The District identified the following six core principles to illustrate their values and commitment to students, staff, families, and the community as a whole. The School Board and District staff will use these principles as a guide to decision-making for the District's future.

2021-2025:

All Means All: All staff focus on success for all students. There are many pathways and opportunities for students to learn, achieve, and celebrate their intellectual, creative, personal, and future success.

High Expectations: Expectations for students, parents, and staff are clearly defined, understood, and shared. Students, parents, and staff are empowered, supported, and provided training and professional development opportunities to meet expectations. SLCUSD creates learning environments that empower students to take ownership over their learning in order for them to find purpose, meaning, and joy in their education and to excel beyond high school.

Respect and Integrity: Communication and interactions among and between students, staff, and parents is defined by mutual respect, trust, empathy, and support. SLCUSD strives to create a safe space for students to learn about themselves, other people, and the world around them.

Collaboration and Civil Discourse: The organization works collaboratively and creatively to ensure student success in a supportive environment. Decisions are made with stakeholder input and participation. Critical thinking, collegial dialogue and civil discourse around challenging problems are expected. Successes are recognized and celebrated.

Culture of Care and Safety: Schools and all district work sites are safe and secure environments for students, parents, and staff. SLCUSD focuses on the social-emotional needs of our students, values students' voices, and creates nurturing and inclusive school communities. Students, staff and families are compassionate school community members.

Continuous Improvement: Staff, students, and parents collaboratively evaluate progress using multiple, reliable measures, and make changes when necessary.

Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

The *California School Dashboard (Dashboard)* <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

About PEEP/PREPARE

School Description and Mission Statement

San Luis Coastal Unified School District, in conjunction with the San Luis Obispo County Special Education Local Plan Area (SELPA), provides a Free and Appropriate Public Education (FAPE) to all individuals with exceptional needs between the ages of 3 through 21 years who reside within our boundaries, including children who have been expelled or placed by the district in a non-public school.

The purpose of Individuals with Disabilities Education Act (IDEA) is to ensure that all children with disabilities have a Free and Appropriate Public Education (FAPE) available that provides special education and related services designed to meet their unique needs, provide some educational benefit and prepare them for employment and independent living. [20 USC § 1400]

"Individuals with exceptional needs" means those persons who satisfy all the following: (a) identified by an Individualized Education Program (IEP) team as a child with a disability, as that phrase is defined in subparagraph (A) of paragraph (3) of Section 1401 of Title 20 of the United States Code; and (b) the impairment requires instruction, services, or both, which cannot be provided with modification of the regular program. [E.C. 56026]

Our PEEP/PREPARE program provides instruction individualized to the needs of each student, per the child's Individual Education Plan.

A. CONDITIONS OF LEARNING

Teacher Preparation and Placement (School Year 2020-2021)

The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

| Authorization/Assignment | School # | School % | District # | District % | State # | State % |

SCHOOL FACILITY CONDITIONS AND PLANNED IMPROVEMENTS

Facility Conditions and Planned Improvements

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <https://www.slcsd.org/departments/bgt/facility-planning>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided a clean, safe, functional learning environment.

Age of School Buildings

SLOHS has 79 classrooms, a multipurpose room, two gymnasiums, locker rooms, a library and an office. The main campus was built in 1960; additions were constructed in 1964, 1965 and 1980.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds and Transportation office.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. Year and month of the most recent FIT report:11/1/23

B. PUPIL OUTCOMES

Pupil Achievements

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics give in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

OTHER PUPIL OUTCOMES

California Physical Fitness Test Results (2022-23)

The California Physical Fitness Test (PFT) is administered to students in grades 5, 7, and 9. In January 2022, the State Board of Education passed PFT regulations which changed the definition of PFT results to indicate that local educational agencies (LEAs) will report participation rates only on the School Accountability Report Card (SARC). District Results:

C. ENGAGEMENT

Opportunities for Parental Involvement

Parent involvement is encouraged and is an integral part of our school's culture and the IEP process for each student. Parents of students in the PEEP/PREPARE Medically Fragile program work closely with their child's IEP team to meet the unique and highly specialised needs of their child. The IEP manager is in weekly, if not daily communication with the family and parents are able to request an IEP meeting with the full team as needed. For more information, contact Janet Gould at 549-1220.

School Safety Plan (School Year 2023-24)

Our current Medically Fragile program is located on SLOHS campus, a beautiful campus with an environment that promotes student well being, safety and educational opportunities. Safety and order is the focus of our school's Safe School Plan, our discipline code, the San Luis Obispo Police Department Resource Officer on campus, and student support programs like the Conflict Management Team and the Student Assistance Program.

Students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. SLOHS is committed to maximizing school safety and to creating a positive learning environment, emphasizing high expectations for student conduct, responsible behavior and respect for others.

The Safe School Plan for San Luis Obispo High School is a continuous work in progress that is updated and approved annually by the School Site Council. To support and assist students, the district has implemented a Crisis Intervention Response Team (CIRT). The CIRT is a cadre of employees who have received specific training in grief counseling. When activated, members of this team are notified and asked to assist the staff at specific school site(s) when there has been psychological trauma to the students, staff or community.

Our close proximity to the Diablo Nuclear Power Plant necessitates that a nuclear response be a part of our Safe School Plan. The Nuclear Power Plant Emergency Response Plan approved by the Governing Board in September 1998 has been updated as of April 2022. The purpose of the emergency response plan is to designate the steps to be used to protect students and staff of the SLCUSD in the event of an emergency at the Diablo Canyon Power Plant. It contains procedures for evacuating school children from impacted Protective Action Zones as rapidly as possible. The primary relocation site for SLCUSD students will be Paso Robles Event Center (Mid-State Fairgrounds).

The Safe School's Plan also includes procedures in the event of an earthquake, fire, intruder, and/or bomb threat. These drills are conducted and their effectiveness evaluated each year. Students and staff are informed and prepared to respond to any emergencies should an actual event occur.

The school's Safety Plan is updated annually and reviewed with staff.
