Fromberg School Parents, Guardians, Staff and Community Stakeholders

As some of you read last night, after my 10:30 p.m. email to Fromberg School parents, I stated the state had received a possible bomb threat and it had been sent to every school district Superintendent and School Board member, within the state. At the time I was notified, I was unaware of our school receiving any information. Mr. Ward and a Board member did receive the threat.

The Carbon County Sheriff, Josh McQuillian and I spoke about the seriousness of this matter and we find it to be **NOT** a credible piece of communication. Our IT contact Travis Tanner is monitoring our incoming emails as well and finds no credible threat, as the entire state has received these emails. This is a hoax.

The safety of our students and staff are my highest priority and we will be closely monitoring this state wide non credible threat. Local and State officials are working through this hoax. When I spoke with Sheriff McQuillian, he had visited or will be visiting with all school Superintendent's within the county to provide the utmost safety for all our students. I certainly appreciate your support and we are continually monitoring everyone's safety on a daily basis. Please, if you have any questions or concerns, please feel free to contact me any time.

Respectfully,

A handwritten signature in cursive script that reads "Jennifer Hickok".

Jennifer Hickok

Fromberg School Superintendent
