Revised 01-15-2024

## WORKERS COMPENSATION TELEMEDICINE PROCESS

### Process for injured worker:

1. The employee's First Report of Accident online form will need to be submitted to TASBRMF before the employee can setup an appointment with RediMD.
2. The nurse, department designee, supervisor, or injured employee calls RediMD (888-733-4635) and reports the injury and a customer service rep with RediMD sets up an appointment with the doctor.
3. The injured worker determines what time they would like to see/speak to a RediMD doctor.
  - The RediMD doctor will be available to see the injured worker in 5 to 10 minutes from the initial reporting of the injury to RediMD.
4. The RediMD doctor will conduct a Telemedicine visit with the injured worker and confirm the compensable injuries reported by the injured worker. (The doctor will read back the exact statement the injured worker reported to RediMD to determine and agree on the compensable injuries.)
5. If a follow up Telemedicine visit is necessary, the doctor and the injured worker will schedule a time and date for the follow up visit. The injured worker will get a confirmation email or text immediately upon scheduling the follow up visit.
6. RediMD will notify/remind the injured worker the day before their scheduled visit via email and a phone call.
7. The doctor will complete the necessary paperwork and DWC-73 forms. RediMD will send over all the notes via fax or email to TASBRMF, the Division of Workers' Compensation, and the employer.
8. The company can call the treating doctor at their convenience to discuss the case and go over work restrictions, if necessary.
9. The injured workers DWC forms and notes will be uploaded to RediMD's portal where pre-determined staff will have access to retrieve at any time. The staff will be given a log in and password on RediMD that will only show them their employee's DWC forms and notes.
