

Greetings GAPU 5th grade students and families,

We hope you and your family are adjusting well to the new school year. It's hard to believe it is already October! **Check out our school website to see 5th grade students' virtual museums featuring artifacts that represent parts of their identities.**

Math: We have been working on single and multi step multiplication problems. Our newest unit is on dividing multi-digit numbers using the **partial quotient method**.

Literacy: Students have been reading books about identity and indigenous people using the texts Powwow Day, Josie Dances, Morning Girl and Encounter.

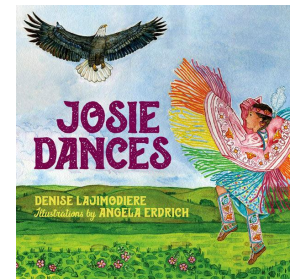

Social Studies: We are exploring how North American indigenous peoples' culture was greatly influenced by the regions where they live.

Arts: Students are rotating through dance, theatre, visual art, and music.

Partial Quotients Method

Answer 218

Ms. Rasheed: An Introduction

Greetings! My name is F. Eliza Rasheed and I have been teaching theatre at Global Arts Plus Upper Campus for the last 12 years. I'm the 5th grade theatre teacher this year. I love teaching theatre and enjoy creating a safe and brave space for all. Theatre is for everyone! 5th graders will explore different forms and elements of theatre through the performance cycle of creating, rehearsing, performing, and reflecting. Other than teaching theatre and directing plays, I'm also the co-advisor for GSA and arts residency coordinator at the Upper Campus. I'm looking forward to getting to know all the 5th graders this year.

Sincerely,

F. Eliza Rasheed

fathimath.rasheed@spps.org

Updates:

No school October 20-21 all grades.

No school October 31 for PreK-5 students.

October 2022
