

EAST MAINE SCHOOL DISTRICT 63

Dear Parent/Guardian,

All students entering preschool are **required** by the State of Illinois to have a completed Certificate of Child Health Examination form including the immunization portion submitted to the nurse's office before the first day of school. **Your child will not be able to start school without this required information.**

Please make sure your doctor uses the Illinois Certificate of Child Health Examination form (rev. 11/2015), which has two pages. This includes the Diabetes Screening, Lead Risk Questionnaire, and the Tuberculosis screening, which will be completed by the health care provider. The medical history is located at the top of the back of the form and is completed and signed by the parent/guardian.

Proof of the following immunizations must be included on the Health Examination form:

Diphtheria 4 doses	Measles 1 dose after 1st birthday
Pertussis 4 doses	Mumps 1 dose after 1st birthday
Tetanus 4 doses	Rubella 1 dose after 1st birthday
Polio 3 doses	Chicken Pox (Varicella) 1 dose after 1 st birthday
Hepatitis B 3 doses at proper intervals	Haemophilus Influenzae Type b (HIB) - Refer to PCV schedule
Pneumococcal Conjugate - Refer to PCV schedule	

A child that does not have the **completed Certificate of Child Health Examination form** including the **immunization portion** on file in the nurse's office by **the first day of school will be excluded from school**. Notes from doctors with appointment dates after the first day of school will not be accepted. Always keep a copy of your child's medical records at home.

Thank you very much for your prompt attention to this health requirement.

Nicole McFadden, RN, BSN, PEL-CSN
Coordinator of School Health Services

If you have any questions or need assistance, please contact the nurse at the Early Learning Center at 847.493.8573.
