The American Rescue Plan (ARP) of 2021 provides Pennsylvania with nearly \$4.5 billion of Elementary and Secondary School Emergency Relief funds for eligible expenses between March 13, 2020, and September 30, 2024. PA allocated 90 percent of these funds to LEAs, which are required to create a detailed plan for ARP ESSER Fund usage similar to plans used in Comprehensive Planning and School Improvement Planning. Federal and state policies require all LEAs to engage in consultation with stakeholders, "including, but not limited to... educators, school staff and their unions" during this planning process. .
