

## NEWCASTLE UPON TYNE ROYAL GRAMMAR SCHOOL

### SANJEEV VADHERA

---

As a former pupil, Head Boy in 1999, and currently a parent to two children in the Junior School, my connection with the school is deeply personal, providing me with a well-rounded insight into educational matters.

My professional journey has traversed through real estate, operations, and finance. With a background as a Real Estate Investment Banker, qualification as a Chartered Surveyor (RICS), and my current role as Director of Operations at a prominent retail company, I offer a diverse set of experiences that I believe can contribute to the role.

During a rewarding six-year tenure as the Chair of the Trustees of the DragonFly Cancer Trust, I had the privilege of contributing to impactful initiatives that touched the lives of those in need.

As a proud Geordie, my passion for the North East is strong, driving my commitment to enhancing the educational experience for students in our region. I look forward to actively participating in various aspects of school life and contributing to the ongoing success of our institution.
