

Txuj Ci HMong Language and Culture Lower Campus  
2023-2024 Family Engagement Plan

**Txuj Ci HMong Language and Culture Lower Campus students are confident, creative, thinkers who seek and use knowledge in a changing world.**

The Txuj Ci Lower Campus school community is committed to providing a welcoming environment that respects and honors the contributions of all families in our community. Many strategies are in place to remove barriers including bilingual support, transportation for school events as needed, childcare as needed and scheduling activities at a variety of different times of day to encourage a high rate of participation.

The Family Engagement Plan (FEP) is organized into four impact areas. We will be working together this year to build positive and goal-oriented relationships in each area. Families and staff at school developed this plan together.

<b>Welcoming Environment</b>	
<b>Our school has staff member(s) available for families to discuss this plan and ask questions</b>	<ul style="list-style-type: none"> <li>Family Liaisons: Family Room Staff: Thao Lor Lee, Neftali Ramirez, and Win World</li> </ul>
<b>Our school communicates with families in many ways.</b>	<ul style="list-style-type: none"> <li>School communicates with families through weekly school newsletters and flyers, parts of which are translated into Hmong, Spanish, and Karen. In addition, classroom teachers communicate with parents through weekly or monthly classroom newsletters, including the Txuj Ci Zaj’s Weekly News, personal phone calls, text messages, SeeSaw, via emails, GoogleMeet, and Schoology. Information about school programs and activities is posted on our website: <a href="http://spps.org/phalen">spps.org/phalen</a> and reminders are sent using Connect 5 phone calls, texts, emails or PeachJar Flyers. Home visits are done for a variety of reasons throughout the school year.</li> <li>Txuj Ci has an open-door approach to serving our families. Bilingual staff are available to help families, as needed, and phone calls from parents are returned the same day, when possible. Parents are given school contact information for Family Room staff and school administrators at the beginning of the school year, at school events and home visits.</li> </ul>
<b>The achievement gap, or rather the “opportunity gap,” between students of color and white students in Saint Paul Public Schools is unacceptable. Our school is working to change practices and systems by identifying the barriers that make it harder for students of color to succeed and for their families to support their learning.</b>	<ul style="list-style-type: none"> <li>For more about our work on racial equity, contact: Principal May Lee Xiong or Assistant Principal Michelle Brown Ton “Txuj Ci HMong Language and Culture Lower Campus offers a unique opportunity for students to discover the gift of bilingualism through our Hmong Dual Language program. **Transitions between schools can be challenging, and we work to help families as their children start and leave our school.**

**For new students and families, we support the transition by:**

- **Incoming student transitions:**

New families to Txuj Ci are invited to tour the school and meet the teachers. Parents are informed of opportunities to become involved in school and offer community resources at all grade level and school-wide events. Open House is designed so as to introduce parents and students to teachers, classroom expectations and routines. In addition, several Txuj Ci teachers participate in the Teacher Home Visit Project.

Txuj Ci Family Room staff provides parents with encouragement, support, and information for enrolling their children in pre-school programs including our Hmong Dual Language Program and inform them of deadlines, and assist with the application process.

**For students and families moving to the next school in their pathway, we support the transition by:**

Txuj Ci aligns a transition event with SPPS school choice to provide families an opportunity to learn about our programs. Additionally, we encourage 5th grade families to learn more about their choices for middle school including the location of their community school, and other SPPS Magnet Schools. In the spring, transition events are held for families of pre-K and 5<sup>th</sup> graders to help them navigate the academic, emotional, and cognitive aspects of each transition. Family Room staff, Office of Early Learning, Content coach and counselors continue to be available to assist parents in advocating for their children as they enter middle school and high school.

- Inviting counselors and students from other schools/programs to present information to parents at one transition event for 5<sup>th</sup> graders. The first event is held before the school choice deadline, to inform parents about the school choice process and considerations in choosing the pathway to Txuj Ci HMong Language and Culture upper campus (the middle school). At the second event in the spring, topics include middle school expectations and cognitive and social emotional issues of students at those ages. The school counselor also schedules a Middle School Mock Day.
- Txuj Ci provides transition events for new enrolling and new perspective families. The first event is held during our open house before school choice deadline to inform parents of our programs, and authentic experience tours are offered.
