The District identified the following six core principles to illustrate their values and commitment to students, staff, families, and the community as a whole. The School Board and District staff will use these principles as a guide to decision-making for the District's future.

2021-2025:

All Means All: All staff focus on success for all students. There are many pathways and opportunities for students to learn, achieve, and celebrate their intellectual, creative, personal, and future success.

High Expectations: Expectations for students, parents, and staff are clearly defined, understood, and shared. Students, parents, and staff are empowered, supported, and provided training and professional development opportunities to meet expectations. SLCUSD creates learning environments that empower students to take ownership over their learning in order for them to find purpose, meaning, and joy in their education and to excel beyond high school.

Respect and Integrity: Communication and interactions among and between students, staff, and parents is defined by mutual respect, trust, empathy, and support. SLCUSD strives to create a safe space for students to learn about themselves, other people, and the world around them.

Collaboration and Civil Discourse: The organization works collaboratively and creatively to ensure student success in a supportive environment. Decisions are made with stakeholder input and participation. Critical thinking, collegial dialogue and civil discourse around challenging problems are expected. Successes are recognized and celebrated.

Culture of Care and Safety: Schools and all district work sites are safe and secure environments for students, parents, and staff. SLCUSD focuses on the social-emotional needs of our students, values students' voices, and creates nurturing and inclusive school communities. Students, staff and families are compassionate school community members.

Continuous Improvement: Staff, students, and parents collaboratively evaluate progress using multiple, reliable measures, and make changes when necessary.

Data and Access

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest is an online data tool located at <http://dg.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index (API), Adequate Yearly Progress (AYP)), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access is available at public libraries and other locations that are publicly accessible; e.g., the California State Library. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used, depending on availability, the types of software programs available on a workstation, and the ability to print documents.

The *California School Dashboard (Dashboard)* <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

About Baywood Elementary School

School Description and Mission Statement

The mission of Baywood Elementary School is to teach the curriculum to all students in a way that promotes self-esteem, mutual respect, cooperation, and the desire to continue learning throughout life. We work to ensure all students at Baywood in our English grade levels and our Dual Language Immersion programs will use their socio-emotional skills to make a positive impact in the world. The students in our DLI program will develop 1) Bilingualism and biliteracy 2) Academic achievement in both languages 3) Cross-cultural competency.

The vision and goals of Baywood Elementary School are:

- All students will be actively involved in a challenging, balanced curriculum. We will focus our energy on developing literate, creative, well-informed young people, who apply critical thinking skills in daily life situations.
- Excellence and rigor in literacy, mathematics, science, social science, and the arts will be priorities at Baywood. Students will be active participants in measuring their progress and setting goals, emphasizing self-responsibility. Technology will be an accessible resource. All students and staff will feel safe, supported, respected, and able to meet their individual challenges. Students will be expected to maintain a high standard of personal conduct by making responsible decisions, showing respect, solving problems, and demonstrating safe behavior.
- Parents are their children's first and most important teachers. All parents will have the opportunity to become informed, empowered, and involved. There will be a strong partnership between home and school which fosters open communication, mutual support, and the love of learning.
- Ensuring effective differentiated instructional strategies are used to develop academic success in the classroom. We will make data-driven decisions for students needing Tier II and Tier III support and intervention in reading, math, and Language Development through the MTSS process. These academic areas of focus will be combined with our continued focus on tiered supports for behavior and social-emotional learning while involving students in the leadership and operations of the school.

A. CONDITIONS OF LEARNING

Teacher Preparation and Placement (School Year 2020-2021)

The data in these tables are based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to, based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

SCHOOL FACILITY CONDITIONS AND PLANNED IMPROVEMENTS

The District extends great efforts to maintain the schools in a manner that ensures that they are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument, with all potential problems related to safety reported and monitored for completion by site administration and the Building, Grounds, and Transportation Department. Information about this evaluation can be found for all sites at <https://www.slcsd.org/departments/bgt/facility-planning>. Elementary and middle school planned improvements include accessibility upgrades, campus-wide painting projects, fire alarms, and parking lot paving.

The following is specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, functional learning environment.

Age of School Buildings

Baywood School has 23 classrooms, a multipurpose room, a library, and an office. The main campus was built in 1976; additions were constructed in 1978, 1999, and 2002.

Maintenance and Repair

The District maintenance staff ensures that repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is utilized to ensure efficient service, and ensures that emergency repairs are given the highest priority. Many of our facilities are being modernized as part of the District Measure D program enacted in 2014.

Cleaning Process and Schedule

The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at Buildings, Grounds and Transportation. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district utilizes a deferred maintenance plan that is funded by an annual percentage from the District general fund. The District uses the funding to assist schools with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Deferred Maintenance Projects

The complete deferred maintenance plan is available at the Buildings, Grounds, and Transportation office.

School Facility Good Repair Status

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. Year and month of the most recent FIT report: 10/14/23

B. PUPIL OUTCOMES

Pupil Achievement

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics give in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress Results for All Students (School Year 22-23)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2021-22	2022-23	2021-22	2022-23	2021-22	2022-23
English Language Arts/Literacy (grades 3-8 and 11)	49	50	64	65	47	47
Mathematics (grades 3-8 and 11)	41	58	56	57	33	35

Please note scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of an individual student. ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e. achieved Level 3 – Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Assessment Results – English Language Arts (ELA)
Disaggregated by Student Groups, Grades Three through Eight and Eleven (School Year 22-23)**

Socioeconomically Disadvantaged	67	65	97	30
English Learners	19	18	95	6
Students with Disabilities	36	35	97	12

Note: ELA/Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes -- appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

OTHER PUPIL OUTCOMES

California Physical Fitness Test Results (2022-23)

The California Physical Fitness Test (PFT) is administered to students in grades 5, 7, and 9. In January 2022, the State Board of Education passed PFT regulations which changed the definition of PFT results to indicate that local educational agencies (LEAs) will report participation rates only on the School Accountability Report Card (SARC).

Grade Level	Student Participation Rate for each component by grade level				
	Aerobic Capacity	Abdominal Strength and Endurance	Trunk Extensor and Flexibility	Upper Body Strength and Endurance	Flexibility
5	96.3%	97%	97.2%	96.9%	97.2%

C. ENGAGEMENT

Parental Involvement

Opportunities for Parental Involvement

Parents are provided many opportunities to be informed, empowered, and involved in their child's school program. We welcome and encourage parent involvement as volunteers, as "guest teachers," and as decision-makers and planners for our school-wide events through our English Learner Advisory Committee, PTA, and School Site Council. We encourage parents to become involved with various outreach efforts and family nights provided by the school (i.e. Principal's Coffees, Family Literacy Nights, Latino Family Literacy / Family Story Nights).

School Safety Plan (2022-2023)

The School Safety Plan incorporates emergency response plans for fire, earthquake, nuclear power, and dangerous persons or events on or near school grounds. It also outlines communication systems on-site between staff and between staff and parents. A crisis intervention support team is in place on-site and districtwide. The School Safety Plan was last updated and reviewed with staff in October 2023.

Types of Services Funded (2022-2023)

Funded services include instructional, transportation, operations, and administrative. Some of the programs funded by state and federal resources that enable the district to provide services to support student achievement and well-being are:

- | | |
|------------------------------|---|
| Career Technical Education | Limited English Proficiency, Title III |
| College Readiness | Special Education |
| English Language Instruction | Title I, Title IV Student Support & Academic Enrichment |
| Homeless Child Education | Vocational Education |
| Lottery | Lowest Performing Student Block Grant |

Teacher and Administrative Salaries (Fiscal Year 2021-2022)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget and compares these figures to the state averages for districts of the same type and size.
