October 1, 2016

Members of the Duplin County Board of Education and Citizens of Duplin County, North Carolina:

In compliance with the Public School Laws of North Carolina, the Comprehensive Annual Financial Report of the Duplin County Board of Education, operating as "Duplin County Schools", for the fiscal year ended June 30, 2016, is herewith submitted. Responsibility for accuracy, completeness, and clarity of the report rests with the Superintendent and the Chief Officer for School Finance.

This report was prepared by the Finance Department in accordance with the requirements and guidelines promulgated by the Governmental Accounting Standards Board. We believe the data is accurate in all material respects and is presented in a manner designed to reflect fairly the financial position and results of operations of the Board. Disclosures necessary to enable the reader to gain maximum understanding of the Board's financial activity have been included.

This letter of transmittal is designed to complement Management's Discussion and Analysis (MD&A) and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

REPORTING ENTITY

The Duplin County Board of Education (the "Board") is the level of government having oversight responsibility and control over activities related to public school education in Duplin County, North Carolina. N.C. General Statutes empower the Duplin County Board of Education with general control and supervision of all matters pertaining to the schools in the system. For the 2015-2016 fiscal year, the school system served students from kindergarten through 12th grade in 8 elementary schools, 3 middle schools, and 5 high schools. The oldest school in the District was built in 1947 while the newest school was constructed in 2009. The average age of all school buildings is 44 years. The school system provides general, special and vocational education services. The school system receives local, State, and federal government funding and must comply with the legal requirements of each funding source. While the Board does receive funding from Duplin County (the "County"), the County is not entitled to share in any surplus nor is it required to finance any deficits. The Board, whose members are elected by the citizens of Duplin County, has the authority to designate management, make binding decisions, and significantly influence operations. However, the Board has no tax levying or borrowing authority and is required to maintain accounting records in a uniform State format. The Board has final approval over the budget and primary accountability for fiscal matters. Accordingly, the Duplin County Board of Education is not included in any other reporting entity.

ECONOMIC CONDITION AND OUTLOOK

Duplin County's economy has historically been based on agriculture. In the past, tobacco and row crops were the staples of agricultural production. In more recent years, poultry and livestock production has displaced crops as the primary source of production. As a result, Duplin County's population has grown nearly 22 percent since 2000, to an estimated population of 59,159. The unemployment rate for Duplin

Letter of Transmittal *(Continued)*

County was 5.5 percent at June 30, 2016 as compared to the State of N.C. unemployment rate of 5.2 percent at June 30, 2016.

The Board of Education had an average daily membership (ADM) of 9,952 during the 2015-2016 school year compared to 9,881 during the 2014-2015 year, an increase of 71 students. The State projected a slight decrease for 2016-2017 with a projected ADM of 9,860 students.

The production of alternative energy fuel crops is a future agribusiness growth opportunity for the County. Important research is being conducted locally on alternative crops for the production of ethanol and biodiesel fuels that would not compete with Midwestern corn supplies which are critical for local livestock production. Other fuel crops such as industrial sweet potatoes and canola are being evaluated at the North Carolina State University Williamsdale Research farm located in Duplin County.

Manufacturing, including agricultural related processing, is an important segment of the County's employment. Approximately 30% of the County's workforce is employed in agricultural related processing and manufacturing. Of the ten largest companies in the County, five are engaged in agricultural production or processing.

Due to the County's geographic proximity to the military installations of Camp Lejeune, Seymour Johnson Air Force Base, New River Air Station and Cherry Point Air Station, Duplin County is strategically positioned to support projected military growth. Initiatives of growth to attract military population or business include civic and community efforts.

MAJOR INITIATIVES

The goals of the school system as outlined in the 5 year Strategic Plan are as follows:

- Student academic success for every PreK-13 student.
- All students will receive a personalized education through access to STEM, career, college, and digital learning.
- Every student will be instructed and supported by excellent and innovative leaders, teachers, and personnel.
- Develop and maintain strategic partnerships supported by 21st Century financial, business and technology systems.
- Provide safe and nurturing facilities for all PreK-13 students and staff.

Duplin County Schools is one of two school districts in the nation following a District-Wide Early College Approach to Seamless Education. Through a partnership with James Sprunt Community College and the North Carolina New Schools Project, Duplin students are immersed in a college-going climate and culture beginning in Pre-Kindergarten. The goal for each child is college, career, and life success. For more information, visit duplinschools.net or call the Office of Public Information at 910.296.6623.

The Capital Outlay Bond project approved by County Commissioners and Board of Education in 2015-2016 fiscal year totaled \$60 million and includes the following projects:

- Kenansville convert from PreK-5 to PreK-8
- Rose Hill Magnolia convert from PreK-5 to PreK-8
- Wallace convert from PreK-5 to PreK-8
- Warsaw convert from PreK-5 to PreK-8
- BF Grady expansion with sewer main
- North Duplin Jr./Sr. auxiliary gym
- Contingent upon the completion of construction required to convert the existing campuses noted above to PreK-8 the existing middle schools (Warsaw E.E. Smith and Charity) will close. The students from these schools will be sent to one of the PreK-8 facilities.

These projects are expected to be completed by August 2017.

Letter of Transmittal *(Continued)*

FINANCIAL AND BUDGETARY CONTROLS

The cost of public school education in North Carolina is financed primarily by the State, which establishes minimum programs. Local funds supplement the basic programs and are appropriated by the local board of county commissioners.

Monthly reports on transactions of State and federal funds and details of disbursements from State funds are submitted to the North Carolina Department of Public Instruction for review.

Financial activities throughout the year are controlled in accordance with the North Carolina School Budget and Fiscal Control Act, which requires a pre-audit procedure to ensure availability of funds prior to the issuance of purchase orders or payment of claims. Outstanding purchase orders at the end of the fiscal year related to normal operations are cancelled and renewed in the following fiscal year.

In developing and improving the Board's accounting system, consideration is given to the adequacy of internal control. Internal controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, the reliability of financial records for preparing financial statements, and maintaining the accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and that the evaluation of cost and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the Board's internal control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

INDEPENDENT AUDIT

Anderson Smith & Wike PLLC, independent certified public accountants, whose opinion is expressed on page one, have audited the financial statements. The Duplin County Board of Education complies with the requirements of the Single Audit Act for which separate reports are issued.

FINANCIAL REPORTING AWARDS

For the fiscal year ended June 30, 2016, the Comprehensive Annual Financial Report of the Duplin County Board of Education earned the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials (ASBO) Certificate of Excellence in Financial Reporting Award. The awards are made only to governmental units that publish a comprehensive annual financial report, which is easily readable, efficiently organized, and conforms to program standards as well as satisfying generally accepted accounting principles. Awards are valid for one year only. We believe the accompanying report continues to conform to GFOA and ASBO requirements, and we will submit it for determination of eligibility for renewed awards.

Letter of Transmittal *(Continued)*

ACKNOWLEDGEMENTS

The preparation of this report could not have been accomplished without the dedicated efforts of the finance staff and the Board's independent certified public accounting firm of Anderson Smith & Wike PLLC. We wish to express appreciation to all employees who assisted in the timely closing of the Duplin County Board of Education's fiscal records as well as the preparation of this report.

We would also like to express appreciation to the members of the Board of Education for their support in planning and conducting the financial affairs of the school system in a responsible and professional manner.

Respectfully submitted,

Dr. Austin Obasohan

INDEPENDENT AUDITORS' REPORT

To the Duplin County Board of Education
Kenansville, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Duplin County Board of Education, as of and for the year ended June 30, 2016 and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Duplin County Board of Education as of June 30, 2016, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General, State Public School and Federal Grants funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 3 through 10 and the Schedule of the Board's Proportionate Share of the Net Pension Liability and the Schedule of Board Contributions on pages 47 and 48, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Duplin County Board of Education's basic financial statements. The individual nonmajor fund schedules, budgetary schedules and the accompanying schedule of expenditures of federal and State awards as required by the *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules, budgetary schedules and other schedules, as well as the accompanying schedule of expenditures of federal and State awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, budgetary schedules and other schedules, as well as the accompanying schedule of expenditures of federal and State awards are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2016 on our consideration of the Duplin County Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Duplin County Board of Education's internal control over financial reporting and compliance.

DUPLIN COUNTY BOARD OF EDUCATION MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Duplin County Board of Education's (the "Board") financial report represents our discussion and analysis of the financial performance of the Board for the year ended June 30, 2016. This information should be read in conjunction with the audited financial statements included in this report.

Financial Highlights

- For the fiscal year ended June 30, 2016, the Board's total government-wide net position increased by \$7.6 million, or 18.4%. Governmental activities net position increased by \$7.4 million, or 20.7%, and business-type activities net position increased by \$245,000, or 4.3%.
- The Board experienced an increase in student enrollment of 71 students or 0.7% from 9,881 students to 9,952 students.
- At year end, the Board's General fund reported fund balance of \$4.2 million a decrease of \$1.7 million in comparison with prior year. The decrease is a result of the State mandated increases in pay and bonuses.

Overview of the Financial Statements

The audited financial statements of the Duplin County Board of Education consist of four components. They are as follows:

- *Independent Auditors' Report*
- *Management's Discussion and Analysis (required supplementary information)*
- *Basic Financial Statements*
- *Required supplemental section that presents budgetary statements for nonmajor governmental funds and budgetary statements for enterprise funds.*

The *Basic Financial Statements* include two types of statements that present different views of the Board's finances. The first is the *Government-wide Statements*. The government-wide statements are presented on the full accrual basis of accounting and include the statement of net position and the statement of activities. The statement of net position includes all of the Board's assets, deferred outflows of resources, liabilities and deferred inflows of resources. Assets and liabilities are classified in the order of relative liquidity for assets and due date for liabilities. This statement provides a summary of the Board's investment in assets, deferred outflows of resources, deferred inflows of resources and obligations to creditors. Liquidity and financial flexibility can be evaluated using the information contained in this statement. The statement of activities summarizes the Board's revenues and expenses for the current year. A net (expense) revenue format is used to indicate to what extent each function is self-sufficient.

The second set of statements included in the basic financial statements is the *Fund Financial Statements*, which are presented for the Board's governmental, proprietary and fiduciary funds. These statements present the governmental funds on the modified accrual basis of accounting, measuring the near term inflows and outflows of financial resources and what is available at year-end to spend in the next fiscal year. The proprietary funds are presented on the full accrual basis of accounting.

The fund financial statements focus on the Board's most significant funds. Because a different basis of accounting is used in the government-wide statements, reconciliation from the governmental fund financial statements to the government-wide statements is required. The government-wide statements provide information about the Board as an economic unit while the fund financial statements provide information on each of the financial resources of each of the Board's major funds.

DUPLIN COUNTY BOARD OF EDUCATION MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-wide Statements

The government-wide statements report information about the unit as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Board's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Board's net position and how it has changed. Net position is the difference between the Board's assets and liabilities. This is one way to measure the unit's financial health or position.

- Over time, increases or decreases in the Board's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the Board's overall health, you need to consider additional non-financial factors such as changes in the County's property tax base and the condition of its school buildings and other physical assets.

The unit's activities are divided into two categories in the government-wide statements:

- *Governmental activities:* Most of the Board's basic services are included here, such as regular and special education, transportation, and administration. County funding and State and federal aid finance most of these activities.
- *Business-type activities:* The Board charges fees to help it cover the costs of certain services it provides. School food service and activities at Liberty Hall are included here.

The government-wide statements are shown as Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide more detailed information about the Board's funds, focusing on its most significant or "major" funds - not the unit as a whole. Funds are accounting devices the Board uses to keep track of specific sources of funding and spending on particular programs.

- Some funds are required by State law, such as the State Public School Fund.
- The Board has established other funds to control and manage money for a particular purpose or to show that it is properly using certain revenues, such as in the Federal Grants Fund.

Duplin County Board of Education has three types of funds:

Governmental funds: Most of the Board's basic services are included in the governmental funds, which generally focus on two things – 1) how cash and other assets that can readily be converted to cash flow in and out, and 2) the balances left at year-end that are available for spending. As a result of this focus, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the coming year to finance the Board's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information at the bottom of the governmental fund statements, in the form of a reconciliation, explains the relationship (or differences) between the government-wide and the fund financial statements. The Board has several governmental funds: the General Fund, the State Public School Fund, the Individual Schools Fund, the Capital Outlay Fund and the Federal Grants Fund.

The governmental fund statements are shown as Exhibits 3, 4, 5 and 6 of this report.

**DUPLIN COUNTY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Proprietary funds: Services for which the Board charges a fee are generally reported in the proprietary funds. The proprietary fund statements are reported on the same full accrual basis of accounting as the government-wide statements. The Duplin County Board of Education has two proprietary funds - both enterprise funds – the School Food Service Fund and the Liberty Hall Fund.

The proprietary fund statements are shown as Exhibits 7, 8, and 9 of this report.

Fiduciary funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Duplin County Board of Education has two fiduciary funds – The Southeast Education Alliance Fund and the Dickson Loan Fund. The Board acts as the fiscal agent for the Southeast Education Alliance, an association of area school boards for the purpose of providing workshops and other activities for the benefit of teachers within each member district. The Board also administers the Dickson Loan Fund, which provides loans to Duplin County students to continue their education after high school. These funds are accounted for as private purpose trust funds.

The fiduciary fund statements are shown as Exhibits 10 and 11 of this report.

Financial Analysis of the Board as a Whole

Net position is an indicator of the fiscal health of the Board. Assets exceeded liabilities by \$48.9 million as of June 30, 2016 as compared to \$41.3 million as of June 30, 2015, an increase of \$7.6 million due largely to the increase in capital assets during the year. The largest component of net position is net investment in capital assets of \$52.8 million, while restricted and unrestricted net position have a combined balance of negative \$3.8 million.

Following is a summary of the Statement of Net Position as of June 30, 2016 and 2015:

**DUPLIN COUNTY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION AND ANALYSIS**

**Table 1
Condensed Statement of Net Position
As of June 30, 2016 and 2015**

	Governmental Activities		Business-type Activities		Total Primary Government	
	6/30/16	6/30/15	6/30/16	6/30/15	6/30/16	6/30/15
Current assets	\$ 10,421,112	\$ 8,858,495	\$ 6,211,293	\$ 6,092,578	\$ 16,632,405	\$ 14,951,073

Deferred inflows of resources	<u>2,850,574</u>	<u>14,077,774</u>	<u>99,278</u>	<u>501,920</u>	<u>2,949,852</u>	<u>14,579,694</u>
Net investment in						
capital assets	52,574,657	46,290,246	180,366	179,510	52,755,023	46,469,756
Restricted net position	1,299,006	1,431,820	-	-	1,299,006	1,431,820
Unrestricted net position	(10,874,530)	(12,083,785)	5,742,280	5,498,256	(5,132,250)	(6,585,529)
Total net position	<u>\$ 42,999,133</u>	<u>\$ 35,638,281</u>	<u>\$ 5,922,646</u>	<u>\$ 5,677,766</u>	<u>\$ 48,921,779</u>	<u>\$ 41,316,047</u>

The net position of the Board's governmental activities was \$43.0 million at June 30, 2016, an increase of \$7.4 million from the prior year, indicating an improvement in the financial condition of the Board. Net investment in capital assets increased \$6.3 million, restricted net position decreased \$133,000 and unrestricted net position increased \$1.2 million.

The net position of the Board's business-type activities increased by \$245,000 from \$5.7 million at June 30, 2015 to \$5.9 million at June 30, 2016. This increase of \$245,000 is the amount of net income generated by our school food service and Liberty Hall operations during the 2016 fiscal year.

The following table shows the revenues and expenses for the Board for the current and prior fiscal years:

Total governmental activities generated revenues of \$91.7 million while expenses in this category totaled \$84.3 million for the year ended June 30, 2016, resulting in an increase in net position of \$7.4 million (including transfers out to business-type activities of \$81,000). Comparatively, revenues were \$83.3 million, expenses totaled \$83.8 million and transfers out were \$53,000 for the year ended June 30, 2015, resulting in a decrease in net position of \$570,000. In comparing the two years, revenues increased by \$8.4 million while expenses increased by \$446,000. The overall increase in revenues is primarily

DUPLIN COUNTY BOARD OF EDUCATION MANAGEMENT'S DISCUSSION AND ANALYSIS

attributable to a \$5.4 million increase in funding from the County for capital expenditures related to school conversions. This funding is part of a \$60 million local bond referendum.

The Board's primary sources of revenues were funding from the State of North Carolina, Duplin County, and the United States Government, which respectively comprised 69.3%, 17.2% and 8.9% of our total revenues. As would be expected, the major component of our expenses was instructional services which accounted for 71.6% of our total expenses during the most recent fiscal year. Of the remaining 28.4% of our total expenses, 16.2% was attributable to system-wide support services.

Our business-type activities generated revenues of \$5.7 million, while expenses in this category totaled \$5.5 million for the year ended June 30, 2016. For the year, net position increased by \$245,000 (including transfers in of \$81,000). Comparatively, revenues were \$5.6 million, expenses totaled \$5.5 million and transfers in were \$53,000 for the year ended June 30, 2015, resulting in an increase in net position of \$138,000. In comparing the two years, the year-over-year increase in profitability of \$107,000 is primarily attributable to an increase in federal reimbursements and commodities within the School Food Service fund.

Financial Analysis of the Board's Funds

Governmental Funds: The focus of Duplin County Board of Education's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Board's financing requirements.

The Board's governmental funds reported a combined fund balance of \$5.3 million at June 30, 2016, a decrease of \$1.7 million from the \$7.0 million reported at June 30, 2015. The Board's General and Capital Outlay fund reported expenditures over revenues for the year ended June 30, 2016 of \$1.7 million and \$105,000, respectively, while the Individual Schools fund reported an increase in fund balance of \$78,000. Overall, total governmental fund revenues increased by \$8.5 million, or 10.2%, from the prior year while expenditures increased by \$9.7 million, or 11.3%. The increase in expenditures is primarily due to an increase in Capital Outlay Fund expenditures of \$9.0 million as a result of construction projects and the acquisition of 18 new school buses. The Board's General Fund experienced an increase in expenditures totaling \$251,000, primarily from a State mandated bonus of \$750 for each full time employee.

The following chart summarizes governmental fund expenditures:

Expenditures presented on modified accrual basis of accounting.

**DUPLIN COUNTY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Proprietary Funds: The Board's business-type funds, the School Food Service Fund and the Liberty Hall Fund, reported a combined increase in net position of \$245,000 for the fiscal year ended June 30, 2016 compared to an increase of \$138,000 for the same 2015 period. As previously discussed, the year-over-year improvement in profitability of \$107,000 is primarily attributable to an increase in federal funding in the School Food Service Fund.

General Fund Budgetary Highlights

Over the course of a year, the Board will revise the budget, as necessary, to account for changes in revenue expectations and program allocations. Due to some State and federal revenue sources being uncertain at the start of the year, management increased its budgeted revenues and expenditures by \$4.4 million during the year to cover instructional service costs that were to be paid from State or federal funds. During the fiscal year ended June 30, 2016, the district had to use \$1.7 million of its \$1.8 million appropriated fund balance.

For the year, the Board's General Fund reported a decrease in fund balance of \$1.7million compared to a decrease of \$1.2 million in the prior year. Revenues decreased over the prior year by \$159,000 due to decreases in private grants received in the current year. The other component to the increased use of fund balance is an increase in expenditures of \$251,000 that was a result of a state mandated bonus paid to each full time employee.

Capital Assets

Total primary government capital assets were \$57.9 million at June 30, 2016 compared to \$51.1 million at June 30, 2015, an increase of 13.2%. The increase in capital assets is due to an excess of capital additions over depreciation expense for the year. More detailed information about the Board's capital assets is contained in Note 2- Detail Notes to the financial statements.

The following is a summary of the Board's capital assets, net of depreciation, at June 30, 2016 and 2015:

**Table 3
Summary of Capital Assets
As of June 30, 2016 and 2015**

Improvements	14,683,975	14,183,372	-	-	14,683,975	14,183,372
Total	<u>\$ 57,717,282</u>	<u>\$ 50,968,018</u>	<u>\$ 180,366</u>	<u>\$ 179,510</u>	<u>\$ 57,897,648</u>	<u>\$ 51,147,528</u>

Debt Outstanding

During the year, the Board's long-term debt increased by \$465,000 from \$4.7 million at June 30, 2015 to \$5.1 million at June 30, 2016. The Board is limited by North Carolina General Statutes with regards to the types of debt it can issue and for what purpose that debt can be used. The County holds virtually all debt issued for school capital construction. More detailed information about the Board's outstanding debt is contained in Note 2- Detail Notes to the financial statements.

**DUPLIN COUNTY BOARD OF EDUCATION
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Economic Factors

The Board anticipates a decrease in enrollment for fiscal year 2017 of approximately 92 students (from 9,952 to 9,860) students. As student enrollment decreases so does level of funding from the State and Local sources. In addition, State raises for fiscal year 2017 ranged from 2.1% to 13.1% with an average of 4.7% for certified staff and 1.5% for non-certified employees and school administrators as well as a 0.5% bonus. While the net overall State level of funding is expected to increase approximately 1.5%, this increase will be used to fund raises for employees, increased retirement contributions and higher hospitalization insurance costs. Federal funding is expected to remain consistent however state raises will also affect these programs. County funding will decrease by \$88,000 in fiscal year 2017 due to the expected decrease in enrollment. County funding is also a major source of income for the Board; therefore, the County's economic outlook directly affects the school district. Some indicators of the County funding impact are:

- While the unemployment rate in Duplin County decreased during the past year, it continues to be higher than the average rate across the country. As of June 30, 2016, Duplin County experienced an unemployment rate of approximately 5.5% as compared to an unemployment rate of approximately 6.1% at June 30, 2015. The June 30, 2016 State of N.C. and national unemployment rates were both 4.9%.
- Property taxes are a major source of revenue for the County. The fiscal year 2016 tax rate is \$0.73 per \$100 valuation. Collection rates vary but are typically in the 94-96% range.

Requests for Information

DUPLIN COUNTY BOARD OF EDUCATION**Exhibit 5****RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ (1,650,677)
---	----------------

Change in fund balance due to change in reserve for inventory	(36,078)
---	----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.	6,750,554
---	-----------

Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	4,449,681
--	-----------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
Loss on disposal of capital assets	(1,290)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(464,853)
--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
Pension expense	(1,641,554)
Compensated absences	<u>(44,931)</u>

Total changes in net position of governmental activities	<u>\$ 7,360,852</u>
--	---------------------

The notes to the basic financial statements are an integral part of this statement.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Duplin County Board of Education conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Duplin County Board of Education (Board) is a Local Education Agency empowered by State law [Chapter 115C of the North Carolina General Statutes] with the responsibility to oversee and control all activities related to public school education in Duplin County, North Carolina. The Board receives State, local, and federal government funding and must adhere to the legal requirements of each funding entity. The Board has no component units.

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the Board. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the effect of internal activities upon revenues and expenses. These statements distinguish between the *governmental* and *business-type activities* of the Board. Governmental activities generally are financed through intergovernmental revenues and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Board and for each function of the Board's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Board's funds. Separate statements for each fund category – *governmental* and *proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. The fiduciary funds are presented separately.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. All expenses are considered to be operating expenses.

The Board reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the Board. The General Fund accounts for all financial resources except those that are accounted for in another fund. This fund is the "Local Current Expense Fund," which is mandated by State law [G.S. 115C-426].

State Public School Fund. The State Public School Fund includes appropriations from the Department of Public Instruction for the current operating expenditures of the public school system.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

Federal Grants Fund. The Federal Grants Fund includes appropriations from the U.S. Government for the current operating expenditures of the public school system.

Individual Schools Fund. The Individual Schools Fund includes revenues and expenditures of the activity funds of the individual schools. The primary revenue sources include funds held on the behalf of various clubs and organizations, receipts from athletic events, and proceeds from various fund raising activities. The primary expenditures are for athletic teams, club programs, activity buses and instructional needs.

Capital Outlay Fund. The Capital Outlay Fund accounts for financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by proprietary funds and trust funds). It is mandated by State law [G.S.115C-426]. Capital projects are funded by Duplin County appropriations, restricted sales tax moneys, proceeds of county debt issued for public school construction, lottery proceeds as well as certain State assistance.

The Board reports the following major enterprise funds:

School Food Service Fund. The School Food Service Fund is used to account for the food service program within the school system.

Liberty Hall Fund. The Liberty Hall Fund is used to account for the operations of Liberty Hall, a historic site located in Duplin County.

The Board reports the following fiduciary funds:

Southeast Education Alliance Fund. The Southeast Education Alliance Fund is used to account for the activity of the Southeast Education Alliance, an association of area school boards for the purpose of providing workshops and other activities for the benefit of teachers within each district. The Board acts as fiscal agent for the Alliance.

Dickson Loan Fund. The fund, established by proceeds from the estate of Colonel Alexander Dickson, is to be used for the sole purpose of providing loans to help Duplin County students continue their education after high school.

C. Measurement Focus and Basis of Accounting

Government-wide and Proprietary Fund Financial Statements. The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Board considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. These could include federal, State, and county grants, and some charges for services. Expenditures are recorded when the related fund liability is incurred, except for claims and judgments and compensated absences which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the Board funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there is

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

both restricted and unrestricted net position available to finance the program. It is the Board's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

D. Budgetary Data

The Board's budgets are adopted as required by the North Carolina General Statutes. Annual budgets are adopted for all funds, except for the individual schools special revenue funds, as required by the North Carolina General Statutes. No budget is required by State law for individual school funds. All appropriations lapse at the fiscal year-end. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds. The Board has authorized the Superintendent to transfer up to 25% of an appropriation between line items in the Current Expense Fund. Amendments that alter County appropriation or transfers moneys to or from the Capital Outlay Fund also require the approval of the Duplin County Commissioners. All amendments must be approved by the governing board.

During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted

E. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Fund Equity

1. Deposits and Investments

All deposits of the Board are made in board-designated official depositories and are secured as required by State law [G.S. 115C-444]. The Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit. The Board also has money credited in its name with the State Treasurer and may issue State warrants against these funds.

State law [G.S. 115C-443] authorizes the Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; the North Carolina Capital Management Trust (NCCMT), an SEC-registered (2a-7) money market mutual fund; and the North Carolina State Treasurer's Short Term Investment Fund (STIF). The STIF is managed by the staff of the Department of State Treasurer and operated in accordance with State laws and regulations. It is not registered with the SEC. The STIF consists of an internal portion and an external portion in which the Board participates. Investments are restricted to those enumerated in G.S. 147-69.1.

State law [G.S. 115C-491] authorizes the Board to invest funds held in the Sarah Graham Kenan Foundation Trust Fund, an endowment fund held within the Liberty Hall Fund, in all forms of property, both real and personal, including, but not by way of limitation, all types of stocks, bonds, securities, mortgages and all types, kinds and subjects of investments of any nature and description. The board of trustees of this endowment fund may retain all contributions in the form in which they are made or sell any property at either public or private sale. The board of trustees is responsible for the prudent investment of any funds or moneys belonging to the endowment fund in the exercise of its sound discretion without regard to any statute or law relating to the investment of funds by fiduciaries.

The Board's investments are reported at amortized cost or at fair value as determined by quoted market prices or a matrix pricing model. Bank deposits and the NCCMT are measured at amortized cost, which is the NCCMT's share price. Ownership interest of the STIF is determined on a fair market valuation basis as of fiscal year end in accordance with the STIF operating procedures. Valuation of the underlying

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

assets is performed by the custodian. Under the authority of G.S. 147-69.3, no unrealized gains or losses of the STIF are distributed to external participants of the fund.

2. Cash and Cash Equivalents

The Board pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments, excluding investments held in the Sarah G. Kenan Endowment Fund, are essentially demand deposits and are considered cash and cash equivalents.

3. Inventories

The inventories of the Board are valued at cost and the Board uses the first-in, first-out (FIFO) flow assumption in determining cost. The inventories of the Board's General Fund consist of expendable materials and supplies, which are recorded as expenditures when purchased. The General Fund inventories do not reflect current appropriable resources and, thus, an equivalent portion of fund balance is classified as nonspendable. Proprietary Fund inventories consist of food and supplies and are recorded as expenses when consumed.

4. Prepaid Expenditures

Prepaid expenditures represent amounts paid to vendors for goods or services in one period that benefit a future period. The Board utilizes the consumption method of accounting and recognizes prepaid items as expenditures in the period consumed.

5. Capital Assets

Donated assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation or forfeiture. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other capital assets are recorded at original cost. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. Certain items acquired before July 1, 1990 are recorded at an estimated original historical cost. The total of these estimates is not considered large enough that any errors would be material when capital assets are considered as a whole.

It is the policy of the Board to capitalize all capital assets costing more than \$5,000 with an estimated useful life of two or more years. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings and improvements	20 - 50
Equipment and furniture	7 - 10
Vehicles and buses	8 - 15
Computer equipment	5

Depreciation for assets that serve multiple purposes cannot be allocated ratably and is therefore reported as "unallocated depreciation" on the Statement of Activities.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

6. Deferred outflows and inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Board has two items that meet this criterion - a pension related deferral and contributions made to the pension plan in the current fiscal year. The statement of financial position also reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Board has one item that meet this criterion – pension related deferrals.

7. Collections

Collectibles and antiques maintained in the Enterprise Funds (Liberty Hall Fund) are not capitalized or recognized as revenues if donated. These collections are held for public exhibition and not for financial gain.

8. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

9. Compensated Absences

The Board follows the State's policy for vacation and sick leave. Employees may accumulate up to thirty (30) days earned vacation leave with such leave being fully vested when earned. For the Board, the current portion of the accumulated vacation pay is not considered to be material. The Board's liability for accumulated earned vacation and the salary-related payments as of June 30, 2016 is recorded in the government-wide and proprietary fund financial statements on a FIFO basis. An estimate has been made based on prior years' records of the current portion of compensated absences.

The sick leave policy of the Board provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Board has no obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

10. Net Position/Fund Balances

Net Position

Net position in the government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments, or imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

The governmental fund types classify fund balances as follows:

Nonspendable fund balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Prepaid expenses - portion of fund balance that is not an available resource because it represents the year-end balance of prepaid expenses, which are not spendable resources.

Restricted fund balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State statute - portion of fund balance that is restricted by State Statute [G.S. 115C-425(a)].

Restricted for school capital outlay - portion of fund balance that can only be used for school capital outlay [G.S. 159-18 through 22].

Restricted for programs – revenue sources restricted for expenditures for prekindergarten programs.

Restricted for individual schools – revenue sources restricted for expenditures for the various clubs and organizations, athletic events, and various fund raising activities for which they were collected.

Committed Fund Balance – This classification includes the portion of fund balance that can only be used for specific purpose imposed by majority vote by quorum of Board of Education's governing body (highest level of decision-making authority) and in certain instances approval by the County's governing body is required. Any changes or removal of specific purpose requires majority action by the governing bodies that approved the original action. The Board of Education does not have any committed fund balance.

Unassigned fund balance – the portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds. The General fund is the only fund that reports a positive unassigned fund balance amount, a negative unassigned fund balance may be reported in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

The Board of Education has a management policy for revenue spending that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-board of education funds, board of education funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the Board of Education.

11. Reconciliation of Government-wide and Fund Financial Statements

a. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. The net adjustment of \$37,689,997 consists of several elements as follows:

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

<u>Description</u>	<u>Amount</u>
Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column)	\$118,926,063
Less accumulated depreciation	<u>(61,208,781)</u>
Net capital assets	57,717,282
Pension related deferred outflows of resources:	
Contributions made to the pension plan in the current fiscal year	4,449,681
Differences between contributions and proportional share of contributions and changes in proportion	1,129,461
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not recorded in the fund statements:	
Installment purchases	(5,142,625)
Compensated absences	(4,775,200)
Net pension liability	<u>(12,838,028)</u>
Deferred inflows of resources related to pensions:	
Differences between expected and actual experience	(1,459,683)
Difference between projected and actual earnings on plan investments	<u>(1,390,891)</u>
Total adjustment	<u>\$ 37,689,997</u>

b. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$9,011,529 as follows:

<u>Description</u>	<u>Amount</u>
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$ 10,156,277
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements	(3,405,723)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government-wide statements	1,045,721
New debt issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities – it only affects the government-wide statement of net position	(1,510,574)
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	4,449,681
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements:	
Loss on disposal of capital assets	(1,290)

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements:

Pension expense	(1,641,554)
Adjustment due to the use of the consumption method of recording inventory in the government-wide statements	(36,078)
Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources	<u>(44,931)</u>
Total adjustment	<u>\$ 9,011,529</u>

12. Defined Benefit Pension Plans

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' and State Employees' Retirement System (TSERS) and additions to/deductions from TSERS' fiduciary net position have been determined on the same basis as they are reported by TSERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Board's employer contributions are recognized when due and the Board has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of TSERS. Investments are reported at fair value.

NOTE 2 - DETAIL NOTES ON ALL FUNDS

A. Assets

1. Deposits

All of the Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the Board's agents in the unit's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Board, these deposits are considered to be held by the agent in the entity's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Board or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the Board under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Board has no policy regarding custodial credit risk for deposits.

At June 30, 2016, the Board had deposits with banks and savings and loans with a carrying amount of \$4,841,692 and with the State Treasurer of \$-0-. The bank balances with the financial institutions and the State Treasurer were \$4,943,955 and \$42,467, respectively. Of these balances, \$868,750 was covered by federal depository insurance and \$4,117,672 was covered by collateral held by authorized escrow agents in the name of the State Treasurer.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

2. Investments

At June 30, 2016, the Board had \$2,977,833 invested with the State Treasurer in the Short Term Investment Fund and \$3,953,325 invested in equities and bonds in the Sarah Graham Kenan Endowment Fund.

Interest Rate Risk

The Board of Education does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Department of State Treasurer Short Term Investment Fund (STIF) is unrated and has a weighted average maturity of 1.5 years as of June 30, 2016.

Credit Rating for Bonds

The Board invests in certain mutual funds whose primary holdings are corporate and governmental bonds. The credit rating of the underlying bonds held within these mutual funds range from B to AAA as determined by Standard & Poor's.

Concentration of Credit Risk

The Board places no limit on the amount the Board may invest in any one issuer. The Board does not have any investments, other than the Short Term Investment Fund (STIF), that account for more than 5% of total invested funds.

The Board also maintains investments in the Sarah Graham Kenan Endowment Fund, for the benefit of Liberty Hall. The investments are authorized by G.S. 115C-491, which states that endowment funds created under G.S. 115C-490 may invest in all forms of property, both real and personal, including, but not by way of limitation, all types of stocks, bonds, securities, mortgages and all types, kinds, and subject of investments of any nature or description.

All investments in the endowment fund are measured using the market approach fair value hierarchy Level 1: Securities and mutual funds valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. At June 30, 2016, the Board's investment balances in the Sarah Graham Kenan Endowment Fund were as follows:

	<u>Cost</u>	<u>Fair Value</u>
<u>Cash and Cash Equivalents:</u>		
PWM Fiduciary Master Deposit Account	\$ 245,119	\$ 245,119

a. Teachers' and State Employees' Retirement System

Plan Description. The Board is a participating employer in the statewide Teachers' and State Employees' Retirement System (TSERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. TSERS membership is comprised of employees of the State (state agencies and institutions), universities, community colleges, and certain proprietary component units along with the employees of Local Education Agencies and charter schools. Article 1 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the TSERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Teachers' and State Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for TSERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. TSERS provides retirement and survivor benefits. Retirement benefits are determined as 1.82% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. General employee plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. General employee plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

TSERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer (or 10 years of creditable service for members joining TSERS on or after August 1, 2011), or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 135-8 and may be amended only by the North Carolina General Assembly. Board employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the TSERS Board of Trustees. The Board's contractually required contribution rate for the year ended June 30, 2016, was 9.15% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Board were \$4,604,651 for the year ended June 30, 2016.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

Refunds of Contributions – Board employees who have terminated service as a contributing member of TSERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by TSERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the Board reported a liability of \$13,285,139 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2014. The total pension liability was then rolled forward to the measurement date of June 30, 2015 utilizing update procedures incorporating the actuarial assumptions. The Board's proportion of the net pension liability was based on a projection of the Board's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating TSERS employers, actuarially determined. At June 30, 2015 and at June 30, 2014, the Board's proportion was .36050% and .34431%, respectively.

For the year ended June 30, 2016, the Board recognized pension expense of \$1,688,052. At June 30, 2016, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 1,510,520
Net difference between projected and actual earnings on pension plan investments	-	1,439,332
Changes in proportion and differences between Board contributions and proportionate share of contributions	1,168,797	-
Board contributions subsequent to the measurement date	4,604,651	-
Total	<u>\$ 5,773,448</u>	<u>\$ 2,949,852</u>

\$4,604,651 reported as deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

2017	\$ (1,363,524)
2018	(1,363,524)
2019	(1,348,246)
2020	2,294,239
2021	-
Thereafter	-
Total	<u>\$ (1,781,055)</u>

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

Actuarial Assumptions. The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	4.25 to 9.10 percent, including inflation and productivity factor
Investment rate of return	7.25 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2005 through December 31, 2009.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	2.2%
Global Equity	42.0%	5.8%
Real Estate	8.0%	5.2%
Alternatives	8.0%	9.8%
Credit	7.0%	6.8%
Inflation Protection	6.0%	3.4%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2014 asset liability and investment policy study for the North Carolina Retirement Systems, including TSERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.19%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the Board's proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the Board's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	<u>1% Decrease</u> <u>(6.25%)</u>	<u>Discount Rate</u> <u>(7.25%)</u>	<u>1% Increase</u> <u>(8.25%)</u>
Board's proportionate share of the net pension liability (asset)	\$ 39,984,602	\$ 13,285,139	\$ (9,372,434)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Other Postemployment Benefits

Healthcare Benefits

Plan Description. The postemployment healthcare benefits are provided through a cost-sharing multiple-employer defined benefit plan administered by the Executive Administrator and the Board of Trustees of the Comprehensive Major Medical Plan (the Plan). The Executive Administrator and the Board of Trustees of the Plan establishes premium rates except as may be established by the General Assembly in an appropriation act. The Plan's benefit and contribution provisions are established by Chapter 135-7, Article 1, and Chapter 135, Article 3 of the General Statutes and may be amended only by the North Carolina General Assembly. By General Statute, the Plan accumulates contributions from employers and any earnings on those contributions in the Retiree Health Benefit Fund. These assets shall be used to provide health benefits to retired and disabled employees and their applicable beneficiaries. These contributions are irrevocable. Also by law, these assets are not subject to the claims of creditors of the employers making contributions to the Plan.

The State of North Carolina issues a publicly available financial report that includes financial statements and required supplementary information for the State's Comprehensive Major Medical Plan (also, referred to as the State Health Plan). An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.ncosc.net/> and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

Funding Policy. The Comprehensive Major Medical Plan is administered by the Executive Administrator and Board of Trustees of the Plan, which establish premium rates except as may be established by the General Assembly in an appropriation act. The healthcare benefits for retired and disabled employees are the same as for active employees, except that the coverage becomes secondary when former employees become eligible for Medicare. For employees first hired on and after October 1, 2006, future coverage as retired employees is subject to the requirement that the future retiree have 20 or more years of retirement service credit in order to receive coverage on a noncontributory basis. Employees first hired on and after October 1, 2006 with 10 but less than 20 years of retirement service credit are eligible for coverage on a partially contributory basis. For such future retirees, the State will pay 50% of the State Health Plan's total noncontributory premium. For employees hired before October 1, 2006, healthcare benefits are provided to retirees (at no charge to the retirees) who have at least five years of contributing retirement membership prior to disability or retirement. In addition, persons who became surviving

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

spouses of retirees prior to October 1, 1986, receive the same coverage as retirees at the State's expense.

Contributions are determined as a percentage of covered monthly payroll. Annually, the monthly contribution rates to the Plan, which are intended to finance benefits and administrative expenses on a pay-as-you-go basis, are determined by the General Assembly in the Appropriations Bill. For the fiscal years ended June 30, 2016, 2015, and 2014, the School Board paid all annual required contributions to the Plan for postemployment healthcare benefits of \$2,811,547, \$2,700,852, and \$2,485,065, respectively. These contributions represented 5.60%, 5.49%, and 5.40% of covered payroll, respectively.

Long-term Disability Benefits

Plan Description. Short-term and long-term disability benefits are provided through the Disability Income Plan of North Carolina (DIPNC), a cost-sharing, multiple-employer defined benefit plan. The DIPNC is administered by the Board of Trustees of the Teachers' and State Employees' Retirement System. Long-term disability benefits are payable as another postemployment benefit from DIPNC after the conclusion of the short-term disability period or after salary continuation payments cease, whichever is later, for as long as an employee is disabled. Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes and may be amended only by the North Carolina General Assembly. The Plan accumulates contributions from employers and any earnings on those contributions in the Disability Income Plan Trust Fund. The plan does not provide for automatic post-retirement benefit increases.

The State of North Carolina issues a publicly available financial report that includes financial statements and required supplementary information for the DIPNC. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <http://www.ncosc.net/> and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

Funding Policy. An employee is eligible to receive long-term disability benefits provided the following requirements are met: (1) the employee has five or more years of contributing membership service in the Teachers' and State Employees' Retirement System of North Carolina, earned within 96 months prior to the end of the short-term disability period or cessation of salary continuation payments, whichever is later; (2) the employee must make application to receive long-term benefits within 180 days after the conclusion of the short-term disability period or after salary continuation payments cease or after monthly payments for Workers' Compensation cease (excluding monthly payments for permanent partial benefits), whichever is later; (3) the employee must be certified by the Medical Board to be mentally or physically disabled for the further performance of his/her usual occupation; (4) the disability must have been continuous, likely to be permanent, and incurred at the time of active employment; (5) the employee must not be eligible to receive an unreduced retirement benefit from the Retirement System; and (6) the employee must terminate employment as a permanent, full-time employee. An employee is eligible to receive an unreduced retirement benefit from the Retirement System after (1) reaching the age of 65 and completing five years of creditable service, or (2) reaching the age of 60 and completing 25 years of creditable service, or (3) completing 30 years of creditable service, at any age.

For members with five or more years of membership service as of July 31, 2007, the monthly long-term disability benefit is equal to 65% of one-twelfth of an employee's annual base rate of compensation last payable to the participant or beneficiary prior to the beginning of the short-term disability period, plus the like percentage of one twelfth of the annual longevity payment to which the participant or beneficiary would be eligible. The monthly benefits are subject to a maximum of \$3,900 per month reduced by any primary Social Security disability benefits and by monthly payments for Workers' Compensation to which the participant or beneficiary may be entitled. The monthly benefit shall be further reduced by the amount

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

of any monthly payments from the Department of Veterans Affairs, any other federal agency or any payments made under the provisions of G.S.127A-108, to which the participant or beneficiary may be entitled on account of the same disability. Provided in any event, the benefits payable shall be no less than \$10 a month. When an employee qualifies for an unreduced service retirement allowance from the Retirement System, the benefits payable from DIPNC will cease, and the employee will commence retirement under the TSERS. For members who obtain five years of membership service on or after August 1, 2007, the monthly long-term disability benefit is reduced by the primary Social Security retirement benefit to which the member might be entitled should the member become age 62 during the first 36 months. After 36 months of long-term disability, there will be no further payments from the DIPNC unless the member is approved for and is in receipt of primary Social Security disability benefits. It is payable so long as the member remains disabled and is in receipt of a primary Social Security disability benefit until eligible for an unreduced service retirement benefit. When an employee qualifies for an unreduced service retirement allowance from the Retirement System, the benefits payable from DIPNC will cease, and the employee will commence retirement under the TSERS.

The Board's contributions are established in the Appropriations Bill by the General Assembly. Benefit and contribution provisions are established by Chapter 135, Article 6, of the General Statutes and may be amended only by the North Carolina General Assembly. The contributions cannot be separated between the amounts that relate to other postemployment benefits and employment benefits for active employees. Those individuals who are receiving extended short-term disability benefit payments cannot be separated from the number of members currently eligible to receive disability benefits as an other postemployment benefit. For the fiscal years ended June 30, 2016, 2015, and 2014, the Board paid all annual required contributions to the DIPNC for disability benefits of \$205,845, \$201,703, and \$202,487, respectively. These contributions represented 0.41%, 0.41% and 0.44% of covered payroll, respectively.

2. Accounts Payable

Accounts payable as of June 30, 2016 are as follows:

	<u>Vendors</u>	<u>Salaries and Benefits</u>	<u>Total</u>
Governmental activities:			
General Fund	\$ 518,656	\$ 42,720	\$ 561,376
Other governmental activities	<u>3,014,573</u>	<u>1,301,367</u>	<u>4,315,940</u>
Total governmental activities	<u>\$ 3,533,229</u>	<u>\$ 1,344,087</u>	<u>\$ 4,877,316</u>
Business-type activities:			
School Food Service Fund	<u>\$ -</u>	<u>\$ 22,327</u>	<u>\$ 22,327</u>

DUPLIN COUNTY BOARD OF EDUCATION

For the Fiscal Year Ended June 30, 2016

3. Unearned Revenues

The balance in unearned revenues at year-end is composed of the following elements:

	<u>General Fund</u>	<u>School Food Service</u>
Grants not yet earned	\$ 234,660	\$ -
Prepaid meals	-	18,038
Total	<u>\$ 234,660</u>	<u>\$ 18,038</u>

4. Deferred Outflows and Inflows of Resources

The balances in deferred outflows and inflows of resources at year-end is composed of the following:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 1,510,520
Net difference between projected and actual earnings on pension plan investments	-	1,439,332
Changes in proportion and differences between Board contributions and proportionate share of contributions	1,168,797	-
Board contributions subsequent to the measurement date	<u>4,604,651</u>	<u>-</u>
Total	<u>\$ 5,773,448</u>	<u>\$ 2,949,852</u>

4. Risk Management

The Board is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board participates in the North Carolina School Boards Trust (the Trust), a member funded risk management program administered by the North Carolina School Boards Association. Through the Trust, the Board maintains general liability and errors and omissions coverage of \$1 million per claim. The State of North Carolina provides workers' compensation for employees to the extent they are paid from State funds. The Trust has an annual aggregate limit for general liability of \$2,550,000, and an annual aggregate limit of \$2,550,000 for errors and omissions claims. The Trust is reinsured through commercial companies for losses in excess of \$150,000 per claim for errors and omissions and general liability. Statutory workers' compensation coverage is purchased through private insurers (or self-insured by the local board). Coverage is provided to the extent employees are paid from federal or local funds. Workers' compensation coverage is provided by the State of North Carolina through a self-insured fund, to the extent employees are paid from State funds. The Board also participates in the Public School Insurance Fund (the Fund), a voluntary, self-insured risk control and risk-financing fund administered by the North Carolina Department of Public Instruction, insuring the tangible property assets of the Board. Coverage is provided on an "all risk" perils contract. Buildings and contents are insured on a replacement cost basis. The Fund purchases excess reinsurance to protect the assets of the Fund in the event of a catastrophic event. The Fund maintains a self-insured retention of \$10 million. Excess reinsurance is purchased through commercial insurers. A limit of \$5 million per occurrence is provided on Flood, Earthquake,

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

Business Interruption and Extra Expense. \$10 million per occurrence is provided on Increased Cost of Construction.

The Board also participates in the Teachers' and State Employees' Comprehensive Major Medical Plan (Plan), a self-funded risk financing pool of the State administered by Blue Cross and Blue Shield of North Carolina. Through the Plan, permanent full-time employees of the Board are eligible to receive health care benefits up to a \$5 million lifetime limit.

In accordance with G.S. 115C-442, the Board's employees who have custody of the Board's monies at any given time of the Board's funds are performance bonded through a commercial surety bond. The chief financial officer is bonded for \$250,000. The school treasurers that have access to funds are bonded under a blanket bond for \$375,000.

The Board carries flood insurance on its property totaling \$5,000,000 of losses or damage at any one location, not to exceed a total liability of \$15,000,000 due to any one flood occurrence for all insured locations. For properties not in the Federal Flood Zone, the Board has a deductible of \$25,000.

The Board carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the prior year, and claims have not exceeded coverage in any of the past three fiscal years.

5. Contingent Liabilities

At June 30, 2016, the Board was a defendant in several legal matters that, in the opinion of the Board's management and the Board's attorney, the ultimate effect of these legal matters would not have a material adverse effect on the Board's financial position.

6. Long-Term Obligations

a. Installment Purchases

The Board is authorized by State law G.S. 115C-47(28a) to enter into installment purchase contracts to finance energy conservation measures that will reduce its operating costs. On September 17, 2012, the Board entered into such a contract to reduce the energy costs. The financing contract requires principal payments for 14 years beginning in the fiscal year 2013-2014, and ending in the fiscal year 2028, with an interest rate of 2.25%.

The Board is authorized to finance the purchase of school buses under G.S. 115C-528(a). Session law 2003-284, section 7.25 authorized the State Board of Education to allot monies for the payments on financing contracts entered into pursuant to G.S. 115C-528. The State has accepted the bid to purchase Thomas Built Buses through a special third party financing arrangement with various companies. During the fiscal year ended June 30, 2016, the Board entered into two such contracts for the purchase of school buses. The contract requires four equal principal-only payments with the first payment due within 10 days of receipt of the buses and the following 3 payments due on the next 3 immediately following November 15th dates.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

The future minimum payments of the installment purchases as of June 30, 2016, including interest, are as follows:

Year Ending June 30,	Governmental Activities	
	Principal	Interest
2017	\$ 858,147	\$ 87,517
2018	670,239	81,122
2019	479,877	74,389
2020	321,944	67,344
2021	339,935	59,903
Thereafter	2,472,483	181,230
Total	<u>\$ 5,142,625</u>	<u>\$ 551,505</u>

b. Long-Term Obligation Activity

The following is a summary of changes in the Board's long-term obligations for the fiscal year ended June 30, 2016:

	July 1, 2015	Increases	Decreases	June 30, 2016	Current Portion
Governmental activities:					
Installment purchases	\$ 4,677,772	\$ 1,510,574	\$ 1,045,721	\$ 5,142,625	\$ 858,147
Net pension liability	3,897,793	8,940,235	-	12,838,028	-
Compensated absences	4,730,269	3,356,926	3,311,995	4,775,200	1,955,615
Total	<u>\$ 13,305,834</u>	<u>\$ 13,807,735</u>	<u>\$ 4,357,716</u>	<u>\$ 22,755,853</u>	<u>\$ 2,813,762</u>
Business-type activities:					
Net pension liability	\$ 138,970	\$ 308,141	\$ -	\$ 447,111	\$ -
Compensated absences	94,637	150,604	168,676	76,565	52,661
Total	<u>\$ 233,607</u>	<u>\$ 458,745</u>	<u>\$ 168,676</u>	<u>\$ 523,676</u>	<u>\$ 52,661</u>

Compensated absences related to governmental activities are typically liquidated by the General and other governmental funds.

C. Interfund Balances and Activity

1. Interfund balances

The composition of interfund balances as of June 30, 2016 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
School Food Service Fund	General Fund	<u>\$ 96,428</u>

The amount due to the School Food Service Fund from the General Fund represents amounts owed for charged meals. This balance is expected to be paid prior to June 30, 2016.

DUPLIN COUNTY BOARD OF EDUCATION
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2016

2. Transfers to/from Other Funds

Transfers to/from other funds during the year ended June 30, 2016 consisted of the following:

From the State Public School Fund to the School Food Service Fund for administrative costs	\$ <u>7,409</u>
--	-----------------

From the General Fund to the School Food Service Fund for administrative costs	\$ <u>73,184</u>
--	------------------

D. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation.

Total fund balance - General Fund	\$ 4,221,822
Less:	
Inventories	(137,309)
Prepaid expenditures	(263,132)
Stabilization by State statute	(189,054)
Assigned for special revenues	<u>(22,638)</u>
Remaining fund balance	<u>\$ 3,609,689</u>

NOTE 3 - SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

Federal and State Assisted Programs

The Board has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

Statistical Section

STATISTICAL SECTION (Unaudited)

The Statistical Section of the District's Comprehensive Annual Financial Report (CAFR) presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial outlook.

Sections

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and operations have changed over time.

Revenue Capacity

Since the District's local revenues are primarily provided by Duplin County, these schedules on the county's revenue sources are relevant to an understanding of Duplin County's most significant local revenue source, the property tax.

Debt Capacity

Since the District has no tax-levying or debt-issuing authority, the County of Duplin provides significant funding to the school system. Selected fiscal data from the County of Duplin has been included to help the reader better understand the school system and its financial operations.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place. County information is included.

Operating Information

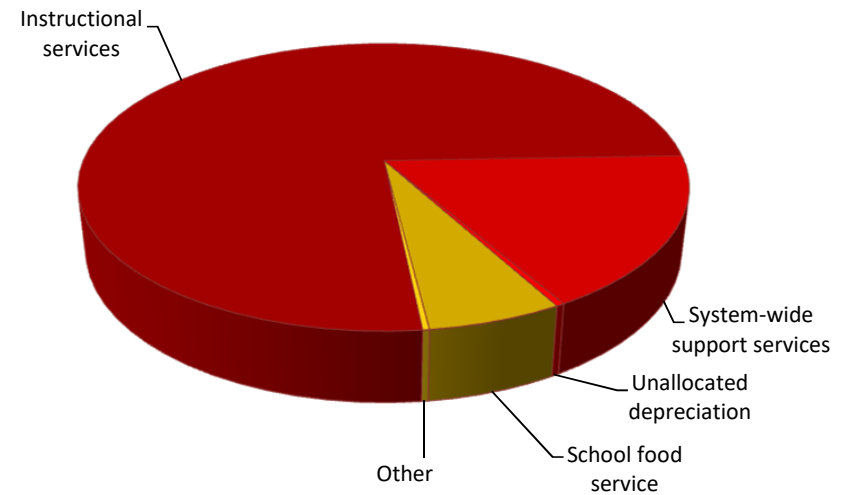

These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance
with *Government Auditing Standards*

INDEPENDENT AUDITORS' REPORT

To the Duplin County Board of Education
Kenansville, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Duplin County Board of Education, North Carolina, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprises the Duplin County Board of Education, North Carolina's basic financial statements and have issued our report thereon dated September 27, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Duplin County Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Duplin County Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance With Requirements Applicable to Each Major Federal Program
And Internal Control Over Compliance; In Accordance With OMB Uniform Guidance and
the State Single Audit Implementation Act

INDEPENDENT AUDITORS' REPORT

To the Duplin County Board of Education
Kenansville, North Carolina

Report on Compliance for Each Major Federal Program

We have audited Duplin County Board of Education, North Carolina's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the Board's major federal programs for the year ended June 30, 2016. The Duplin County Board of Education's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Duplin County Board of Education's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Duplin County of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Duplin County Board of Education's compliance.

Opinion on Each Major Federal Program

In our opinion, the Duplin County Board of Education complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Duplin County Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Duplin County Board of Education's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Duplin County Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report On Compliance With Requirements Applicable to Each Major State
Program and Internal Control Over Compliance; In Accordance With OMB Uniform Guidance and
The State Single Audit Implementation Act

INDEPENDENT AUDITORS' REPORT

To the Duplin County Board of Education
Kenansville, North Carolina

Report on Compliance for Each Major State Program

We have audited Duplin County Board of Education, North Carolina's compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of the Board's major State programs for the year ended June 30, 2016. The Duplin County Board of Education's major State programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Duplin County Board of Education's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and applicable sections of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about the Duplin County Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Duplin County Board of Education's compliance.

Opinion on Each Major State Program

In our opinion, the Duplin County Board of Education complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major State programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the Duplin County Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Duplin County Board of Education's internal control over compliance with the types of requirements that could have a direct and material effect on a major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Duplin County Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Total federal and State assistance			\$ 77,058,590

Notes to the Schedule of Expenditures of Federal and State Awards:

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Duplin County Board of Education under the programs of the federal government and the State of North Carolina for the year ended June 30, 2016. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Duplin County Board of Education, it is not intended to and does not present the financial position, changes in net assets or cash flows of Duplin County Schools.

Note 2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Duplin County Schools has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3. Cluster of Programs

The following are clustered by the NC Department of Public Instruction and are treated separately for state audit requirement purposes: School Nutrition Program
