SARC INFORMATION

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- Visit the CDE SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>, for more information about SARC requirements.
- Visit the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>, for more information about the LCFF or LCAP.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DATAQUEST

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

CALIFORNIA SCHOOL DASHBOARD

The California School Dashboard (Dashboard) reflects California's new accountability and continuous improvement system and provides information about how districts and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of districts, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. The Dashboard can be accessed at <https://www.caschooldashboard.org>.

DISTRICT STATEMENTS

MISSION STATEMENT

The Mission of the Cupertino Union School District is to provide a child-centered environment that cultivates character, fosters academic excellence, and embraces diversity. District families, communities, and staff join as partners to develop creative, exemplary learners with the skills and enthusiasm to contribute to a constantly changing global society.

OUR FOCUS

- We will prepare students for future success - in high school, college, career, and in life - in this rapidly changing world
- We will provide personalized and challenging learning experiences, designed to help each child stretch towards their "just right" next learning step
- We will develop the whole child - social, emotional, intellectual, mental and physical well-being
- We will support student success and family engagement by building partnerships with parents and community organizations

OUR COMMITMENT AND PROMISE

- Provide Meaningful, Creative, and Innovative Curriculum and Instruction that supports student engagement and deepen student learning experiences
- Design Dynamic Learning Environments to meet the needs of all students while challenging each to develop existing skills, interests and understandings, as well as building new ones
- Attract, retain and support high quality staff who are seen as leaders and learners empowered to inspire our students
- Engage Family and Community as partners to actively support and improve the academic achievement, social and behavioral development, and health of our students
- Ensure District Communication systems are in place in order to connect our schools to our families and community, celebrate the successes of our students, staff and alumni while attracting and welcoming new families to the District
- Develop and maintain a District culture and infrastructure that ensures fiscal responsibility and places highest value on student learning
- Students will be provided and engage in learning experiences that are relevant and rigorous, personalized, and focused on the development of the whole child

OUR BELIEFS

- All children will progress, learn and thrive when provided engaging learning experiences and environments
- One size does not fit all - students learn at different paces and in different ways
- Academics are a portion of what matters to a child's success in school and in life
- When families, communities and schools work together, students are more successful and the entire community benefits

SCHOOL PROFILE

The Cupertino Union School District is the largest elementary school district in northern California. The District serves over 14,000 students in 17 elementary schools, one K-8 school, and five middle schools throughout the city of Cupertino and parts of the cities of Sunnyvale, San Jose, Saratoga, Los Altos, and Santa Clara.

ABOUT THE SCHOOL

Muir Elementary is home to the Mandarin, Cupertino Language Immersion Program (CLIP). Established in 1998, CLIP was the 1st public Mandarin Immersion elementary school in California.

SCHOOL MISSION STATEMENT

The Mission of the Cupertino Language Immersion Program (CLIP) at John Muir Elementary is to prepare students to live and compete in a global and culturally diverse workplace by providing instruction in both Mandarin and English. The program instills curiosity, intellectual flexibility, and a lifelong enjoyment of learning in our children.

GOALS AND OBJECTIVES

Our program's goal is to give students of the Cupertino Union School District the opportunity to develop high levels of proficiency in understanding, speaking, reading, and writing English and Mandarin. These students will be able to communicate effectively in both languages and achieve proficiency in all academic subjects that will meet or exceed the Common Core State Standards for California. This program is based on a model where the target language, Mandarin, is a vehicle of instruction, not the focus. Additionally, this program will develop in our children an international perspective and appreciation for cultural diversity.

Our program's objectives are:

To give children an opportunity to learn two languages in early childhood (when they acquire new language easily).

PROGRAM OVERVIEW

This program uses a two-way immersion education model that has been developed so that children will become fully bi-literate in both English and Mandarin. These children will not merely be bilingual – speaking two languages – but will be bi-literate – that is, not only speaking, but also reading, writing, and thinking in both English and Mandarin. The program has also been developed to culturally enrich our children's education. Most experts believe that to truly learn a language, you must understand its culture.

Students in our immersion program also develop academic competency in both English and Mandarin. It is our goal that all students will meet or exceed the Common Core State Standards for California by the time they graduate 8th grade.

Children acquire both languages naturally in the classroom setting as they participate in hands-on learning experiences. The district's Core curriculum (math, science, social studies, etc.) is taught in English and in Mandarin in different percentages of time and within different subjects depending on grade level.

The Mandarin language arts curriculum starts with a phonetic written system called BoPoMoFo, then transitions to traditional Chinese characters. Students will be introduced to both Han Yu Pin Yin (phonetic system used in China) and simplified Chinese characters in upper elementary and middle school.

The Cupertino Union School District supports this program with teachers, facilities, and the Core English curriculum portion of the program. All aspects of the Mandarin portion of the curriculum have been financed by outside sources, primarily through grants and direct donations from the parents and supporters of the program. Funds raised have financed curriculum development, teacher development, teachers' salaries for curriculum development time, and all Mandarin-specific classroom-teaching materials (books, posters, workbooks, writing materials, and instructional assistants).

CLIP is made up of a series of sequential grades from K-8 with one, two, or three classes per grade. CLIP families participate with the PTA, school site councils, and fundraising for the school as a whole. Our classrooms benefit from the work of the local school PTA. Today the program provides nearly 600 children from grades K-8 with a two-way immersion education in English and Mandarin.

To enhance learning and intellectual flexibility through the study of two languages.

To provide language learning opportunities for English-speaking students with non-native English speakers in our community.

To prepare students to live and compete in a global and culturally diverse workplace.

To instill in our children curiosity and a lifelong enjoyment of learning.

CONDITIONS OF LEARNING

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

TEACHER ASSIGNMENT

The tables below display information regarding teacher preparation and placement, teachers without credentials and misassignments (considered "ineffective" under ESSA), credentialed teachers who are assigned out-of-field (considered "out-of-field" under ESSA); and class assignments. The data is collected and provided through an exchange with the Commission on Teacher Credentialing (CTC) and its California State Assignment Accountability System (CalSAAS). More information about the definitions used to determine the displayed data is available on the CDE's Updated Teacher Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

INSTRUCTIONAL MATERIALS

Cupertino Union School held a Public Hearing on September 21, 2023, and determined that each school within the District has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

TEXTBOOKS

The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

SCHOOL FACILITIES

John Muir is a safe, clean and well-maintained school. The entire campus is just under 10 acres. It consists of a large grass field and blacktop area with a play structure, basketball courts, and other game areas. There are six buildings and eight portables. There are a total of 33 available classrooms. In addition there is a large Guided Learning Center which consists of an auditorium, a library, a computer lab, an art room, and a music room. The maintenance department regularly cuts the grass and trims the trees and shrubs. There is also a regular watering schedule. Recently completed modernization projects include a newly painted tricycle track on TK/Kindergarten playground and a new ceiling-mounted projector installed in the Guided Learning Center.

Campus Supervision & Safety

The Cupertino Union School District, all schools, and staff are dedicated to ensuring the safety of all students when attending school. Before school, during recess and lunch, students are monitored by school staff. When students are dismissed for the day, teachers and other school staff monitor the student pickup areas. During school hours, all visitors must sign in at the front office, show photo identification, and wear identification badges while on campus.

Cleaning Process

The Principal works daily with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school. In the evenings and during the day, custodians ensure classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by the Cupertino Union School District to ensure that all classrooms and facilities are maintained to a degree of adequacy.

Maintenance and Repair

District maintenance staff ensure that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority to emergency repairs.

PUPIL ACHIEVEMENT AND OUTCOMES

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS

The California Assessment of Student Performance and Progress (CAASPP) is a collection of tests used statewide to provide teachers, students and parents with information about how students are doing in school. The assessment system utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Summative assessment results include student scores, achievement levels, and descriptors that describe performance. Information regarding the CAASPP test results of mathematics for each grade and achievement standards can be found on the CDE CAASPP-ELPAC Results website at <https://www.caaspp-elpac.cde.ca.gov/caaspp/>. The CAASPP System consists of the following assessments:

- Smarter Balanced English language arts/literacy (ELA) and mathematics
- California Alternate Assessments for ELA, mathematics, and science
- California Science Test (CAST)
- California Spanish Assessment (CSA)
- Smarter Balanced Interim Assessments

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The value "N/T" indicates that students were not tested, and therefore no scores are available at this time.

ASSESSMENT RESULTS

The table displays the percent of students who met or exceeded state standards in English Language Arts/Literacy (grades 3-8 and 11), Mathematics (grades 3-8 and 11), and Science (Grades 5, 8, and high school).

OTHER OUTCOMES

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):
 - Pupil outcomes in the subject area of physical education

PHYSICAL FITNESS ASSESSMENT

In the spring of each year, all California schools are required by the state to administer a physical fitness test to students in the fifth, seventh, and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in five major areas. The five major areas are Aerobic Capacity, Abdominal Strength and Endurance, Extensor and Strength and Flexibility, Upper Body Strength and Endurance, and Flexibility. The table displays the percentage of students participating in each of the five fitness evaluations by grade. Detailed information regarding this test may be found at the CDE website at <http://www.cde.ca.gov/ta/tg/pf/>.

PUPIL ENGAGEMENT

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout and graduation rates
- Chronic absenteeism rates

CHRONIC ABSENTEEISM

Attendance is critical to academic achievement. Regular daily attendance is a priority and is expected for students. A student who is absent on 10 percent or more of the school days in the school year is considered to be a "chronic absentee". Chronic absenteeism negatively impacts student learning and achievement and is closely monitored by school staff and the district. Rates of chronic absenteeism for the school are displayed below.

Chronic Absenteeism Rate (Percentage)

PARENT ENGAGEMENT

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

PARENT INVOLVEMENT

John Muir has a very active PTO that works in collaboration with the principal, teachers, and staff. This organization is involved in the following areas:

- Fundraising- the money raised by the PTO through direct donations, and fundraising events has enabled the school to hire a primary music teacher (K-1), Chinese cultural art teachers for grades K-5, and an art teacher for grades K-5. All classroom teachers get funds from the PTO to buy instructional materials and supplies. The funds raised by the PTO have been used to fund instructional assistants, additional hours for our librarian, and purchase playground equipment and technology.
- Organizing special events during non-school hours. The PTO is involved in many events throughout the year, including: Mid Autumn Moon Festival, Trunk or Treat, Chinese New Year and Culture Fair.
- Recruiting and coordinating parent volunteers to help in the classroom supervisors on field trips, as library and Project Cornerstone helpers. All parents are encouraged to take an active role in their children's education. There are ample opportunities for parents to assume leadership roles as well.

For additional information about organized opportunities for parent involvement at John Muir Elementary, please contact the school at 408-252-5265.

SCHOOL CLIMATE

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

SUSPENSIONS AND EXPULSIONS

The table displays the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted. Due to the COVID-19 pandemic, the 2020-2021 rate data is not comparable. In instances where there was not in-person learning for the entire school year, it would be inappropriate to make any comparisons of the suspension and expulsion rates to school years that offered in-person learning for the entire school year.

SCHOOL SAFETY

Safety of students and staff is a primary concern of the Cupertino Union School District. Many people visit the campus to volunteer in the classroom and participate in school events. Parents and visitors are welcomed and required to check in at the school office upon arrival and obtain a visitor's badge; visitors are required to return to the school office upon departure. During lunch, recesses, and before and after school, assigned staff supervise students and school grounds, including the cafeteria and recreation area, to ensure a safe and orderly environment.

The Comprehensive Safe School Plan was developed by the District to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures. Fire drills are conducted on a monthly basis throughout the school year and intruder/lock-down drills are held annually.

The school evaluates the plan annually and updates it as needed. Safety procedures, including elements of the Safe School Plan, are reviewed with school and District staff in the fall, at the start of each school year. The last review was in August 2023. An updated copy of the plan is available to the public at the school office.
