# Hillview Middle School 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year) 

## General Information about the School Accountability Report Card (SARC)

SARC Overview

## DataQuest

## California School Dashboard

Internet Access

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## The California School Dashboard (Dashboard)

 https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

School Description
Hillview Middle School is located in the southwest portion of the Antelope Valley in the community of Palmdale. Westside Union School District, covering approximately 360 square miles of high desert of California, is located in the southwest portion of the Antelope Valley in the community of Palmdale. Westside Union School District has an enrollment of approximately 9600 students from Kindergarten through 8th grade.

Hillview was built in 1993 and serves students from the surrounding communities of west Palmdale and west Lancaster. Hillview has approximately 1,0306 th, 7 th, and 8 th-grade students. Students from four elementary schools feed into Hillview. In addition, Hillview currently has approximately 428 students in attendance on transfers from inside or outside of the District boundaries. The school buildings consist of one main building composed of 18 regular classrooms, two science labs, a library, a home economics room, an art room, a wood-shop room, a technology lab, a computer lab, and a cafeteria. There is also one meeting/conference room, a speech room, a counselor's office/room, ELL room, and the administrative offices. In addition, there are 16 relocatable classrooms (which include a music/band room, and a gymnasium with boys' and girls' locker rooms and a dance room.) The school includes grass and concrete play areas with equipment and a patio with picnic tables.

Sixth-grade students who attend Hillview participate in the 6th-grade Honors Academy. These students are selected from a lottery after meeting the requirements which include: 1) 3.0 GPA or higher each semester during 4th and 5th grade with no D or F grades or students on a Standards-Based report card must have 2-4 scores each semester during 4th and 5th grade. 2) Meets or Exceeds Standards on 4th and 5th grade ELA \& Math State Tests as well as the MAP NWEA. 3) An average of 10 or fewer absences when looking at both 4th and 5th grade. These students are exposed to a rigorous curriculum, STEM elective classes, and are eligible to participate in all middle school activities. Hillview also has a program to work with the district's middle school Moderate/Severe Special Day class students. These special needs students are served in three different classrooms of about ten students each; however, many work with our elective and PE programs and interact with and work with our general education 6th, 7th, and 8th graders. Our special needs students have the opportunity to participate in a reverse inclusion PE class and an inclusion sports league. Hillview Middle School is also a Special Olympics Unified Champion School.

Hillview offers a strong core curriculum. Most curricular classes have numerous offerings including support classes and advanced classes. Our entire school is networked, and wired and wireless internet access is available across the campus.

## 2023-24 School Description and Mission Statement

Classrooms have ViewSonic ViewBoards, document cameras, sets of Chromebooks, and each teacher has a laptop for flexible learning opportunities. A high emphasis is placed on an education that provides for every student to become skilled in the use of technology, computers, and industrial technology. Students have the opportunity to participate in numerous elective classes including computers, design and modeling, band, art, industrial arts (wood shop), Automation \& Robotics, AVID, Model UN, and home economics. Numerous clubs, academic teams, tutoring programs, and interscholastic sports provide opportunities for students to participate and interact with each other outside of the regular school day.

Hillview's diverse student population is served through funding with dollars from the state, LCFF (from a district level), Title I, money raised through ASB, and donations. Allocations provide funds for materials, equipment, and programs to meet the various needs of our students. Staff, teachers, and parents, in conjunction with the School Site Council, allocate funds based on student needs and the educational goals of the school.

## Mission Statement

The mission of Hillview Middle School is to ensure that all students will be prepared to reach high levels of academic achievement as determined by district, state, and national standards. All Students will have access to a college preparatory pathway and be encouraged to participate in school activities. Hillview Middle School will help students become educated, responsible citizens. Hillview works with the AVID program to support student achievement. AVID's mission is to close the achievement gap by preparing all students to succeed in education and a global society.

Hillview Middle School 6th Grade Honors Academy will provide academic challenges with accelerated expectations. Classroom activities and curriculum will have real world applications in a collaborative environment, enhanced by technology and hands-on activities.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Westside Union School District provides all students with textbooks and other instructional materials to support the district's adopted curricular programs. Funding is provided by the state for the acquisition of textbooks and instructional materials that are aligned with State Board adopted content standards in Reading/Language Arts/English Language Development, Mathematics, History/Social Science, and Science. The following are the instructional programs currently adopted by our district:

## School Facility Conditions and Planned Improvements

Hillview Middle School provides a safe, secure, comfortable and clean environment for learning. We are committed to the health and safety of our students, staff and volunteers. To help maintain a closed campus, students and visitors are signed in and out through the office during school hours. The halls and playground are monitored by classified and certificated staff. The intercom and site radios are used as an aid to communicate with staff members and students. Designated bells provide alerts for students and staff members.

Westside School District participates in the State School Deferred Maintenance Program, which assists school districts with expenditures for major repair or replacement of existing school building components. Currently there are no deferred maintenance projects scheduled for Hillview Middle School. Installed new HVAC and roofs for the permanent building in 2010.

A team of custodians ensures that all classrooms and facilities are clean, safe and in good working order. The district has developed a cleaning process that is utilized by the school ensuring uniform procedures. A work order process is used to provide efficient service and ensure that emergency repairs are given the highest priory. At the time the report was published, 100 percent of restrooms on campus were in good working order.

Twenty-one concentrated photovoltic solar panels were installed in 2013.

## Overall Facility Rate

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.
Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

Many opportunities exist for parent involvement in the Westside Union School District and at Hillview. Parents and the community are very supportive of the educational program at the District and Hillview. Numerous programs and activities are enriched by the generous contributions made by parents and local businesses that support West Antelope Valley Educational Foundation (WAVE).

At the district level, parents are encouraged to participate on the Superintendent's Advisory Committee, DELAC, and other district committees. Hillview Middle School offers a variety of events, programs, and activities throughout the school year for parents to become actively involved in their child's school and education. The following activities and events at Hillview are open to parents: Back-to-School-Night, Parent-Teachers conferences, School Site Council, PTSA, ELAC, Principal's Advisory Council, Awards Assemblies, AVID parent meetings/parent nights, Title I parent meetings, Model UN World's Fair, and competitive sports events. Parents are encouraged to run for office and attend monthly meetings for School Site Council (SSC), ELAC, and PTSA meetings. Parents are also welcome to volunteer to support our programs under the direct instruction of a classroom teacher. Parents also serve as volunteers at school-sponsored events such as dances, chaperons at student trips and activities, colleges, universities, and athletic events. Hillview maintains an open-door policy with all parents. Parents are kept informed of school activities through the school website, various handouts, automated phone service, teacher letters, Google Classroom, and the use of Power School.

Hillview hosted a back-to-school night, has had hybrid (virtual and in-person) PTSA and site council meetings, and also holds ELAC, Title I, etc., meetings in person. Volunteers are allowed on campus at the invitation of teachers.

## 2023-24 School Safety Plan

In compliance with Senate Bill 187 and Education Code 35294.6 each Westside School has developed a comprehensive safety plan. These plans are updated annually and approved by the school board by March 1 each year. The elements of this plan include disaster preparedness and procedures. Routine emergency preparedness drills are conducted monthly to ensure the safety and well being of students and staff in the event that there is a need for such an evacuation.

## Fiscal Year 2022-23 Types of Services Funded

A range of academic and social emotional support services exist for Westside students, many of which are unique to individual school sites and are tailored to meet the needs of the members of each school community. These supports are provided by counselors, school psychologists, school nurses, physical education teachers, a community liaison, attendance liaisons, and/or behavior specialists.

Student Study and Child Study Teams assist students experiencing academic and/or social emotional challenges, those with special needs, and with assessing eligibility for placement in special classes and/or recommending specialized services.
Special services and classes are offered for students with learning disabilities as well as other students with exceptional needs.
A team of 13 counselors provides a range of services for Westside students. Programs are developed and provided based on student data, such as referrals for threatening or self-harm, grades, and attendance. The counseling program was developed using the Multi-Tiered Multi-Domain System of Support Framework (MTMDSS), which includes the components of the American School Counselor Association (ASCA) model. All students receive Tier 1 lessons that focus on social/emotional development, attendance, and college and career readiness. Examples of counseling Tier 2 support may include instruction for smaller student groups addressing strong-willed behaviors or coping skills for students exhibiting challenges due to trauma or anxiety. Counselors are also involved in community outreach and service clubs, such as Student Ambassadors or Kindness Clubs. School counselors are assisted by a cadre of Campus Climate Assistants incorporating social-emotional support and structure for students during recess and/or lunch. Supplemental services may also include referrals to School-Based Mental Health Services.

The behavior specialists provide student and staff guidance for students needing intensive behavior intervention.
Several programs, designed to build students' emotional intelligence and capacity and to promote positive and proactive social decision making, reduce bullying, and build an inclusive culture continue to be implemented districtwide. These programs include BoysTown, Leadership Development through Physical Education for students, and Capturing Kids Hearts.

The NWEA Map Growth assessment system has been actively used across the district since the spring of 2018. NWEA Map Growth is a computer adaptive, standards-based diagnostic assessment designed to measure student achievement in the moment and growth over time. Teachers use this data to design instructional experiences to accelerate areas of academic strength for children. NWEA data informs district, site, and grade level Professional Learning Communities, yearlong planning, classroom instruction, and all tiered systems of support and intervention.

Additional academic interventions may also include:

- Academic tutoring, either before or after school
- Learning Lab support during lunch hours.
- Classroom aides leveraged for small group instruction.

Each school site has at least one bilingual assistant to support continual communication with parents of English learners as well as provide supplemental classroom instruction. The bilingual assistants encourage parent participation in advisory groups and also continue to run parent outreach programs to support literacy, such as the Latino Literacy Project.

A team of attendance liaisons and a community liaison address attendance barriers for students with chronic absences. Supplemental school supplies for home use and backpacks are provided as needed to foster youth or students experiencing homelessness and financial hardship.

## Professional Development

Westside continues to annually sponsor supplemental professional development for certificated staff during Westside Institute offerings. The 2022-2023 Westside Institute summer provided two full days of facilitated collaboration for approximately 100 teachers. Grade level teams identified essential classroom routines, shared activities to build classroom relationships, analyzed district assessment data for incoming students, reviewed best practices for designated and integrated EL instruction, and established year-long pacing plans. Over the winter break, Westside Institute sessions included a one day Thinking Maps foundations training as well as a comprehensive two day thinking maps writing training. Approximately 60 teachers attend the winter training sessions annually.

Professional development addressing reading achievement continues to be a central focus for the 22-23 school year. To date, nearly 200 certificated members, including teachers, site administrators, and educational services directors, have completed an Online Elementary Reading Academy (OERA) hosted by the Consortium on Reading Excellence in Education. This series, which is offered annually each summer, provides certificated staff with best practices and evidence-based strategies to use during first instruction as well as targeted intervention.

The Westside Union School District New Teacher Support (NTS) team offers programs to clear both the administrative and teaching credentials for new hires. The robust program for teachers consists of weekly meetings with a full-time release mentor. Each new teacher is provided with at least one hour of support per week. This includes support in the classroom, lesson planning, and working towards the achievement of an individualized goal based on the California Standards for the Teaching Profession (CSTP) that pre-assessments showed as an area of growth for the candidate. Each candidate works in collaboration with their mentor to set and work towards achieving this goal throughout the year. In addition, the NTS program offers candidates support in the form of professional development. Regularly occurring sessions include training on addressing the unique needs of student groups such as English Learners, using data to drive instruction, standards-based grading, the Individualized Educational Program (IEP) process, and classroom management.

The District's administrative program pairs new administrators with highly qualified coaches. These pairs meet for a total of at least 40 hours a year to work towards mastery of three self-developed goals based on the California Professional Standards for Educational Leaders (CPSEL). Additionally, candidates work with their coaches to complete at least 20 hours of professional development designed to further develop high standards of practice.

Annually, professional development on suicide prevention to both certificated and classified staff members is conducted.
Professional development is also provided to certificated staff on topics such as human trafficking, the impact of trauma, and the tiered supports embedded in the comprehensive counseling program.

Advancement Via Individual Determination (AVID) professional development is also provided annually across the District. Professional development is tailored to the specific needs of the students on campus, and focuses on intentional strategies to

## Professional Development

support Writing, Inquiry, Collaboration, Organization, and Reading (WICOR). Strategies embedded during instruction support increased access to the core content and student engagement. Professional development is conducted at school sites and at AVID Summer Institute.

English Language Development (ELD) is a component of the Structured English Immersion program provided for English Learners. All certificated staff receive training on English Language Development, both integrated and designated. Professional development for certificated staff also includes work in the English Language Development standards, strategies to support English Learners, progress monitoring of English Learners, and targeted support for English Learners in all content areas.

Leadership development Through Physical Education (LDTPE) is a supplemental curriculum to enhance current elementary physical education programming by teaching, developing, and practicing key Social Emotional Learning (SEL) skills. All PE teachers have participated in two full days of training, which include curriculum concepts, language, and skills and activities with a particular focus on building a positive and cohesive community of learners. This training focused on the implementation of techniques that build positive adult to student and student to student relationships resulting in atmospheres where all students can heal from elevated emotional stressors and embrace SEL skills to engage in learning. Additionally, all PE teachers received two personalized coaching sessions to better support the integrations of SEL into daily instruction. Additional layered work tailored to the needs of the school sites may also include work in social-emotional learning programs such as Leadership Development Through Physical Education, Boys Town, Where Everyone Belongs, and Capturing Kids Hearts.
