part time). Not reported for prekindergarten students.

ENTITLEMENT GRANT - A formula grant program that establishes a specific amount of funds to be distributed to each agency. Recipients of such funds determine how the funds are to be used according to the purposes authorized by the program.

EQUALIZED ASSESSED VALUATION (EAV) - The district assessed valuation adjusted for the county average sales ratio. The calculation to equalize the assessed valuation only adjusts real property assessed valuation. To calculate equalized assessed valuation: (Real Property AV x .3333 = County Sales Ratio).

EQUALIZED OPERATING LEVY - The operating levy (General (Incidental) & Special Revenue (Teachers) Funds) as defined in Section 163.011, RSMo, adjusted for the county average sales ratio. To calculate equalized Operating Levy: (Operating Levy x County Sales Ratio = .3333).

FAIR MARKET VALUE - The current assessed value of a piece of equipment, service or activity.

FIDELITY BOND - A bond guaranteeing the LEA against losses resulting from the actions of the treasurer, employees, or other persons of the system. See also Surety Bond.

FISCAL INSTRUCTIONAL RATIO OF EFFICIENCY (FIRE RATIO) – The quotient of the sum of the district's current operating costs for all kindergarten through grade twelve, direct instructional and direct pupil support service functions, plus the costs of improvement of instruction and the cost of purchased services and supplies for operation of the facilities housing those programs, excluding student activities, divided by the sum of the district's current operating cost for kindergarten through grade twelve, plus all tuition revenue received from other districts minus all non-capital transportation costs.

FIXED ASSETS - Land, buildings, machinery, furniture, and other equipment which the LEA intends to hold or continue in use over a long period of time. "Fixed" denotes probability or intent to continue use or possession, and does not indicate immobility of an asset.

FREE AND REDUCED LUNCH ELIGIBLE COUNT (Line 14) - The number of pupils enrolled in the district AND eligible for free or reduced lunch on the last Wednesday in January. The number used on line 14 of the basic formula calculation in the current year is always the **previous year's January** count. This number bears no relationship to the number of children actually eating in the school cafeteria (School Food Services count). This number by definition is a different count from that used for the federal programs or School Food Services.

FUND - An independent accounting entity with its own assets, liabilities, and fund balances. Generally, funds are established to account for financing of specific activities of an agency's operations.

FUND ACCOUNTING - An accounting system emphasizing accountability rather than profitability, used by non-profit organizations and governments. In this system, a fund is a self-balancing set of accounts, segregated for specific purposes in accordance with laws and regulations or special restrictions and limitations

FUNDING - The conversion of judgments and other floating debt into bonded debt.

GAIN OR LOSS ON SALE OF INVESTMENTS - Gains or losses realized from the sale of bonds or stocks. Gains represent the excess of the sales proceeds over cost or other basis at date of sale (cost less amortization of premium in the case of long-term bonds purchased at a premium over par value or cost plus amortization of discount on long-term bonds purchased at a discount

under par value); gains realized from sale of US Treasury bills represent interest income. Losses represent the excess of the cost or other basis at date of sale (as described above) over the sales proceeds.

GENERAL (INCIDENTAL) FUND – The General Fund accounts for all expenditures relating to the general operations of the District, including instruction, administration, operation and maintenance of plant, student support services, and pupil transportation. Certificated salaries may also be paid from the General Fund.

GUARANTEED TAX BASE – The amount of equalized assessed valuation per eligible pupil guaranteed each school district by the state in the computation of state aid.

INCLEMENT WEATHER - If school is dismissed because of inclement weather after it has been in session for three hours, that day shall count as a school day towards the minimum requirement of 174 days. This includes the afternoon session kindergarten (K-PM). If the aggregate hours lost in a term due to inclement weather decreases the total hours of the term below the required minimum of 1044 hours by more than twelve hours for all day students or six hours for one-half day kindergarten students, all such hours below the minimum must be made up in one half day or full day additions to the term except as provided in Section 171.033, RSMo.

INDIRECT COSTS - Costs incurred for services, materials, supplies, and/or equipment which are common to two or more programs and, therefore, are not identifiable with a particular program. There are restricted and nonrestricted indirect cost rates. The School Finance Section calculates the indirect cost rate for the next school year based on data submitted by the district on Core Data and on the Annual Secretary of the Board Report (ASBR) for the second preceding year.

INSTRUCTION - Instruction includes the activities dealing directly with the teaching of pupils. Teaching may be provided for pupils in a school classroom, in another location such as in a home or hospital, and other learning situations such as those involving cocurricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence.

INSTRUCTIONAL PERSONNEL - Those who render direct and personal services which are in the nature of teaching. Included here are: teachers (including teachers of homebound), teaching assistants, teacher aides, secretaries for teachers, special graders, substitute teachers, and clerks serving teachers only. Attendance personnel, health personnel, and other clerical personnel should not be included as instructional personnel.

INSURANCE AND BOND PREMIUMS - Expenditures for all types of insurance coverage such as property, liability, fidelity, bond premiums, as well as the costs of judgments. Insurance for group health, worker's compensation, etc., are not charged here, but are recorded under Personal Services--Employee Benefits.

INTERNAL SERVICE FUNDS - Funds used to report an activity that provides services or goods to other funds, departments, or agencies to the county, the school system, or component unit on a cost-reimbursement basis. Examples of internal service funds are self-insurance and workers' compensation funds.

LEA (LOCAL EDUCATION AGENCY) - A public board of education or other public authority legally constituted within a State for either administrative control or direction of, or to perform a service function for, public elementary schools or secondary schools in a city, county, township, school district.

MAINTENANCE OF EFFORT - A requirement to spend as many dollars or as many dollars per student for a specific activity during the current school year as was spent during the previous year

for a similar activity. Maintenance of effort is required for handicapped programs, Title I, and vocational education.

MEMBERSHIP - A pupil is a member of a class or school from the date the pupil presents himself/herself at school and is placed on the current roll until the pupil permanently leaves the class or school for one of the causes recognized as sufficient by the State. Membership for state aid purposes shall be the count of students taken the last Wednesday in September and January who were enrolled on the count day AND in attendance at least one of the previous ten school days. Part-time students are reported on a full-time equivalent (FTE) basis.

OPERATING LEVY – The levy association with the Incidental, Teachers', and Capital Projects Funds.

OPERATING LEVY FOR SCHOOL PURPOSES - The sum of the adjusted tax rates levied in the General (Incidental) Fund and Special Revenue (Teachers) Funds.

PAYMENTS IN LIEU OF TAXES - Payments made out of general revenues by a governmental unit to the LEA in lieu of taxes it would have had to pay had its property or other tax base been subject to taxation by the local LEA on the same basis as other privately owned property or other tax base. It would include payment made for privately owned property which is not subject to taxation on the same basis as other privately owned property due to action by the governmental unit owning or responsible for the property.

PAYROLL - A list of individual employees entitled to pay, with the amounts due to each for personal services rendered. Payments are also made for such payroll-associated costs as federal and state income tax withholdings, retirement, and social security.

PROPERTY INSURANCE - Expenditures for all forms of insurance covering the loss of, or damage to, property of the LEA from fire, theft, storm, or any other cause. Also recorded here are costs for appraisals of property for insurance purposes.

PROPOSITION C – A one-cent sales tax for education. Fifty percent of the amount received is used to reduce the operating levy. Hence the term Prop C rollback, which in the Columbia School District is used to reduce the Incidental Fund Levy.

PURCHASED SERVICES - Personal services rendered by personnel who are not on the payroll of the LEA, and other services which may be purchased by the LEA.

REAL ESTATE - Land, improvements to site, and buildings; real property.

REFUNDING BONDS - Bonds issued to pay off outstanding bonds.

RESIDENT STUDENT - Generally a student whose legal residence is within the geographic area served (district boundary) by a specified school, LEA, or institution. It includes all children between the ages of five and twenty-one who are attending kindergarten through grade twelve. If a child is attending in a district other than the domicile (district of residence) district AND the child's parent is teaching in the district the child is attending, then that child shall be considered a resident pupil of that district for the period of time when that district of residence is not otherwise liable for tuition.

REVENUE TRANSFER - One of two transfers allowed in Section 165.011, RSMo, from the General (Incidental) Fund to the Capital Projects Fund in an amount not to exceed the calculated cap based on \$.18 and \$.06. This cap is calculated annually by the School Finance Section and carries statutory requirements to be able to make the transfers.

SALE OF BONDS - Proceeds from the sale of bonds, except that if bonds are not sold at a premium, only those proceeds representing the par value of the bonds would be included.

SCHOOL PURPOSES – Refers to the Incidental and Teachers' Funds.

SPECIAL REVENUE (TEACHERS' FUND) – The Teachers' Fund is used to account for revenue sources legally restricted to expenditures for the purpose of teachers' salaries, health insurance benefits for teachers, and tuition payments to other districts.

SUPPLANT - To substitute a new source of funds to provide services or materials already in existence in the LEA and previously funded with other funds.

SUPPLEMENT - To add to that which the district is already providing due to a specific requirement or as a matter of previous practice. The LEA must be able to document that federal/state funds were used to increase the level of funding for an existing service or to begin a new service.

SURETY BOND - A written promise to pay damages or to identify against losses caused by the part of parties named in the document, through nonperformance or through misappropriation of monies; for example, a surety bond given by a contractor or by an official handling cash or securities.

TAX ANTICIPATION NOTES - Short-term loan issued in the amount to not exceed 50 percent of the taxes levied by the respective school district. The loan may bear an interest rate not exceeding ten percent unless advertised; if advertised, fourteen percent. The loan does not count against any statutory debt limitation and the loan must mature within six months.

TAX ASSESSMENT AND COLLECTION - Activities concerned with assigning and recording equitable values to real and personal property, assigning a mileage rate (dollars yield per thousand dollars), and receiving yield in a central office.

TAX RATE CEILING – The highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service.

TAXES RECEIVABLE - The uncollected portion of taxes which the LEA or governmental unit has levied and which has become due, including any interest or penalties which may be accrued. Separate accounts may be maintained on the basis of tax roll year and/or current and delinquent taxes.

UNAMORTIZED DISCOUNTS ON BONDS SOLD - That portion of the excess of the face value of bonds over the amount received from their sale which remains to be written off periodically over the life of the bonds.

UNAMORTIZED DISCOUNTS ON INVESTMENTS - The excess of the face value of securities over the amount paid for them which have not yet been written off.

UNAMORTIZED PREMIUMS ON BONDS SOLD - An account which represents that portion of the excess of bond proceeds over par value and which remains to be amortized over the remaining life of such bonds.

UNAMORTIZED PREMIUMS ON INVESTMENTS - The excess of the amount paid for securities over the face value which has not yet been amortized. Use of this account is normally restricted to long-term investments.
