Tell me about a recent time that you showed kindness or compassion

If you were chosen to be a **KC Ambassador**, how would you be a kind and compassionate campus leader: _____

Dear Parents and Guardians,

Several years ago, Corinth Elementary School implemented Rachel's Challenge. The mission of Rachel's Challenge is to share a message of compassion and kindness that creates a permanent and positive cultural change on as many campuses as possible. Part of this mission is the Kindness and Compassionate Club (KC Club). Members of the KC Club serve as campus leaders and role models, and that is why we institute this application process.

Ambassadors are responsible for leading by example, and they will have the opportunity to participate in several kindness and compassion based school activities. Being an ambassador is a great way for students to create a lasting impact on their school and community. Ambassadors are fourth and fifth grade students who are responsible and want to help.

Ambassadors will meet once or twice monthly. Most of these meetings will take place during the school day; however, some projects may involve staying after school. Their work will consist of service projects for our campus, district, and community. **Please be aware that transportation will not be provided for after school meetings or activities.**

Students who are interested in being an ambassador will complete an application and participate in an interview. This process will take place during the school day, and your child will be made aware of all dates and deadlines in advance.

I am so excited that your child has expressed an interest in serving our school and community. If you have any questions, please feel free to call or email me.

I understand that my child is making a commitment to being kind and compassionate to others. As a KC Ambassador, my child will serve as a role model and campus leader. Finally, I understand that I will be required to provide transportation to and from after school meetings and activities.
