2023-24 District Goals

From 2021- 2026, Clayton County Public Schools and every school will demonstrate eight percentage points growth each school year for students scoring at the proficient and distinguished levels as evidenced by state, national, and international assessments.

2023-24 School Goals

After careful analysis of data, Kemp Primary's Leadership Team will focus on our most critical deficits in the areas of Reading, Writing and Math. Students will increase by 3% in each content area. In an effort to reach these goals, Kemp Primary will utilize the following to collaboratively plan and deliver effective instruction:

School-Parent Compacts

As part of this plan, Kemp Primary School and our families will develop a school-parent compact, which is an agreement that parents, teachers, and students will develop that explains how parents and teachers will work together to make sure all our students reach grade-level standards. The compacts will be reviewed and updated annually based on feedback from parents, students, and teachers. There were roundtable discussions regarding and input revisions meetings. The school-parent compacts also are shared with parents during parent-teacher conferences. We strive to develop partnership with families for sharing the responsibility for improved student achievement.

Parent and Family Engagement

Kemp Primary School believes that family engagement means the participation of parents and family members in regular two-way, and meaningful communication involving student academic learning and other activities, including ensuring:

- That parents play an integral role in assisting their child's learning
- That parents are encouraged to be actively involved in their child's education at school.
- That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

Kemp Primary is committed to helping our parents and families attend the family activities listed in this plan, virtually and in person.

Kemp Primary School is Branching Out!

Kemp Primary School will take the following measures to promote and support parents as an important foundation of the school in order to strengthen the school and reach our school goals. We will:

Train parents in the use of the Internet to enable them to access their child's grades on Infinite Campus. Utilizing technology as parents attend Parent Academy Workshops based on core content areas Reading, English Language Arts, Math, Science and Social Studies.

The school will collaborate with the teachers, social worker, counselor programs, and its' parent resource center to provide wrap around services to parents that identify and address their individual barriers to involvement in their children's education.

Academic Parent Academy Modules will be offered at flexible times throughout the month to help parents improve and increase student academic achievement.

Provide necessary materials and handouts for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement.

Use our Partners in Education and Advisory Community Team to improve awareness of the activities and events listed in the school parent & family engagement plan.

Offer literacy and computer classes for parents to help further enhance their various educational levels.

Collect feedback from parents at events, place input cards in the front office counter and post suggestion form on the school website in order to respond to parents' requests for additional support for parental involvement activities.

Providing parents reasonable access to faculty and staff in order to answer questions/concerns regarding their student's achievement.
