

## Mission

Our Mission is to provide a student-centered approach based on learner profiles that inform individualized learning paths and competency-based progression in a flexible learning environment.

## PERSONALIZED LEARNING

## Vision

Our Vision is to meet students where they are and help them along their personalized pathway to high school graduation and beyond.

## Student Commitment Statement

We cultivate paths by facing out challenges with fearless hope. We welcome opportunities that will empower us to think beyond today. We are soaring toward a future that is only limited by our imagination.

Imagine your future, create your path!
