A MESSAGE FROM DR. THERESA THAO-YANG

I wanted to share this statement that Dr. Gothard made, regarding the violence that has been happening in our community, as well as around the country:

We grieve with the AAPI community, the Black community, the mothers and fathers, the educators, the children, and everyone impacted by the senseless gun violence plaguing our country and our own city. Put the guns down so our schools and public places can be the safe havens we all need them to be.

DR. JOE GOTHARD, SUPERINTENDENT
SAINT PAUL PUBLIC SCHOOLS

As I reflect on what has been happening, I think about ways in which we can create an urgency in changing the ways we teach, engage, and connect with one another. Building relationships, trust, and a sense of belonging is critical during a time like this.

February is Black History Month; however, I want to acknowledge that the contributions of Black people have been instrumental in change and goes beyond the month of February. As many have said, Black History is History.

NAAPID

**FAMILY/COMMUNITY CIRCLES**
REMINDERS...

- For student drop off, please do not drop off your child in the middle of the street for staff to assist. Staff have other duties supporting student drop off; this creates a safety issue for all.

- Please do not park in the fire lane when picking up students at the end of the day. This makes it difficult for parked cars to leave and for families who are trying to cross the parking lot. Please park on the side streets, then come into the gym.

- Please remember to keep your child home if he/she has any cold/flu symptoms and to call the school attendance line or send an email.

JOIN THE CIRCLE!

Nokomis is a Restorative Practices school. We sit in circle to build community, share about ourselves, learn from one another and problem solve. Students participate in classroom circles on a daily basis and we would like to invite you to join! One circle a week during the last week of the month will be a Family/Community Circle. We invite you to join your students in circle.

SPECIFIC TIMES SLOTS TO COME
SAVE THE DATES!

ABOUT US

- Our school is based on the Montessori method: students learn at their own pace in multi-grade classrooms, independently cultivating their interests and natural abilities. Teachers help students choose their work in carefully prepared, peaceful environments; students use beautifully designed hands-on materials to practice and understand skills and concepts. Teachers are Montessori certified and use the Montessori philosophy to guide instruction.
