About PBIS

PBIS stands for Positive Behavior Intervention Support. It is a program designed to teach respect, responsibility, and safety at school. At Paul and Sheila Wellstone Elementary School we hope to encourage students to continuously make good behavioral choices by implementing this program.

PBIS provides teachers and other school staff with information to help prevent behavior problems and help make school a safe learning environment.

PBIS is a research-based program which can result in:

- increased time for instruction
- an increase in positive behaviors school-wide
- a decrease in disruptive behaviors.
