Discussion items-

- HB3908- handout- Fentanyl
- Every campus did a lesson on fentanyl awareness

- Need something at the next school board meeting to tell them what we did and are doing to discuss these items
 - High school- panther time
 - Middle school/intermediate- officer man spoke and outside speaker
 - Lower campus- counselors did a little lesson
 - Jodi will be double checking with the campuses on what they have complete it- and information to the school board
- Do we need to adopt a curriculum?
- Activities for the Spring- discussed the fall semester activities
 - Food service activities
 - Gym for teachers- workout faculty - may be at one of the open campuses
 - Talked about RTC- at the high school
 - Pride campus growing- how to help them with mental health - before they move over the pride building- how to deal with the mental health before moving campuses
 - Cell phones on campus- how they students are attached to them
 - No technology day- tuesday - need to get the parents on board/teachers
 - Gather data to show them
 - Continue to talk about at the next meeting- things to start incorporating on the campus
 - Dixon- dealing with school health, mental health, and racial health
 - Start with 5th/6th grades- what are you saying, do you know what this means, reached out and not finding anything/curriculum about this topic
 - Needs to start on the lower campus- PBS center for racial justice
 - Interpersonal skills - look at all of this early - lower campuses in the guidance lessons - Be nice or Shut up

Cheryl Hendrix, Assistant Superintendent
