Mississippi River Boat

The first week of school was much different this year than in years past! Students learned about the four environmental themes they would be studying in their classes along with engaging in other important beginning of the year orientation activities. The most exciting and unique of these activities included a tour of the Mississippi River on a large riverboat. The Padelford Company accommodated two large groups of students in order to get up close and personal with the first quarter environmental theme of the river. The boat launched at Harriet Island and traveled up to Fort Snelling State Park. From the water, students were able to see the section of the Mississippi River that Humboldt has adopted as well as enjoy the warm summer weather and scenery.

Roaring River Rendezvous
 On Saturday, October 10th, 2009 approximately 250 students and parents attended the first annual Roaring River Rendezvous along with over 60 staff members. The Roaring River Rendezvous was Humboldt's kick-off event to showcase our new environmental focus at Humboldt. Teachers and students displayed work relating to our first quarter theme, the river. Half of the event was held at Humboldt while the other half was at our adopted river site in Lilydale Regional Park. Highlights included embarking on a scavenger hunt, singing with a voyageur, testing a stream table, holding a chicken, and much, much more. With help from our community members, the event was a resounding success!

Thanksgiving

For Thanksgiving JROTC helped out at the Cherokee Tavern preparing meals. They put together different food like turkey, stuffing, mash potatoes, and pumpkin pie into each of the packaged meals. They made the meals for people that are homeless, have a disadvantage, or lost their jobs. After preparing the meals people were able to come in and get meals if they had a ticket. Usually they got the tickets from their churches. Church groups also came and picked up meals to bring to the homeless. 30 kids helped package the meals that were involved in JROTC. They packages about 2300 meals at 5:30 A.M. this is their fourth year helping out at the Cherokee Tavern and definitely won't be the last.

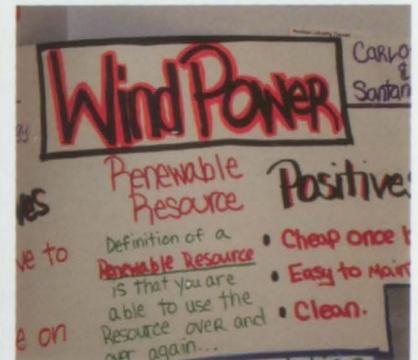

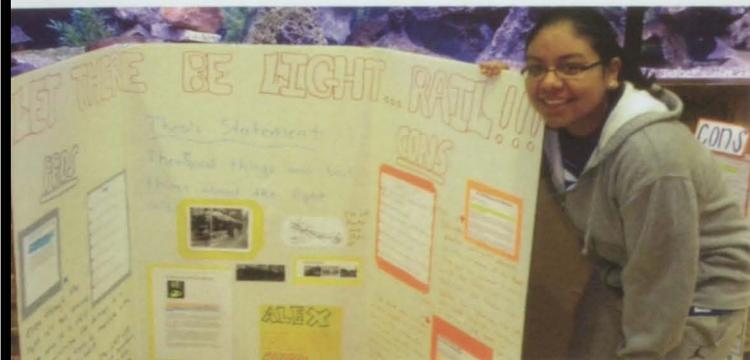

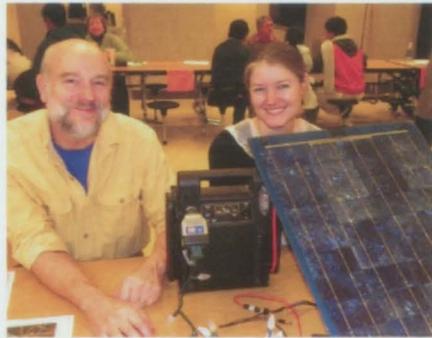

Thanksgiving Day Volunteers

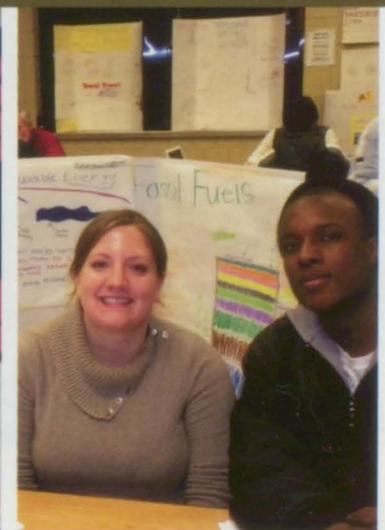

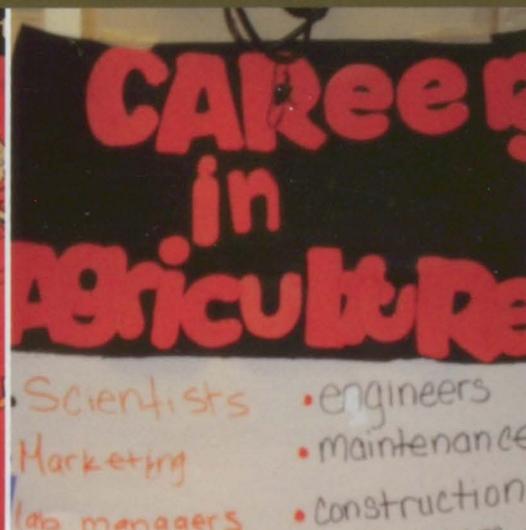

Energy & Transportation
There was a big turn out and there was a lot of student presentations to be viewed and the students worked very hard to prove that there are many different ways to get around. Also they showed how to change the way we look at energy such as wind turbines and solar power.

Class of 2010

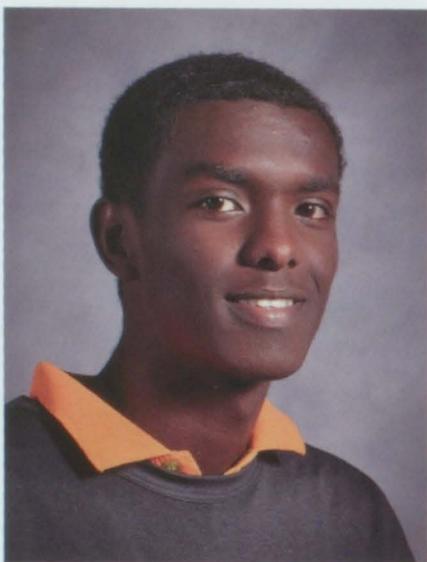

Kadir Abbajifar

This was the biggest time of failure but also time of success. Freshman year was about becoming who I am now and finding my best friend Ruman Hassan. After three years of school, I finally am a senior. I had this idea that senior year would be a breeze, because it's my last year and most of my graduation requirements are covered and I was wrong. I don't remember being worked this hard in my high school "career". I don't believe there was a Soccer season, but each game was always seen as a challenge and it was always memorable, whether we won or lost. "Senior season" was the first time we lost one of our best players Rodrigo Galvan who graduated but came to games to see how we're doing.

During my years at Humboldt I have come to learn many things, above everything though, I believe I have realized that strength is nothing more than how well you hide the pain, and no matter what you can't escape destiny; a person often meets his destiny on the road he took to avoid it. I would like to send a shout out to MFB, ND, JG, LK, DM, KL, KH, ML, SV, MK, MK, CK, and sorry to the rest I forgot.
