Setting A Good Example

CHEMICAL HEALTH WEEK

The Student Council in conjunction with S.A.D.D. (Students Against Drunk Driving), sponsored Chemical Health Week. They posted stories about alcohol related deaths, and rented a car and motorcycle which had been in alcohol related accidents.

Shown right are Betsy Baker and Amera Dessouki setting up a display for Ghost Out Week.

Fourth of July Motorcycle Fatality

The motorcycle display of here was involved in a crash on July 4, 1986. The 34 year old rider was killed instantly.

The crash occurred at an intersection. A full size van had pulled up to a stop sign, made the right turn and then pulled northbound into the intersection directly in front of a motorcycle approaching from the East. The motorcycle was unable to stop and collided with the left front of the van. The rider was thrown against the van and onto the street. The van sustained one of the intersections and struck a tree.

The local police agency investigated the accident and let two charges against the 37 year old driver of the van. The driver's blood alcohol was .14, which is above the legal limit of .08. The driver was fined \$1000 and 30 days in jail.

An autopsy of the motorcycle rider showed a blood alcohol concentration of .04. The rider was wearing a seat belt. His death left two small children and a wife who was left from this tragedy.

Fun and Games Student Life at Humboldt

Student life at Humboldt is just fun and games. Finding your classes and figuring out how to time things inbetween them. Running from a class to your locker, you get your books out and rush to the next class, and half way there, you realize that you forgot your lab notebook. You run back to get it, and you get your shirt caught in your locker, and then you remember that you had some homework to do in that class, that you sort of, kind of forgot about. Don't you just love it? To help you find your way see how many of the words listed below you can find in the above WORD SEARCH.

HUMBOLDT BEATS COMO 14-12

Spirit Week kicked off with each day having a special theme. These activities led us up to our pep fest and the Homecoming game against Como, on Thursday Sept. 12. The Hawks played a great game. Frank Arroyo scored the first touchdown giving the Hawks the lead. A hard game was played and won by Rob Day, Andy Smith, Abe Garcia, and Mike Karas. Not to forget the rest of the team for their support and effort, and the great coaching staff. "It was a very exciting game!" Coach Olson. The fans turned out in full force for this great game. With their loud cheers and support, we beat COMO!

"I was very happy for all the players- Finally a reward for all their hard work!"

Coach Olson

Students spend a lot of time in class, but the fun begins in between class, and after school. Favorite activities are hanging out with friends. Students team up at lockers, share laughs in the lunch line, and struggle up to classes on the 3rd floor. Students look forward to assemblies and student faculty games. Keeping Mr. LaCroix from stealing peoples fries is something that's done everyday. Everyday, pieces of the Life's Puzzles come together to make a great day for students.

COMING TOGETHER

Putting The Pieces Together For The Class Of 1997

As we came from many different places to enter into ninth grade we were all mixed together, like a puzzle box shaken up.

We wondered how and where we would fit. Through the years many pieces were placed, some worked and some didn't.

Now we're seniors, all the odd pieces, the mysteries, the special times, events, and those who have worked with us, helped unify us into one; The Class of 1997. After graduation the puzzle box will be shaken again and we will go off in new and different directions.
