DERRY TOWNSHIP SCHOOL DISTRICT
SENIOR DAY at HERSHEY PARK – TUESDAY, MAY 28, 2024

Dear Parent/Guardian:

On Tuesday, May 28th, our seniors will hold their annual class trip to HersheyPark. In order for your son/daughter to participate in this activity, we ask that this consent and release statement be completed, signed and returned along with payment to either Mrs. Ogle in Room 246 or Mr. Mackneer in Room 235 no later than **Friday, April 19st**.

Students will attend this activity from a time yet to be determined until 2:00 pm. (The report time is dependent upon the opening time of HersheyPark.). Those wishing to remain after 2:00 pm may do so. There will be no supervision or transportation after that time.

There will be a specific time for Seniors to arrive at HersheyPark. They will be required to check-in with HHS Faculty for attendance and to receive their ticket (if needed) right outside the main gate. Therefore, if students have their own transportation to the park, they do not need to report to school. However, it is imperative that students arrive at the park by the indicated time. If they are not present by that time, they will be expected to bring a signed parent excuse when they return to school the next day (Wednesday, May 29th). Please note: If a student drives to HersheyPark, there is a fee charged for parking.

If transportation is needed, students can take the bus to school as they would on a typical day. Students will attend the first few periods of the day. At a time to be determined later, they will report outside of the main office to board a bus to go to HersheyPark. It is imperative that they still check in with HHS Faculty at the main gate when they arrive to HersheyPark. At 2:00 pm the bus will bring the students back to the school so that they can ride their normal school bus home.

Any appointments for the day must be brought to the school two days before the event with a telephone number to verify the appointment. If students do not attend HersheyPark, they will be expected to be in classes.

In order to attend, students cannot be in danger of not graduating. If there is any chance they will not be graduating, they will not be allowed to attend HersheyPark, and their payment will not be refunded. In addition, students who are not in good standing with HHS regarding attendance and discipline will not be permitted to attend the trip.

Please indicate the method of transportation that you expect your son / daughter to utilize to get to and from HersheyPark. Then sign below giving permission for your son or daughter to attend HersheyPark.

Student's Name: _____

- My son/daughter will be providing his/her own transportation to and from HersheyPark.
- My son/daughter will riding the bus to and from HersheyPark on a Derry Township School Bus.

* If special arrangements are needed, see Mrs. Ogle or Mr. Mackneer.

Having read and understood the above, I give permission for my son/daughter to participate in the HersheyPark trip on May 28, 2024. I understand that they will be utilizing the transportation indicated above.

**Derry Township School District
Educational Trip/Activity Medication Authorization**

Dear Parent or Guardian,

Please complete this document and return it along with the required Certification/Order from your child's licensed healthcare provider to _____ by _____.

The student's parent/guardian has primary responsibility for the health of the student. Although it is strongly recommended that medication be given in the student's home, it is recognized that some students may have unique medical needs, and there are instances in which medication will be required during the school day. Medication may be administered during an educational trip/activity when:
1) Failure to take the medication would jeopardize the health of the student; and/or 2) The student would be unable to participate in the program without the medication.

The educational staff will proceed as follows with regard to administration of emergency medications and/or medications to my student (Please check all applicable statements):

- My student **does not** require the administration of prescribed medication during the planned educational trip/activity.
- My student requires administration of the following prescribed medication during the planned educational trip/activity:

Name of Medication(s)

Medication(s)	Dosage Amount	Reason for Medication(s)	Hour(s) or Time(s) to be Dispensed

Effective Dates: (current school year only) From: _____ To: _____

I request and authorize my child to self-administer his/her medication during the educational trip/activity on _____. Attached to this form is a Certification/Order from my child's physician authorizing self-administration of prescribed medication(s). The Certification/Order verifies that my child is capable of, and has been instructed in, the proper method of self-administration of the prescribed medication. I understand that my child shall be permitted to carry the prescribed medication at all times as long as he/she does not endanger him or herself or others. The prescribed medication shall be maintained in a clearly labeled original container noting the child's name, medication name, and time and or special circumstances for self-administration and sent with the child on the day of the educational trip/activity.

I authorize the educational staff attending the educational trip/activity to administer prescribed medication to my child. Attached to this form is a current Certification/Order from my child's licensed healthcare provider that includes the name of the prescribed medication(s), appropriate dosage, route of administration, the time or special circumstances when the medication must be administered, possible side-effects or reactions and any necessary emergency response. The medication(s) identified in the attached Certification/Order will be carried during the educational trip/activity in the appropriately labeled original container by the student or educational staff and shall be maintained by designated staff.

By signing below, I agree that:

*** I understand that in the event the appropriate medical authorizations are not on file with the Derry Township School District and a student is found to be in possession of medication, it may be considered a violation of District policy. I understand that students authorized to self-administer medication assume full responsibility for appropriately securing the approved medication(s) and any improper use or distribution will result in disciplinary action.

*** I will indemnify and hold harmless the Derry Township School District, its Board of Directors, employees and agents against any claims arising out of the administration or self-administration of medication pursuant to this Authorization.
