NEW! MCA & MTAS Testing 2022-23: Each spring, the Minnesota Comprehensive Assessments (MCA) or the Minnesota Test of Academic Skills (MTAS) are provided to students in mathematics (grades 3-8 and 11), reading (grades 3-8 and 10), and science (grades 5, 8 and in high school upon completing biology). Most students take the MCA; however, some students who receive special education services and meet eligibility requirements take the MTAS. Both tests provide information about student learning of grade level content in reading, mathematics, and science. The MCA and MTAS are used to meet federal and state legislative

requirements. The tests are administered every year to measure student learning relative to the Minnesota Academic Standards that specify what students in a particular grade should know and be able to do. Students take the MCA or MTAS between March 6-May 5, 2023.

Golf Team Information: OWL has a strong history of student participation in athletics in partnership with Humboldt High School. OWL student athletes have made significant contributions towards numerous athletic teams at Humboldt in the past.

My name is Ray Gonzalez, I am the Boys Golf Coach at Humboldt. I am inviting OWL students and parents to consider increasing the number of OWL students that participate on our Boys and Girls Golf Team. We have had a few OWL students participate in golf in the past but not close to the number that have participated in other Fall, Winter, or Spring sports.

I am asking all students interested in joining the Boys and Girls Golf teams at Humboldt High School to contact me for further information regarding the upcoming 2023 Spring Golf Season.

[Here is a link to our e-learning plan](#) posted on our school website. We will also send this out by 7:30 a.m. the morning of an e-learning day along with whether the day is an A or B day. Staff will have their Google Meet codes available by 8:25 a.m. Attendance will be taken through synchronous attendance or completion of an assignment per class.

An important message from Nurse Colleen:

Each day, please continue to observe and monitor your child/children closely for any signs or symptoms that they are not feeling well and keep them home to watch closely to see if symptoms persist or worsen. Staying home when sick can lower the risk of spreading infectious diseases, including the virus that

causes COVID-19, to other people. Students, staff and visitors must conduct their own symptom screening prior to coming to school/work, and again when arriving at any SPPS facility, and throughout the day.

ILLNESS AND SENDING YOUR CHILD TO SCHOOL

- Keep your child home if they:
 - Have a fever of 100 degrees or more during the previous evening or night or in the morning.
 - Have vomited or had diarrhea during the night or in the morning.
 - Have a rash that may be caused by a disease or if the cause is unknown, check with your family physician **before** sending the student to school.

If a student is at home sick, please call the school attendance line daily to report the reason for absence.

Important Reminder about Attendance:

If your child is going to miss school, please call, email or write a note to explain the reason for the absence. If we do not hear from you, the absence is documented as unexcused. After 3 days of unexcused absences, you will receive a letter from the school reminding you to please communicate with us so the absence(s) may be documented accurately. If your child continues to miss school, unexcused, he/she will be referred to the SAM (School Attendance Matters) Program for intervention.

The following reasons for absence qualify as an excused absence; illness, doctor, dental or therapy appointment (please be sure to obtain a note to give to the school), extreme family emergency or religious holiday not already recognized by our school district. When a student misses 3 or more class periods in one day, this is considered to be a full day of absence. Please call us if you have any questions/concerns.
