

You would need to add a dependent and order a new Benefits Debit Card by following the steps below as we do not have your dependent information listed on your HSA plan as of yet.

- [Log in to your online account.](#)
- Select the **Manage Reimbursement Account** button.
- Click your Name on the top right and select **Profile** from the dropdown.
- From this page, you can add or update an existing dependent, as well as manage other account details.
- When adding a family member, the dependent or spouse's **Dependent ID** is their Social Security number.
- In the **Add Family Member** window, select the box to Issue Dependent Card.
- When complete, click **Next** and **Save**.
