A Future to Be Proud Of

Key Stage 3 Winner

A New Dream

In a world filled with endless dreams,
A future to be proud of gleams.
With passion and hope in all our hearts,
We'll build a world where love imparts.

Equal rights, no divide
Love and acceptance coincide.
With open arms we welcome diversity,
Building a future of inclusivity.

In hearts and souls, empathy grows,
Together peace and understanding glows.
A world united, not torn apart.
Where kindness flows from every heart.

With determination we'll make it real.
A future to be proud of we'll reveal.
Through our actions, large and small,
We'll build a future for us all.

So let us dream and let us strive,
Together our dreams will thrive.
With love as our guide, all stand tall,
A future to be proud of for one and all.
