“The athletes had an excellent season with one of the best records in the past 10 years and more goals than anyone could remember. They improved leaps and bounds. Many of the girls had never played soccer before but by the end of the season they played some very close games against tough competition. They even scored against Central, one of the top-ranked teams in the state! I am very proud of their improvements and how much they improved over the season. public achievement

This year Public Achievement has been working on a number of tasks. A group of students have been organizing and carrying out award ceremonies for 10th and 11th graders who are getting overlooked. Some students have been spending time after school helping our new immigrants adjust to life in MN. Students made public service announcements which promoted safe driving and presented them to a couple health classes. Students have been collecting pennies to raise money for Leukemia and Lymphoma. There have been other tasks that have been worked on, some completed, some not. For the most part it's been a pretty successful year!

Students involved during first and second trimester were:

- Stephany Wilson, Cindy Xiong, Carnecia Finley, Vanessa Barba, Donella Cleveland, Jessica Larocque, Shoua Moua, Mursal Omar, Robin Posey, Lee Thao, Ka B. Vang, Mai Tong Vang, Pang Vang, Sandy Vang, Sheng Yang, Tony Warchol, Maria Montez

"Public Achievement is not really a class. It is a separate time and place from the rest of the world, in which we can work, voice our opinions, take a stand and/or change whatever we think needs to be changed. It is a way of bringing democracy into the school and allowing great leaders to stand out.

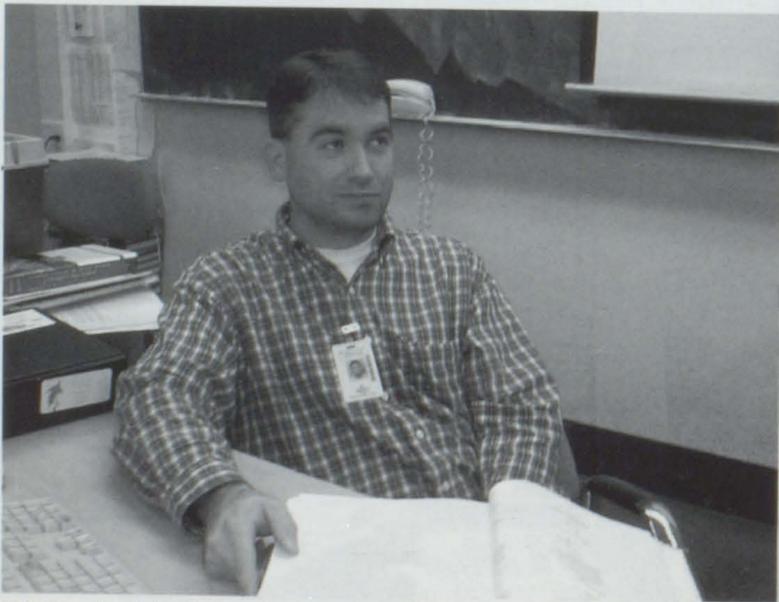

And finally, it's just great fun!"

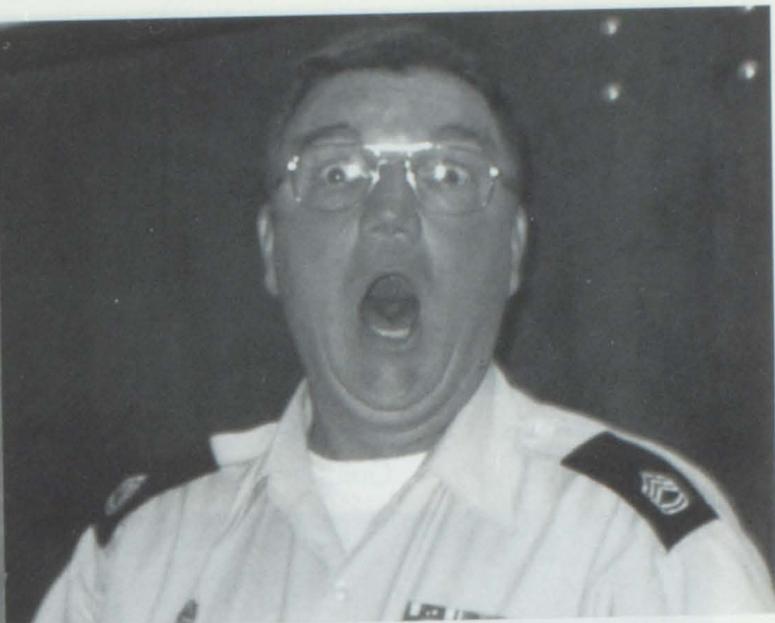

- Stephany Wilson

West Side Youth Apprenticeship Project

Looking for a Cool Summer Job?

The Youth Apprenticeship Project hires Humboldt High School students to make a difference in the community.

Why get a job through YAP?

- Don't just explore a career, try out a career you could pursue after high school.
- Get to know adults in a career you want - networking is what gets you in the door!
- No more flipping burgers! Here's a job that makes a difference.
- Build your skills and start getting ready for college.

Quotes from past youth Apprentices (all Humboldt students at the time of their apprenticeship and gives a sense of what kinds of jobs are available):

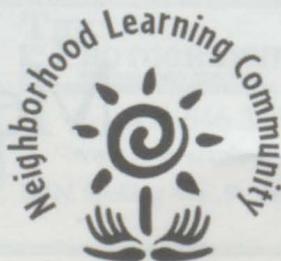

"I always thought you had to wait until 18 to get a job and contribute something, but I'm doing this at 14. It means a lot that I'm doing good work in my community."
Rosalinda Rodriguez, Neighborhood House Food Shelf

"I've been thinking about college lately and what I want to do for a career. After working at the library, I feel confident that I could do this for a job." Exiquia Gonzalez, Riverview Library

"A lot goes into planning a community festival. I got to speak at the festival and now I feel more comfortable talking in public." Chao Moua, Jane Addams School for Democracy

Hope all of you have a successful life and always remember that things happen for a reason, but we can't quit on life! Thanks to all who have helped me along this part of my journey.

Ms. Milazzo

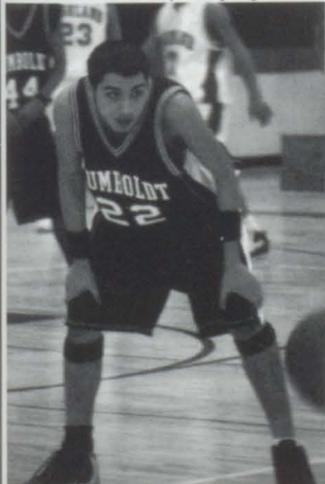

- You have always been there for me and everyone else. Thanks for letting me hang out in your room all the time. You helped me to succeed in my life even more and you are my inspiration!

Cassidy

First I would like to thank my grandma who woke me up every morning and pushed me out the door to school and pushed me to stay focused on schooling. I've been at Humboldt since 7th grade. I played basketball (#22) and football (#7) for all four high school years and had lots of fun doing it even though we didn't win a lot of games. My best memories of my high school years was when I was in 11th grade and I met my baby JS. Another one was when I was in 9th grade and my 9th grade team was playing Minnehaha Academy and I scored 44 of our teams overall 46 points but we still lost in overtime. Shout out to Mr. Elizondo for pushing me to work harder in the classroom and on the b-ball court. Other teacher shout outs go to Ms. Milazzo, Mr. Larson, and Mr. Olson. I can't forget about my peeps: AV, SR, CS, CJ, SC, AN, EK, MW, MG, MS, AB, and JL...and everybody else. Dis ur boy Tyler Chavez aka conceited me aka FAH aka pretty eyes...I can go on but I'll just leave it at that...

Don't Quit

When things go wrong, As they sometimes will
When the road you're trudging seems all uphill
When the funds are low and the debts are high
And you want to smile, But you have to sigh
When care is pressing you down a bit
Rest if you must, But Don't ever Quit

For life is queer with its twists and turns
As every one of us sometimes learns
And many a failure has turned about
When we might have won had we stuck it out
So don't give up though the pace seems slow
You just might succeed with another blow

Often the goal is nearer than it seems to a faint and faltering man
Often the struggler has given up
When you might have captured the victor's cup
And you learn too late, when night slips down
How close you were to the golden crown

Success is failure turned inside out
The silver tint of the clouds of doubt
You can never tell how close you are
It may be near when it seems afar
So stick to the fight when you're hardest hit
It's when things seem the worst

That You Musn't Quit! By Clinton Howell

Everytime I will crawl into the Dark
I will think of those who were there
Those who tried to act as if they cared
And tried to save me from myself...
My friends at Humboldt High...
All the teachers and those we don't speak of...
The popular and the unpopular ones...
Milazzo and the awesome yearbook staff...
I now say my thanks and my farewells.
You guys will always be in my dreams.
And when a day is grey and lonesome,
In this sad, sad world...
Think of the one and only man
Who walked the halls of Humboldt
As your Personal Jesus...
From the Crown of Thorns to
The bloody hands...
And I will always be there.
So, here I go now...so take care...

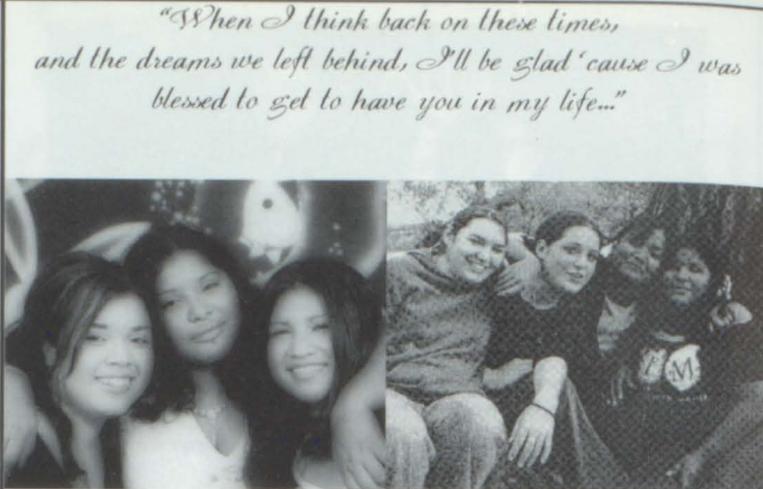

John Pokorny

"...I found a map to buried treasure. And even if we come home empty handed we'll still have our stories of battlescars, pirate ships and wounded hearts, broken bones and all the best of friendships..."
 -the ataris

Thanks to all the people who made these years worth remembering:
 the awesome teachers who helped me get here. 
 RP, PV, CJ, CC, SM, CX, TA, KS, SC, JP, CA.

 You guys are the best I could ask for, and I'm happy that I can call you my friends!
 I'll miss you guys...YOU KNOW IT!

Jennifer

Sammi

May the sun shine, all day long
everything go right, and nothing wrong.
May those you love bring love back to you,
and may all the wishes you wish come true!

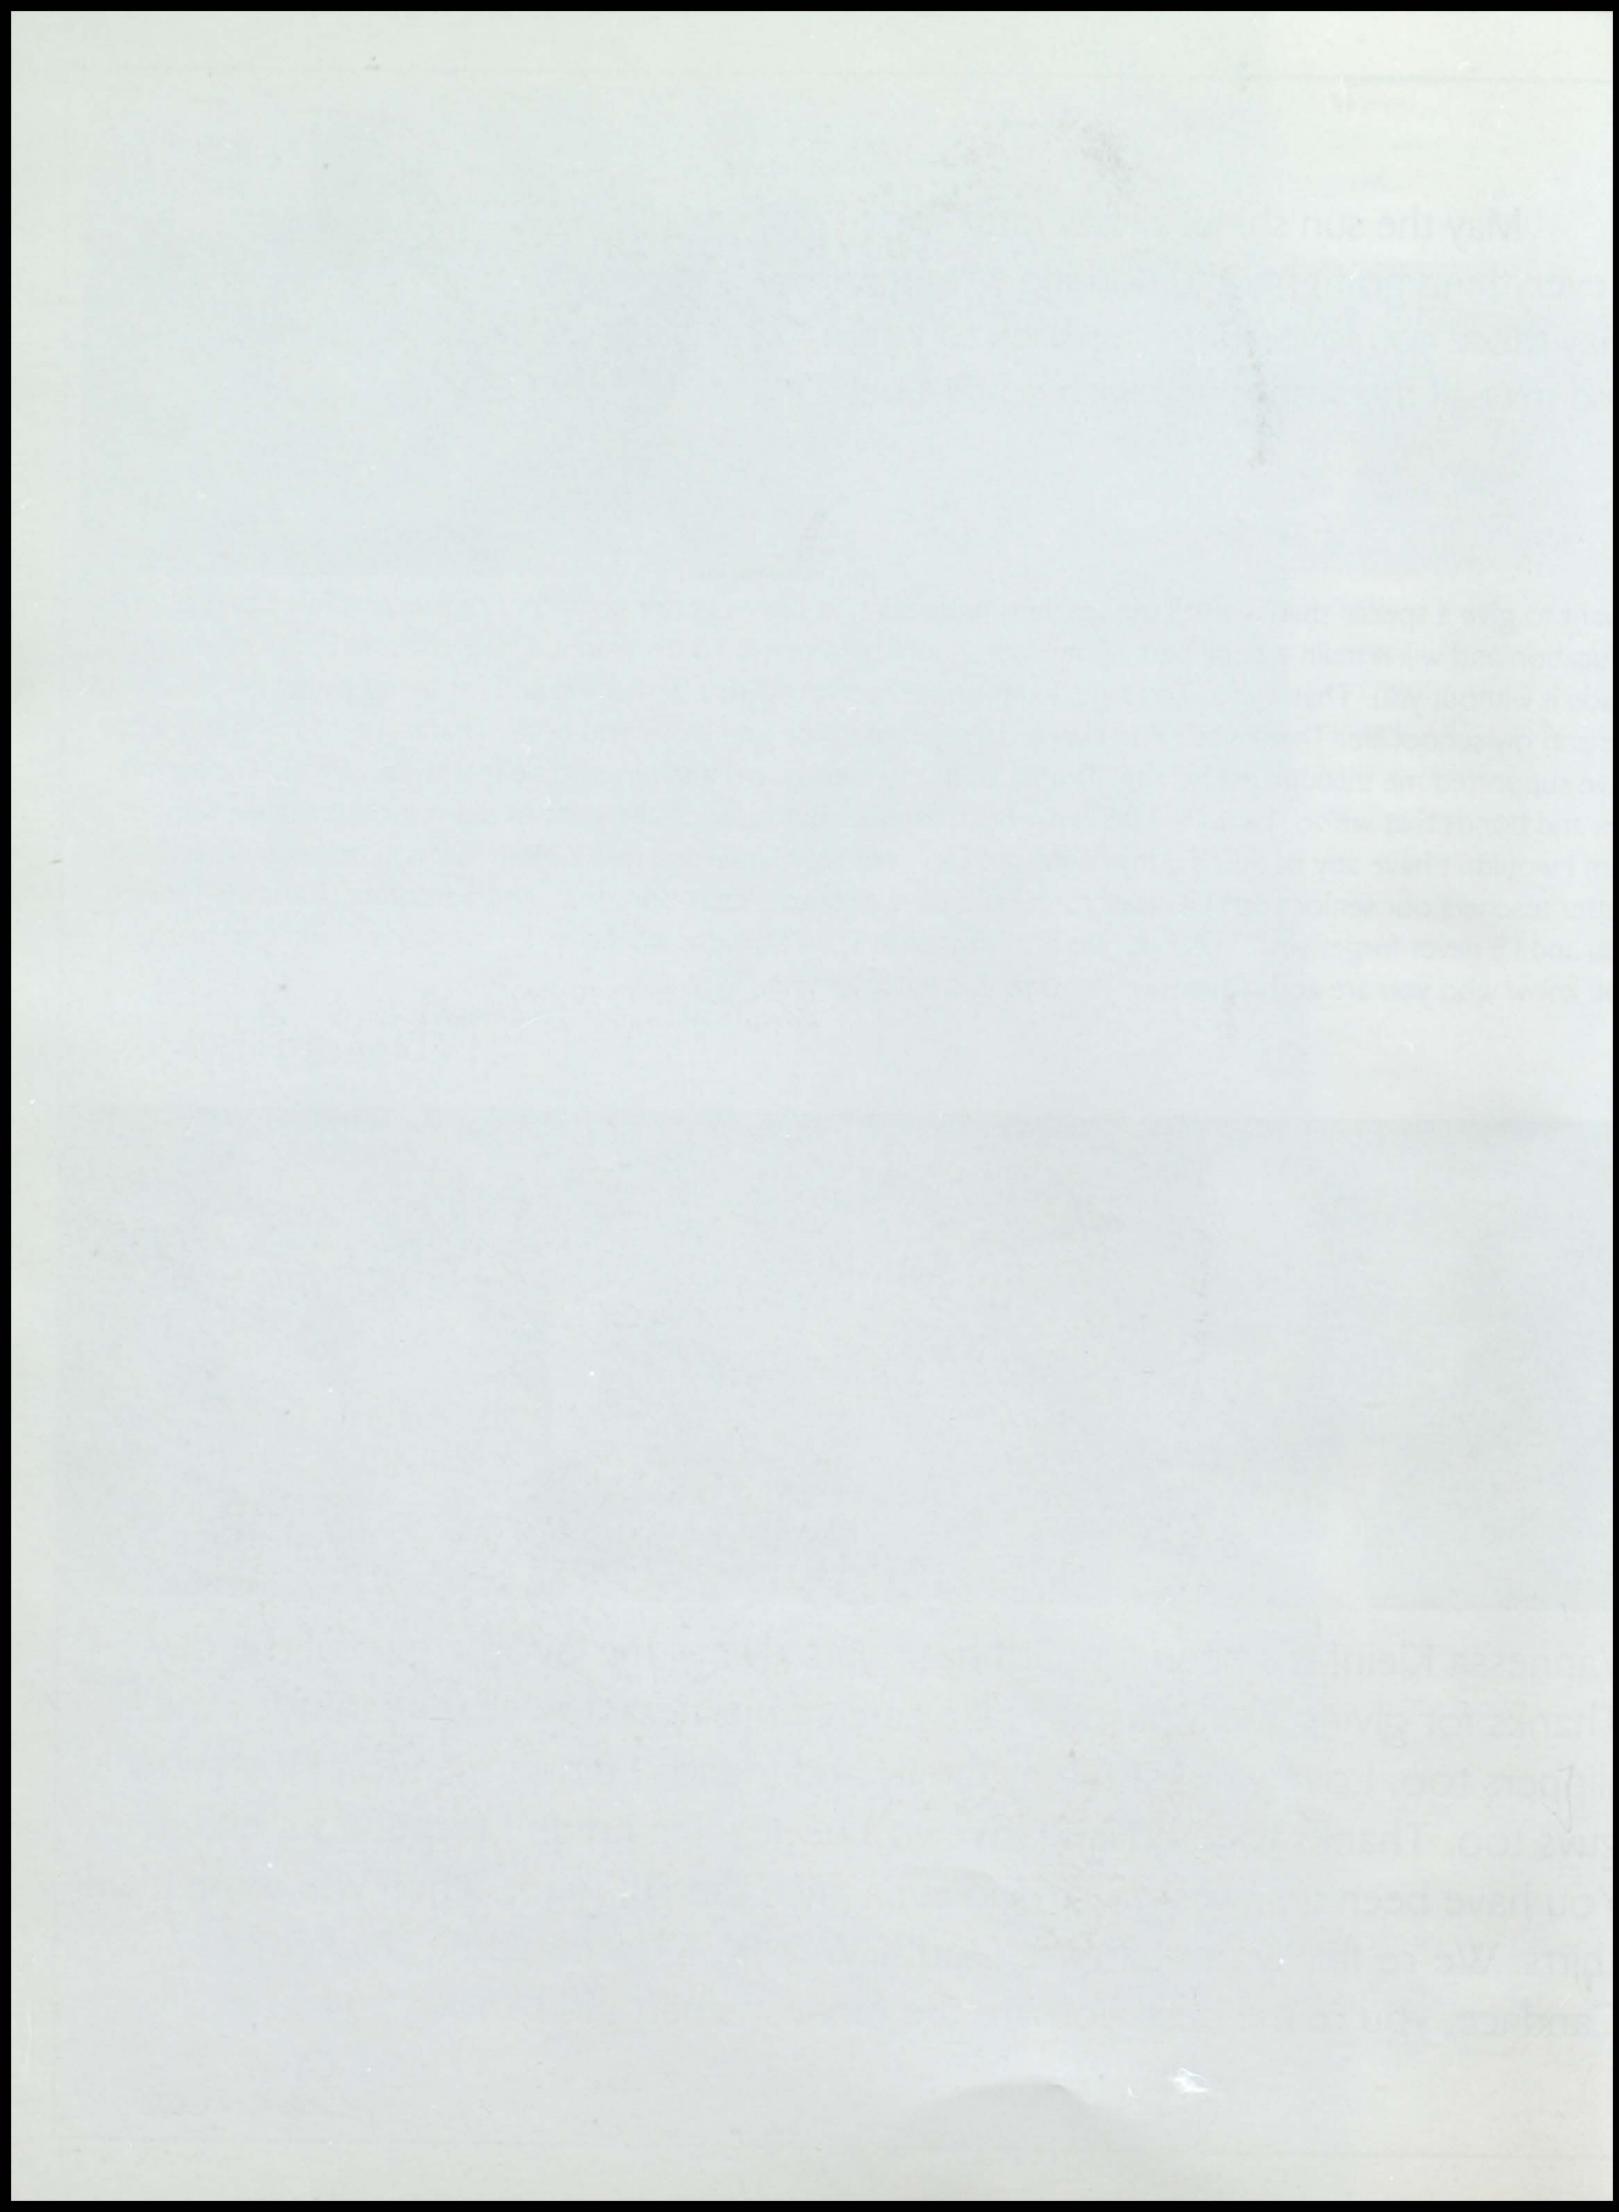

I want to give a special thanks to all the teachers and staff that I have gotten to know. Ya'll were a huge part of my education and will remain a huge part of my high school memories. To my mama, I love you and I couldn't have made it without you. Thank you. To Dave, I appreciate everything you did for me and for trying to get involved with me and my school life. Thank you. You two are so special to me and I love you both. Thank you to my family who have supported me through everything. Thanks to all my friends, old and new. I'd be lost without you. The memories and bonds that we've shared will be in my heart forever. But most of all I want to thank God, because without Him I wouldn't have any of this. To my home girl Des: We kept it real and had a blast. We couldn't have asked for better teachers our senior year. I'll never forget our days of chaos, utter boredom, and adventure. Candace I love you and I'll never forget you. This is it. We finally made it, I can't believe we did it. To everyone I didn't mention, you know who you are and I love you. Stay real and smile forever. Bye!
