DEDICATION

With malice toward none with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle and for his widow and orphan, to do all which may achieve and cherish a just and lasting peace among ourselves and all nations.

Foreword

This is the record of a public high school in war time, of a school which inculcates and expresses the high ideals possessed by our country. So many things bind us together—suffering, common aims, universal problems. *E Pluribus Unum* has become far more than just a Latin phrase. Shoulder to shoulder we train and work that we may become wholly strong for the great task before us.

Courage and bravery are not enough. A total war and a total peace demand a total strength. Thus, physically, mentally, and morally, Humboldt trains!
Miss Alma Foerster, who will resign from active teaching this June, will be missed by everyone at Humboldt. With her gentle, understanding manner, her generosity, her high ideals, and her hatred of the cheap and shoddy, she has influenced hundreds of students.

Wherever Miss Foerster goes, she carries with her a kind of golden friendliness like a warm spring day. Her school room always says, "Welcome! Won't you walk right in?"

Pink geraniums fill her windows, and colorful pictures hang on the wall.

For Miss Foerster everyone wishes that the years ahead will be richly satisfying.

"So leb'denn wohl!"
WALTER J. ROCK, Humboldt Principal

His broad-minded, sincere, cooperative, and understanding nature has gained for him many lasting friends, both young and old.
The Humboldt Faculty

ADMINISTRATION
WILMA BELCHER: Nurse . . . Her room is a hide-out for returning pupils all first period . . . MILDRED ERICSSON: Registrar and Clerk . . . Hers is an excellent office to work in . . . JOHN GRAN: Assistant Principal, Journalism . . . The Arrow is his pride and joy . . . (also Maria Teresa) . . . MINNIE HOFFMANN: Guidance . . . Order and exactness are her demands . . . WALTER ROCK: Principal . . . The professional attitude in everything.

COMMERCIAL
PAUL MEIER: Type, School Fund Auditor and Bookkeeper . . . All the jitter-bugging he can do is with his eyebrows . . . ANNA RYAN: Stenography, SOS . . . A true lover of stenography. Her free period is to her the longest in the day . . . JOHN RYAN: Bookkeeping . . . Everyone is eager to see his costume for the annual faculty-varsity game.

CRAFTS AND ARTS
JEROME AGA: Mechanical Drawing, Wood Shop . . . And to think—he teaches only boys . . . MARY DODGE: Crafts . . . Her travels often help with her art classes . . . RICHARD McKENNEY: Sketch, Commercial Arts, Art Club . . . He's the students' pal and has a winning smile . . . CELESTINE MUMM: Music Department, Sophomore Class Adviser . . . Have you heard about her pup-
ELSA OBST: Clothing, Red Cross Adviser, Victory Class. She enjoys hearing about the "younger set". THOMAS PETERSON: Machine Shop. He loves to talk about the war. PRISCILLA RUGG: Foods, Victory Class, Junior Class Adviser. She must be brave—she teaches boys to cook.

ENGLISH

GERTRUDE CHAPIN: English. The classes have fun every day—except report card day. ALMA FOERSTER: English, German. Patience is her wonderful treasure. DULCIE KEEPS: English, Life Staff Adviser. A penny for her thoughts! LEONE LEHRER: Expression, English, Little Theater, World History. Washington vs. Humboldt. KATIE PEARSON: English, Latin, Latin Club, School Treasurer. Never a hair out of place. AGNES SMITH: English, Senior Class Adviser. They don't come sweeter or more jolly. AMANDA WHALEY: English. The words "benign" and "conscientious" are fitting.

MATHEMATICS AND SCIENCE

CHARLES BOND: Geometry. Mr. Bond keeps silence by using a lock in intermittent contact with his desk. JAMES POWLES: Physics and Chemistry. He was welcomed back royally after his illness. OTTO RAMSTAD: Biology, Economic Geography, Social Science. His students are human guinea pigs. HILDA SAMSON: Algebra, Trigonometry, Solid Geometry, Girl Reserve Adviser. Her charming manner and her hair are two of her many assets.
PHYSICAL EDUCATION
ALTA CARLSON: Girls' Physical Education. G.A.A., Senior Science
• • There's no place more inviting than the Carlson room • • JAMES PELLER: Boys' Physical Education. Track • • Like a father he yearns over his gym team.

HISTORY
BLANCHE BIGUE: Social Science • • She loves to sleep late mornings, but, most of all, she loves to teach • • DORIS HADLICH: American and World History • • She often appears in her quiet red suit and yellow coat • • ROY ISACKSEN: American and World History, Social Science, Baseball and Basketball Coach • • Has dream hunches, constantly jingles keys, has keen sense of what well-dressed man wears • • JOHN NEIHART: World History, Economic Geography, Coach of Football, Hockey, Tennis, and Golf • • Why the female convoy every afternoon? • • ESTHER OSTERGREN: American History • • Her smile sneaks up on her.
For Mental Strength
Humboldt in Wartime

The globe has a new meaning.

The shop and the laboratory are battlefields.
Mathematics has a new emphasis.

A knowledge of values aids victory.
and functional vigor are demanded above all else in war time.

A third change has been in a new emphasis upon mathematics and science. A large number of students are now enrolled in these subjects. The subject of physics has been integrated with the study of aeronautics. Map making, map reading, and radio code have been added to the industrial arts course, all important factors in the winning of the war.

Hand skill is essential.

Strength and vigor are demanded.

A good citizen thinks clearly
The well-trained citizen has many skills.

Physics is integrated with aeronautics.

A fourth element in our curriculum conversion is concerned with the greatest of our responsibilities, the training for citizenship in a democracy. A new emphasis has been given to the study of history and social science; the study of national and international affairs; the study of the meaning of
Round table discussions are opportunities for practice in clear thinking and concise expression.

Democracy; and the practice of those responsibilities which are essential to citizenship. In English, emphasis has been placed upon the development of fundamental reading skills; upon clear, concise oral and written expression; upon the literature of patriotism and American idealism.

A fifth element in the effect of the war upon our school has been the many and varied informal and extracurricular activities which have been included in our school life. The making of model planes by the boys in the shop for use of the Army Air Corps; the Victory program of essential war information taught by our home economics teachers to all pupils of the school; the sale of war stamps and bonds under the direction of the student defense council; the making of posters by the art students to aid the sale of war stamps; the making of games and craft aids for boys in the service by the Junior Red Cross and the craft students; the participation of our students in the scrap metal collection campaign.

The collection of phonographs and books for army camps; the contribution of money to the War Chest and the Red Cross; the participation of many students as aids to teachers in the issuing of ration books; the enlistment of students as recreation cadets to help supervise a summer recreation program; the enlistment of boys for training for farm work; the work of many students on the school paper; the large number of our students employed in part-time work after school—these are the activities through which our students are contributing their share towards the war effort and learning to take their places in the democratic life of this country.

I think that the contribution of Humboldt's pupils and teachers to the war effort make a record of which we may well feel proud. Our teachers realize that each student needs all that he can secure in education from his high school. Hence, we study the things that will contribute to the coming victory and to the solution of the many personal, community, national and international problems that are with us today and that will be with us in the peace to come.

For Social Strength
War Council

To keep the students "war minded" and to boost the sale of war bonds and stamps are the two main assignments of the War Council, composed of representatives from each home room.

Activities during the year included a Victory dance to celebrate success in the sale of stamps, and drives for scrap, copper, brass, bronze, and other essential materials. The Council increased the sale of war bonds and stamps from $96.50 in September to $714.30 in November, and in January hit $1,119.55. The total sale for the first semester was $2,742.50.

One of the major projects of the year was the Victory Scrap Book, which contains accounts and illustrations of Humboldt's war activities throughout the year. Humboldt is aiming to achieve national honors by making its book an outstanding and interesting entry in the country-wide "Schools at War" contest.
Red Cross

Although one student from every home room at Humboldt is the elected or appointed Red Cross representative from that room, Red Cross activities include everyone at our high school.

Craft classes this year, for instance, made Christmas cards, 250 tray doilies, 100 writing portfolios, and cartoon books. Commercial art students made tempera posters. The cooking class baked ten dozen cookies for the canteen at the depot. Wood shop boys built ten bed occupation tables. In the clothing classes girls made twenty-five bridge table covers, seventy-five utility bags, ten layettes, and knitted dozens of afghan squares.

In many projects the school participated as a whole. Red Cross salvage collections garnered silk and nylon hose, playing cards, broom sticks, pencil stubs and magazines. At Thanksgiving, gold and black baskets bulging with donated food filled the assembly stage. Red Cross students supplied a speech committee for the Membership and War Fund Drive. Response to the drive was so general that Humboldt turned in over 323.68 dollars to the Red Cross headquarters.

Eager to serve America outside of school hours, students have volunteered for the canteen corps and the bicycle corps. In addition they attend Junior Red Cross classes in home nursing, nutrition, and first aid. Wherever there is a need, the Humboldt Junior Red Cross has been and is ready to serve.
For information and advice about their programs and problems, students consult Miss Hoffmann, head of the counseling department.

Sophomore students are given special attention. They are interviewed individually during their first year of high school to plan the course of study for their entire period at Humboldt.

Various tests are given to determine what the students are best suited for, and their programs planned accordingly. Records of tests, interviews, and programs are kept for future reference.

Problems concerning both exceptionally bright pupils and those who are over age and retarded are referred to her by the teachers. The counsellor is alert to health or physical disability problems, interviews pupils concerning possible failures or lack of interest in studies, and calls in parents for consultation over pupils' work. Not only does she give helpful vocational guidance but she also operates a placement service for those seeking part-time employment.

By using the facilities provided by the counseling department, each student may receive the maximum benefit from his years at high school.
Practical experience in real office work is acquired by each member of the office force, whether she works for Mr. Rock, Mr. Gran, or Miss Ericsson. The staff of some thirty-five girls handle attendance records, make up the daily absentee reports, type letters and notices, file, answer telephone calls and do numerous other helpful and important tasks. They acquire experience in handling up-to-the-minute office problems and are thus ready to take their place in business offices upon graduation.
Fun Through Latin

The purpose of the Latin Club is to acquaint the members with Roman life and literature in a way that makes it fun. Plays, talks, and quizzes have been given for this purpose. The members have purchased Latin song books which will be passed on for the use of future Latin Clubs. The club is under the leadership of Miss Katie Pearson, and the officers are Lucille Schletz, president; Jo Keithley, vice-president; Don Fulton, treasurer; and Nelsine Tidemann, secretary.

S.O.S.

Accuracy, speed, and a fundamental knowledge of business practices are the goals the Sharks of Shorthand strive for. Besides their practice in dictation and transcription, they learn the use of the dictaphone. They are taught proper grooming and dress for the business office. They improve their shorthand by entering national O.G.A. contests. Certificates are the rewards for good penmanship and for taking dictation at 60, 80, and 100 or more words per minute. Their watchword is “Accuracy first; then speed.”
The junior class, under the supervision of Miss Pricilla Rugg, promoted probably the most gala occasions during the school year. The officers were nominated by English class representatives, and then elected by popular vote.

The first dance sponsored by the juniors was the annual Homecoming Dance, given in October. This was followed by a roller-skating party, in December, and "Just-a-Dance" in March, given to raise money for the Jr.-Sr. Prom.

Of course, everybody knows that the Sadie Hawkins Day celebration, another event, was the really outstanding feature of the school year. Why? Well, it's because any girl—or teacher—had the privilege of chasing any man she took a fancy to.

The climax of the social year, the J.-S. prom, was held at the Women's City Club on May 28.
To encourage friendship between sophomores and to develop a feeling of solidarity with Humboldt, the class of 1945 organized this year. Officers were Patricia Kimble, president; Donald
The Class of 1945

Fulton, vice-president; Gladys Kurk, secretary. The adviser is Mrs. Celestine Mumm.
Music

The music organization includes those students who are members of the band, choir, orchestra, and girls' glee club. These four departments are subject to call at any time and are especially in demand just before vacations.

The band took part in the most activities during the past semester. They started their vast program by playing at our pep assemblies and the last two football games against Wilson and Mechanic Arts. At the games, snow fell both nights.

The band also entertained the P.-T.A. Their busiest season, however, was in February, when they played in public six times in eight days. They started one day at eight o'clock playing old war songs for servicemen at the induction center, and ending at 9:30 at the Hamline Fieldhouse playing for the basketball game. The University Fieldhouse echoed with their talent when
they played at the game between Humboldt and Minneapolis Washburn.

The choir is most remembered for singing Christmas carols as they marched with lighted candles through the school halls and sang for the Christmas P.T.A. meeting. They also sang at the Thanksgiving assembly, and the County Superintendents’ State Meeting at the Auditorium. They took part in a mass choir in December when a program at the Auditorium commemorated Pearl Harbor Day.

The band and the choir entertained the parents and friends of the seniors at Commencement. In May they were part of a mass band and choir appearing in a music festival presented in the Auditorium by public and parochial high schools to stimulate the feeling of brotherhood and to build up morale.

All the music at Humboldt is under the direction of Mrs. Celestine Mumm.

Newshawks

Reorganized for the first time since 1938, the "Arrow" has proven to be the nucleus of all Humboldt activities and news. Its purposes—encouraging pupils to write, bringing about student unity, encouraging worth-while activities, keeping the student body informed, developing school spirit, preserving school traditions—all have been fulfilled to the utmost.

The staff members of the "Arrow," which is published monthly, are as follows: Ardis Kinde, Denise Fales, Eugene Staples, and William Wolston, managing editors; Paula Jane Dunlop, business manager; Jane Sauer and Margaret Laustrup, copy editors; Signe Siira, club editor; Dorothy Gerberding, editorial editor; Lorraine St. Martin, school page editor; Phyllis Moberg, exchange editor; Gloria Johnson, classroom editor; Ruth Brogmus, war service correspondent; Marilyn Algren and Verna Mae Kirchhoff, advertising managers; Olivia Jogna and Lorraine St. Martin, staff typists; and Mr. John M. Gran, adviser.

One of the activities of the staff was the organization of a journalism club. Members were initiated by Mr. Gran at a Christmas party December 18. Officers of the club are Eugene Staples, president; Phyllis Moberg, vice-president; Ruth Brogmus, secretary, and Dorothy Gerberding, treasurer.
Life

Mentally picture a group of people busily buzzing about snapping informal pictures in the halls and classrooms, working on assignments and write-ups, planning lay-outs or proof reading, and you will have visualized the making of Life. The above named are only a few of the tasks that confront the staff members, but to these journalism-minded students it means fun and a glowing satisfaction when the completed book rolls off the press.

The ARROW Staff prepares copy
"Something to shout about" is this creative club of Humboldt, with Mr. Richard McKenney as their adviser. These future de Vincis and Rembrandts have carried on an active and eventful year by entertaining ten soldiers on a street car party, assisting the craft class in assembling its prize winning display at a national art exhibit, and sponsoring a roller skating party, the proceeds of which were used to purchase books and a drawing table.

The special projects of the members this year were clay modeling, sketching, and oil painting.
The purpose of the Little Theater is to take part in all dramatic productions at Humboldt during the school year. When Thanksgiving, Christmas, and spring programs are in order, the Little Theater supplies skits, readings, and short bits of entertainment. Every spring the club presents the annual play. This supplements a senior class play that most high schools give.

Miss Leone Lehrer is the club adviser. Robert Kenney is the president; Betty Villano, vice president; Denise Fales, secretary; and Mary Johnson, treasurer.

The Alpha Omega, Humboldt's only active boys' organization, has been kept busy during the year. Their activities, besides checking at school plays and dances, include sponsoring sleigh rides, skating parties, and a number of dances. Officers include Jack Yocum, president, and Louis Gydeson, who is the active secretary-treasurer.
"Serve our school" is the slogan and also the purpose of the four girls' clubs of Humboldt. Each girl's goal is to do her part in bringing about close harmony among the girls in the club as well as in other organizations in the school. For instance, by sponsoring a Mistletoe Mixer Dance and selling tickets to a P.T.A. movie, the Phi Sigma Delta club was able to donate the proceeds of these two events to the school athletic fund and to the P.T.A.
Other activities of the girls' clubs were filling Thanksgiving baskets, aiding in the Red Cross Drive, sponsoring roller skating parties and awarding candy to the top-ranking athletes in the school.

The advisers for the Theta Sigma Gammas, Sub-Debs, Phi Sigma Deltas, and the Nebods are Mr. John Neihart, Miss Elsa Obst, Mr. Walter J. Rock, and Mr. Roy Isacksen, respectively.
When the Girls' Athletic Association was organized in 1927, the club had just twelve members. Today the membership is around one hundred.

In these years of stress our country needs, more than ever, strong men and women. The G.A.A. girls realize fully the need of keeping healthy and conditioned to meet adequately any demand or task.

The girls take possession of the gym every Wednesday and Thursday. According to the season, they participate in many different sports, such as soccer, basketball, kittenball, and volleyball. Besides participating in sports, they sponsored a sweater dance and sold tickets for basketball games.

Lucille Schletz is the president; Ardis Kinde, vice president; and Nelsine Tidemann, secretary and treasurer.
Girls' Bowling Club

Right Down Our Alley

Strikes! Spares! Splits! Blows! Such have been the words added to the vocabularies of thirty girls who make up the Humboldt Bowling club. The girls, under the guidance of Mrs. Alta Carlson, meet every Tuesday at the Union Depot to "roll" a few games. Practice in straight and angle throwing has surpassed that of recent Humboldt teams, and the future appears to be even brighter.

Gertrude Graffunder is to be given credit for having started and influenced the girls toward better bowling this year.
As a truly democratic club, the Girl Reserves offer a chance for service and sociability to every girl, no matter what her race, color, or creed.

Pledged to service, the members do their best to aid others. Among the many service projects in which the girls participated this year was the "Share a Dress" campaign, conducted in December, to gather clothes for the people of Greece. In groups of ten, the girls also usher at the Woman's Institute. They feel rewarded for this service as they have had the opportunity to hear such celebrities as Dorothy Thompson, Alexander Woolcott, Sigmond Romberg, Braggiotti, and Vivian Della Chiesa.

They had fun at parties, sleighrides, pow-wows, and at their summer camp. Part of the funds to operate the camp is obtained through the annual doughnut sale.

For Physical Strength
Flashes of Indian sports from the '42-'43 season. The teams ranked high in all conference meets.
**Football**

With Jowiski, Stuhlman, Johnson, Angstman, Smithson, Karn, and Rowley opening holes in opponents' lines and Mickelson, Hessler, Staples, and Heuer charging through, the "42" Indians fought through an exciting but a heart-breaking season.

Humboldt's new coach, John Neihart, worked hard getting his boys into shape for the tough conference race.

The Indian eleven showed their fighting spirit throughout the season regardless of injuries and other let-downs. Many new faces took the spotlight during the season, especially those three flashy sophomores, Staples, Karn, and Gariety.

Special honors went to Dick Mickelson for his rugged play and powerful line smashing. Dick received the player-of-the-week award for the city of St. Paul as a result of an open ballot.
Basketball

The Indian five showed exceptional skill this year throughout the entire season. Losing only one game in the season, the Humboldt cagers tied for first place with the state champions, Washington. Stars of the season were Dick Furey, Ken Merritt, Chuck Mohr, Dick Seltz, Dick Mickelson, Pete Rodriguez, and James Hessler. These boys had one of the smoothest offensives in the city. Dick Furey, all city center, was outstanding during the season due to his spectacular ball handling and shooting.

The Humboldt quint continually rolled up enormous scores along their path to victory. In their game with Minneapolis Washburn, the Indians proved themselves to be one of the best teams in the Twin Cities. Although Washburn won the tilt, the Indians outplayed them most—if not all the way.

Where did it go, Ken!

Again this year the gymnastic team displayed their fine form in many special exhibitions. They gave exhibitions at the Minnesota Field House, Hamline University, the Sportsmans Show at the Auditorium, the Y.M.C.A. physical fitness campaign and the Joyce Kilmer, American Legion Post. Besides these their skill was also shown during many sports contests such as Humboldt and Minnesota football games.

Practice makes perfect; that is the motto of the gymnasts and also of their able coach, Mr. Peller. Many hours were spent at hard practice, which gave the boys the success that they attained this year.

This year's team won the city championship in all classes, and came out second in the Twin City, fourth in the Northwest, and third in the state meets.

Among the standout performers on this year's team, were Edgar Brown, who set a scoring record of 98 per cent on the mats, Dick Howlett, Frank Flynn, Art Davis and others.
The hockey team of 1943 had a successful year, losing only one game in ten. They proved second in the city conference. Ken Staples made "all city" on right defense, and Robert Knox made "all city" on the second team.

Some of the boys returning next year to play again are Bill Van Kleek, Art Johnson, George Lehmann, Robert Knox, George Karn, and Ken Staples.

Those who made the most goals during playing time were James Root and Ken Staples.

---

**Ski Team**

Skiing was brought into the spotlight more this year than usual due to the exceptionally fine weather and fine skimanship. Don Estes lead Humboldt throughout the entire season with high points in the slalom event. Coach Peller had a big group of boys to pick from to enter all events. Chuck Smithson was this year's captain.
Flynn opens up.

Swimming

The '42-'43 swim team proved that even though odds against them were high, they could display sensational team spirit. The team was hard hit because of the lack of practice facilities throughout the season. Rooke, Wolston, and Tyler came through with first places in many events during the seven meet series.

New swimmers displaying extra thrills in competition were Frank Flynn, Don Foldoe, Tom Frantes, and Ken Ravey. Tom Smith also did an excellent job filling in for Gordy Rooke. Bob Young proved he is fast not only on the cinder track but also in the 50 and relay swims. Bill Wolston was 220 man and took first place three times during the season. Gordy Rooke displayed fine diving and swimming, especially in his one and one-half somersaults and lay-outs, which won the spectators' applause.

Track

This year's track team has proved one of the most powerful teams in the city conference. Bob Young, Bob Kenney, Gordon Hackman, Ralph Duncanson, and Ed Witucki showed exceptional ability in running events while George Kilen, Jack Alberg, and Don Kennedy scored high in the field events.

Early practices were held this year in order to get the boys in shape. The Indians formed a strong running squad with Bob Young leading the way in the 100 yard and 220 yard events. Coach Peller looks forward to a good season next year because so many high point men are returning.

Golf

Because experience and sportsmanship make a championship team, Humboldt's 1942 golf team came close to taking the honors. Murray won the championship with our team running a close second.

The team won all of its matches until its first defeat by Murray.

Members of the team last year were Vince Schadegg, Jim Root, Orv Robertson, George Waters, Walter Duncanson, and Ken Merritt. This year's team consists of George Waters, Orv Robertson, Bill Van Kleek, Ken Merritt, Bob Knox, and Bob Busse.

With the return of several lettermen this year the team should go far in all of their meets.

Baseball

A determined spirit marked every game of the 1942 baseball team. The team lost only two games and won eight, which gave them second place in the final standings. In the playoffs Humboldt was in the finals against Washington, but lost. This year members say that they, instead of Washington, will be in that Twin City game.

Members of the 1942 team were Harold Yahnka, Don Alfelby, Dick Furey, Jack Rowley, Dick Mickelson, Dick Seltz and others. With the return this year of all of these boys except three, the team should achieve success. On the team this year are Joe Ziton, Dick Furey, Dick Mickelson, Dick Seltz, Jim Frame, Jack Thayer, Charles Mohr, Jack Stuhlman, Ronnie Knutson, Ossie Hessler, George Karn, Jim Root, and Ken Staples.

Tennis

Joseph Grittner, William Wolston, James Molamphy, and Robert Simonson are the only lettermen returning to this year's tennis team. Hard practice is in order for this season which looks like a very exciting one.

Last year's games were few because of rain, but the team which included Edward Martin, Homer Reed, LeRoy LeMay and the four mentioned previously was one of the most prominent in the conference. Ed Martin and Homer Reed were top men and were hard to beat in the city tennis tournaments.
