Purpose

The Board supports use of the computers, Internet and other network resources in the district's instructional and operational programs in order to facilitate learning, teaching and daily operations through interpersonal communications and access to information, research and collaboration.

The district provides students, staff and other authorized individuals with access to the district's computers, electronic communication systems and network, which includes Internet access, whether wired or wireless, or by any other means.

For instructional purposes, the use of network facilities shall be consistent with the curriculum adopted by the district as well as the varied instructional needs, learning styles, abilities and developmental levels of students.

Definitions

The term child pornography is defined under both federal and state law.

Child pornography - under federal law, is any visual depiction, including any photograph, film, video, picture or computer or computer-generated image or picture, whether made or produced by electronic, mechanical or other means, of sexually explicit conduct, where:[1]

1. The production of such visual depiction involves the use of a minor engaging in sexually explicit conduct;
2. Such visual depiction is a digital image, computer image or computer-generated image that is, or is indistinguishable from, that of a minor engaging in sexually explicit conduct; or

3. Such visual depiction has been created, adapted or modified to appear that an identifiable minor is engaging in sexually explicit conduct.

Child pornography - under state law, is any book, magazine, pamphlet, slide, photograph, film, videotape, computer depiction or other material depicting a child under the age of eighteen (18) years engaging in a prohibited sexual act or in the simulation of such act.[2]

Computer - for purposes of this policy, district computers include any electronic device owned or leased by the district that has the capability to create, play or edit text, audio and video data; transmit or receive messages, text, data or images; operate software or online applications; or provide a wired or wireless connection to the Internet.

The term harmful to minors is defined under both federal and state law.

Harmful to minors - under federal law, is any picture, image, graphic image file or other visual depiction that:[3][4]

1. Taken as a whole, with respect to minors, appeals to a prurient interest in nudity, sex or excretion;
2. Depicts, describes or represents in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or lewd exhibition of the genitals; and
3. Taken as a whole lacks serious literary, artistic, political or scientific value as to minors.

Harmful to minors - under state law, is any depiction or representation in whatever form, of nudity, sexual conduct, sexual excitement or sadomasochistic abuse, when it:[5]

1. Predominantly appeals to the prurient, shameful or morbid interest of minors;
2. Is patently offensive to prevailing standards in the adult community as a whole with respect to what is suitable for minors; and
3. Taken as a whole, lacks serious literary, artistic, political, educational or scientific value for minors.

Obscene - any material or performance, if:[5]

1. The average person applying contemporary community standards would find that the subject matter taken as a whole appeals to the prurient interest;
2. The subject matter depicts or describes in a patently offensive way, sexual conduct described in the law to be obscene; and
3. The subject matter, taken as a whole, lacks serious literary, artistic, political, educational or scientific value.

Technology protection measure - a specific technology that blocks or filters Internet access to visual depictions that are obscene, child pornography or harmful to minors.[4]

Authority

The availability of access to electronic information does not imply endorsement by the district of the content, nor does the district guarantee the accuracy of information received. The district shall not be responsible for any information that may be lost, damaged or unavailable when using the network or for any information that is retrieved via the Internet.

The district shall not be responsible for any unauthorized charges or fees resulting from access to the Internet or other network resources.

The Board declares that **district Internet**, computer and network use is a privilege, not a right. The district's computer and network resources are the property of the district. Users shall have no expectation of privacy in anything they create, store, send, delete, **access**, receive or display on or over the district's Internet, computers or network resources, including personal files. The district reserves the right to monitor, track and log network access and use **on district computers and network resources**; monitor fileserver space **and file storage** utilization by district users; or deny access to prevent unauthorized, inappropriate or illegal activity and may revoke access privileges and/or administer appropriate disciplinary action. The district shall cooperate to the extent legally required with the Internet Service Provider (ISP), local, state and federal officials in any investigation concerning or related to the misuse of the district's Internet, computers and network resources.[6][7][8]

The Board requires all users to fully comply with this policy and to immediately report any violations or suspicious activities to the **building principal** or designee.

The Board establishes the following **list of subject areas as inappropriate matter**, in addition to those stated in law and defined in this policy, **which shall not be accessed by minors**:[4]

1. **Hate speech**.[9][10]
2. Lewd, vulgar or profane.
3. Threatening.[11][12]
4. Harassing or discriminatory.[9][10][13]
5. Bullying.[14]
6. **(Consisting of/Relating to) Weapons, unless related to historical/research educational** .[15]
7. Terroristic.[16]

The district reserves the right to restrict access to any Internet sites or **network** functions it deems inappropriate through established Board policy, or the use of software and/or online server blocking/**filtering**. Specifically, the district operates and enforces a technology protection

measure(s) that blocks or filters access to inappropriate matter by minors on its computers **and network resources** used and accessible to adults and students. The technology protection measure shall be enforced during use of computers **and network resources** with Internet access.[3][4][17]

Upon request by students or staff, the Superintendent or designee shall expedite a review and may authorize the **adjustment of technology protection measures** to enable access to material that is blocked or **filtered** but is not prohibited by this policy.[17]

Upon request by students or staff, building administrators may authorize the temporary **adjustment of technology protection measures** to enable access for bona fide research or for other lawful purposes. If a request for temporary **adjustment of technology protection measures** is denied, the requesting student or staff member may appeal the denial to the Superintendent or designee for expedited review.[3][18]

Delegation of Responsibility

The district shall make every effort to ensure that this resource is used responsibly by students and staff.

The district shall inform staff, students, parents/guardians and other users about this policy through employee and student handbooks, posting on the district website and by other appropriate methods. A copy of this policy shall be provided to parents/guardians, upon written request.[17]

Users of district networks or district-owned equipment shall, prior to being given access or being issued equipment, sign user agreements acknowledging awareness of the provisions of this policy.

Student user agreements shall also be signed by a parent/guardian.

Administrators, teachers and staff have a professional responsibility to work together to help students develop the intellectual skills necessary to discern among information sources, to identify information appropriate to their age and developmental levels and to evaluate and use the information to meet their educational goals.

Students, staff and other authorized individuals have the responsibility to respect and protect the rights of every other user in the district and on the Internet.

Building **principals** shall make initial determinations of whether inappropriate use has occurred, **and may consult with the Superintendent or designee and the school solicitor when necessary.**

The Superintendent or designee shall be responsible for recommending technology and developing procedures used to determine whether the district's computers **and network resources** are being used for purposes prohibited by law or for accessing sexually explicit materials. The procedures shall include but not be limited to:[3][4][19]

1. Utilizing a technology protection measure that blocks or filters Internet access for minors and adults to certain visual depictions that are obscene, child pornography, harmful to minors with respect to use by minors or determined inappropriate for use by minors by the Board.
2. Maintaining and securing a usage log.
3. Monitoring online activities of minors **on district computers and network resources.**

The Superintendent or designee shall develop and implement programming that ensure students are educated on network etiquette and other appropriate online behavior, including:[4]

1. Interaction with other individuals on social networking websites and in chat rooms.
2. Cyberbullying awareness and response.[14][20]

Guidelines

District computers and network accounts shall be used only by the authorized **user of the computer or** account for its approved purpose. Network users shall respect the privacy of other users on the system.

Safety

It is the district's goal to protect users of the network from harassment and unwanted or unsolicited electronic communications. Any network user who receives threatening or unwelcome electronic communications or inadvertently visits or accesses an inappropriate site shall report such immediately to a teacher, **building administrator or other appropriate school staff.** Network users shall not reveal personal information to other users on the network or **Internet**, including chat rooms, email, social networking websites, etc.

Internet safety measures shall effectively address the following:[4][19]

1. Control of access by minors to inappropriate matter on the Internet and World Wide Web.
2. Safety and security of minors when using electronic mail, chat rooms, **social networking websites** and other forms of direct electronic communications.
3. Prevention of unauthorized online access by minors, including hacking and other unlawful activities.
4. Unauthorized disclosure, use and dissemination of personal information regarding minors.
[21][22][23]
5. Restriction of minors' access to materials harmful to them **or which have been designated as inappropriate matter in Board policy.**

Prohibitions

Users are expected to act in a responsible, ethical and legal manner in accordance with **Board** policy, accepted rules of network etiquette and federal and state law **and regulations**. Specifically, the following are prohibited uses **of district computers and/or network resources**:

1. Facilitating illegal activity.
2. Commercial or for-profit purposes.
3. Nonwork or nonschool related work.
4. Product advertisement.
5. Bullying/Cyberbullying.[14][20]
6. Hate mail, discriminatory remarks, **harassment** and offensive or inflammatory communication.[9][10][14][24]
7. Unauthorized or illegal installation, distribution, reproduction or use of copyrighted materials.[25]
8. Accessing, sending, receiving, transferring, viewing, sharing or downloading obscene, pornographic, lewd or otherwise illegal materials, images or photographs.[26]
9. Access by students and minors to material that is harmful to minors or is determined inappropriate for minors in accordance with Board policy.
10. **Vulgar** language or profanity.
11. Transmission of material **that a reasonable person would know** to be offensive or objectionable to recipients.
12. Intentional obtaining or modifying of files, passwords and data belonging to other users.
13. Impersonation of another user, anonymity and pseudonyms.
14. Fraudulent copying, communications or modification of materials in violation of copyright laws.[25]
15. Loading or **accessing** unauthorized games, programs, files or other electronic media.
16. Disruption of the work of other users.
17. Destruction, modification, abuse or unauthorized access to network hardware, software, **systems** and files.
18. Accessing the Internet, district computers or other network resources without authorization.
19. Disabling, **adjusting** or bypassing the Internet blocking/filtering **technology protection measure(s)** without authorization.

20. Accessing, sending, receiving, transferring, viewing, sharing, **deleting** or downloading confidential information without authorization.

Security

System security is protected through the use of passwords **and/or encryption and district security procedures**. Failure to adequately protect or update passwords could result in unauthorized access to personal or district files. To protect the integrity of the system, these guidelines shall be followed:[23][27][28]

1. Employees, students **and other authorized users** shall not reveal their passwords to another individual.
2. Users are not to use a computer that has been logged in under another **user**.
3. Any user identified as a security risk or having a history of problems with other computers **or network** systems may be denied access to the **district's computers and network resources**.

Copyright

The illegal use of copyrighted materials is prohibited. Any data uploaded to or downloaded from the network **or Internet** shall be subject to fair use guidelines and applicable laws and regulations.[25][29]

District Website

The district shall establish and maintain a website and shall develop and modify its web pages to present information about the district under the direction of the Superintendent or designee. All users publishing content on the district website shall comply with this and other applicable district policies.

Users shall not copy or download information from the district website and disseminate such information on unauthorized web pages without authorization from the building principal.

Accessibility –

District staff who maintain district websites and web pages shall post content which is accessible to individuals with disabilities, to the same extent that it is available to other users, based on the needs of the individuals and limitations of the platform. This shall include, but is not limited to:[9][10][13][30][31][32]

1. **Including alternate text descriptions or captions for images.**
2. **Including captions for video content.**
3. **Avoiding text that is posted as an image or conveyed using only color cues.**

4. **Creating links and attachments in formats that are accessible to screen readers and other assistive technology, and may be accessed through keyboard or speech navigation.**
5. **Formatting text so that it is accessible to screen readers and other assistive technology, and may be accessed through keyboard or speech navigation.**

All district websites shall contain clear contact information that may be used by members of the public to request accommodations or assistance.

Consequences for Inappropriate Use

Users of district computers and network resources shall be responsible for damages to the equipment, systems, **platforms** and software resulting from deliberate or willful acts.[17]

Illegal use of the **district computers and network resources**; intentional deletion or damage to files or data belonging to others; copyright violations; and theft of services shall be reported to the appropriate legal authorities for possible prosecution.

General rules **and Board policies** for behavior and communications apply when using the **district computers, network resources and** Internet, in addition to the stipulations of this policy.

Vandalism shall result in loss of access privileges, disciplinary action and/or **referral** to legal **authorities**. **Vandalism** is defined as any malicious attempt to harm or destroy data of another user, **the district, the** Internet or other networks; this includes but is not limited to uploading or creating computer viruses.

Failure to comply with this policy or inappropriate use of the Internet, district network or computers shall result in usage restrictions, loss of access privileges, disciplinary action and/or **referral** to legal **authorities**. [6][7][8]

NOTES:

State CIPA – Child Internet Protection Act – 24 P.S. Sec. 4601 et seq.

Federal CIPA – Children’s Internet Protection Act – 47 U.S.C. Sec. 254

If district has three (3) employee sections, change the policy cites in the policy and references.

**** Check backup, particularly any User Agreements included in handbooks, to determine whether or not to add the option for tracking and recovering lost or stolen equipment – if the district has not disabled this type of tracking system, the language should be included in the policy to put users on notice.**

Northgate School District

Book	Policy Manual	819
Section	800 Operations	
Title	Suicide Awareness, Prevention and Response	
Code	819 Vol IV 2023	
Status	First Reading	
Adopted	September 15, 2008	
Last Revised	April 16, 2018	

Purpose

The Board is committed to protecting the health, safety and welfare of its students and the school community and **promoting healthy development**. This policy supports the provision of a comprehensive district program **of education, training and resources** designed to promote **school connectedness and** behavioral health, and prevent suicide.[1][2][3][4][5][6]

Authority

The Board directs the district to provide education on youth suicide awareness and prevention; methods of prevention, intervention and response to suicide attempt or suicide; **and reporting procedures**. [1][2][3][4][5][6]

The district is committed to providing access to age and developmentally-appropriate youth suicide awareness and prevention supports and resources to all district students, without bias or discrimination. [2][3]

The district shall notify employees, students and parents/guardians of this policy and shall post the policy on the district's website.[1]

Definitions

Behavioral health - the emotion, behaviors and biology related to a person's mental well-being, their ability to function in everyday life and their concept of self.

Behavioral service providers – include, but are not limited to, state, county or local behavioral health service providers, crisis intervention center or psychiatric hospital. The term includes a private service provider which contracts with a state, county or

local government to act as a behavioral health agency.[4][7]

Bias – the attitudes or beliefs we have about a person or group that affect our understanding, actions and decisions in a conscious or subconscious manner.[4]

Individualized Management Plan – a plan developed for a student who is referred to the threat assessment team that documents the concerns that brought a student to the team's attention, as well as the resources and supports a student might need based on the information gathered during the assessment. The Individualized Management Plan is developed primarily for documentation and communication purposes.[4]

Postvention – a multi-component crisis response to provide support, promote healing after a tragic loss and to minimize risk of contagion after a suicide.

Prevention - refers to efforts that seek to reduce the factors that increase the risk for suicidal thoughts and behaviors and increase the factors that help strengthen, support and protect the behavioral health and wellness of individuals.

Protective factors - refer to characteristics associated with a lower likelihood of negative outcomes or that reduce a risk factor's impact. Protective factors may be seen as positive countering events.

Resilience - the process of adapting well in the face of adversity, trauma, tragedy, threats or significant sources of stress, or "bouncing back" from difficult experiences.

Risk factors - refer to characteristics at the biological, psychological, family, community or cultural level that precede and are associated with a higher likelihood of negative outcomes, including suicide.

Safety Plan – an agreement developed between the student, parent/guardian, appropriate team members and behavioral health professionals, following a suicide screening or assessment, that documents communications, conveys an understanding of the seriousness of the student's distress and provides a set of skills and resources the student can use in a crisis.

School personnel - include, but may not be limited to, administrators, teachers, school-based behavioral health professionals (e.g., school counselor, school psychologist, school social worker), paraprofessionals, support staff, coaches, bus drivers, custodians and cafeteria workers.

Self-harm – behavior that is self-directed and deliberately results in injury or the potential for injury to oneself. Self-harm behaviors can be either suicidal or nonsuicidal.

Suicide - death caused by self-directed injurious behavior with intent to die as a result of the behavior.

Suicide attempt - a potentially self-injurious behavior for which there is evidence that the person had at least some intent to kill themselves.

Suicide threat - a verbal or nonverbal communication that an individual intends to harm themselves with the intention to die but has not acted on the behavior.

Threat assessment – a fact-based process for the assessment of and intervention with students whose behaviors may indicate a threat to the safety of the student, other students, school employees, school facilities, the community or others.[4]

Warning signs - evidence-based indicators, often observable, that someone may be in danger of suicide, either immediately or in the very near future.

Delegation of Responsibility

The Superintendent or designee, in collaboration with designated school personnel, shall develop district protocols for response to suicide threats, suicide attempts and suicide.

Guidelines

SUICIDE AWARENESS AND PREVENTION EDUCATION[1]

Suicide Awareness and Prevention Education for Students

Students shall receive age **and developmentally**-appropriate, **student-centered lessons** on the importance of safe and healthy choices, coping strategies **focused on resiliency**, how to recognize risk factors and warning signs, as well as help-seeking strategies for self or others, including how to engage school resources.

These lessons shall be integrated into classes as appropriate. The lessons may be taught by health and physical education teachers, classroom teachers, student services staff or community service providers.

Programming related to suicide prevention shall be delivered in small group or classroom settings; not in a large group or auditorium setting.

District staff shall provide resources and access to counseling staff for students participating in programming, who may struggle with the topic of suicide prevention.

Lessons shall **contain information on comprehensive health and wellness, including emotional, behavioral and social skills development by:**

1. **Informing** students about broader behavioral health issues such as depression and substance **use**, as well as specific risk factors, protective factors and warning signs for suicide.
2. **Encouraging** students to seek help for themselves or their peers, including when concerns arise via social media or other online forum, and to avoid making promises of confidence when they are concerned about the safety of a peer **or other individual**.

3. **Adhering** to safe and effective messaging guidelines, **avoiding** graphic testimonials and **including research-based** suicide prevention resources.
4. **Promoting** a healthy school climate where students feel connected to and can identify trusted adults in the building.
5. **Providing local, state and/or national resources for seeking help.**

Suicide Awareness and Prevention Education for School Personnel

All **school personnel** shall receive **written** information about the **district's protocols for suicide awareness and prevention, including** risk factors, warning signs, response **and communication** procedures, referrals and resources.

School personnel shall also receive information regarding strategies to enhance protective factors, resilience and school connectedness.

As part of the district's professional development plan, professional educators in school buildings serving students in grades six (6) through twelve (12) shall participate in a minimum of four (4) hours of youth suicide awareness and prevention training every five (5) years.[1][8][9]

The district shall make required training and refresher training available on an ongoing basis, so that educators may fulfill training requirements throughout the required timeframe.

School safety and security training for employees may include suicide awareness.[9]

Additional professional development in suicide risk screening and/or assessment and crisis intervention shall be provided to specialized staff and school behavioral health professionals such as school crisis response/intervention team members, **threat assessment team members**, designated administrators, school counselors, school psychologists, and school nurses.

The district **shall** provide parents/guardians with resources including, but not limited to, health promotion and suicide risk, including characteristics and warning signs, and information about local, **state and national** behavioral health resources.

METHODS OF PREVENTION[1]

The district shall utilize a multifaceted approach to suicide prevention which integrates school and community-based supports.

The methods of prevention utilized by the district include, but are not limited to, **education, training and awareness;** early identification and support for students at risk; and delegation of responsibility for planning and coordination of suicide prevention efforts.

Information received in confidence from a student may be revealed to the student's parents/guardians, the building principal, **the threat assessment team and/or crisis response/intervention** team or other appropriate authority when the health, welfare or safety

of the student or any other person is clearly in jeopardy, **in accordance with applicable law, and Board policy.**[4][10][11][12][13][14][15]

Suicide Prevention Coordinators

District-Wide -

A district-level suicide prevention coordinator shall be designated by the Superintendent **or designee**. This may be an existing district employee. The district suicide prevention coordinator shall be responsible for planning and coordinating implementation of this policy.

Building-Level -

Each building principal shall designate a school suicide prevention coordinator to act as a point of contact in each school for issues relating to suicide prevention and policy implementation. This may be an existing district employee, **who may also be a member of the threat assessment team.**[4]

Early Identification Procedures

Early identification of individuals with warning signs or suicide risk factors **that appear to adversely impact the student** is crucial to the district's suicide prevention efforts. To promote awareness, **school personnel**, students and parents/guardians should be educated about suicide risk factors and warning signs.

Referral Procedures

Any **school personnel** who observes a student exhibiting a warning sign for suicide, or **who** has another indication that a student may be contemplating suicide, shall **immediately** refer the student for suicide risk screening and/or assessment and intervention in accordance with **Board policy.** [4][15][16]

In the absence of a warning sign for suicide, students demonstrating suicide risk factors that appear to be adversely impacting the student, **or other indications of self-harm**, should be referred to **an appropriate team or staff member (e.g., principal, school counselor, Student Assistance Program team)** for support and follow-up.

When a student's behavior indicates a threat to the safety of the student, school personnel shall report the student to the threat assessment team, an appropriate member of the team or the suicide prevention coordinator. The designated staff responsible for conducting or arranging suicide risk screening and assessment shall coordinate to provide assessment and intervention in accordance with Board policy.[4][15][16][17]

School personnel shall arrange for or provide continuous adult supervision to ensure the student's safety.

Safe2Say Something

When the district receives a report through the Safe2Say Something program, members of the Safe2Say Something team shall coordinate with the appropriate emergency dispatch center(s), local law enforcement and/or district team. [9]

Documentation

The district shall document the referral, including specific **reasons** identified as indications that the student may be at risk.[4]

METHODS OF ASSESSMENT AND INTERVENTION[1]

The methods of **assessment and** intervention utilized by the district include, but are not limited to, responding to threats **of suicide or self-harm**, suicide attempts in school, suicide attempts outside of school and suicide.

The district shall maintain a trained school crisis response/intervention team. Team members may include, but not be limited to, designated administrators, school counselors, school nurse, school psychologist, school security personnel, members of the Student Assistance Program team and others as designated by the district such as community behavioral health agency resources.

The district's threat assessment team shall serve as a crisis response/intervention team, and may coordinate with district behavioral health staff and community behavioral health agency resources as needed.[4]

Suicide intervention procedures shall involve collaboration and coordination with the student, the parent/guardian, school counselor, the threat assessment team and additional support services as needed.

Student Assessment and Intervention

When a student has been referred for assessment, designated members of the threat assessment team shall coordinate with appropriate behavioral health staff to assess and respond to the student's behavior, which may include development or update of an Individualized Management Plan and/or Safety Plan, where appropriate, in accordance with Board policy.[4]

A district-approved suicide risk screening or assessment tool may be used by trained behavioral health staff such as **school** counselors, or psychologists.

Parents/Guardians of a student identified as being at risk of suicide shall be notified by the **building principal or designee** and informed of crisis and community resources. If the school suspects that the student's risk status is the result of abuse or neglect, school staff shall immediately notify Children and Youth Services, **in accordance with applicable law and Board policy.[4][6]**

The district shall identify **and develop agreements with** behavioral service providers to whom students **may** be referred for further suicide risk screening and/or assessment and **intervention**.

If the student **has been** identified as being at increased risk of suicide, the district shall **develop** a new, or update a previous, Safety Plan to support the student and the student's family. The Plan should be developed collaboratively with input from the student, **the student's parents/guardians, and appropriate team members.**

Students With Disabilities

For students with disabilities who are identified as being at risk for suicide or who attempt suicide, the **team receiving the referral or other district staff shall notify the appropriate Individualized Education Program (IEP) team or Section 504 team** to address the student's needs in accordance with applicable law, regulations and Board policy.[3][4][18][19][20][21]

If a student is identified as being at risk for suicide or attempts suicide and the student may require special education services or accommodations, the Director of Special Services shall be notified and shall take action to address the student's needs in accordance with applicable law, regulations and Board policy.[3][18][19][20][21]

Documentation

The district shall document observations, recommendations and actions conducted throughout the course of intervention, suicide risk screening and/or assessment and follow-up, including verbal and written communications with students, parents/guardians, **appropriate team members** and behavioral service providers.[4]

METHODS OF RESPONSE TO SUICIDE ATTEMPT OR SUICIDE[1]

The district's crisis threat assessment team shall coordinate with first responders, district behavioral health staff and/or community behavioral health resources in response to a suicide attempt or suicide.

Response to Suicide Attempt

Methods of response to a suicide attempt utilized by the district include, but are not limited to:

1. **Acting in accordance with professional development and crisis response training including, but not limited to:**
 - a. **The rendering of first aid until professional medical services and/or transportation can be received.**
 - b. **Supervision of the student and movement of all other students out of the immediate area.**
2. **Coordinating with the threat assessment team to document or follow up on the threat assessment process, in accordance with Board policy, where applicable.[4]**
3. Notifying students, employees and parents/guardians.

4. Working with families.
5. Responding appropriately to the media.
6. Collaborating with community providers.

Re-entry Procedures

A student's excusal from school attendance after a behavioral health crisis and the student's return to school shall be consistent with state and federal laws and regulations, **and in accordance with Board policy**. [3][18][19][20][22][23]

Prior to a student returning to school after a behavioral health crisis, a district-employed behavioral health professional, **member(s) of the threat assessment team**, the building principal **or designee** shall meet with the parents/guardians of the student and, if appropriate, meet with the student to **discuss** the **student's return** to school and to create an individual re-entry plan. [4]

When authorized by the student's parent/guardian, the designated district employee shall coordinate with the appropriate outside behavioral **service** providers, request **releases of information** and written documentation from the treating facility and encourage their involvement in the re-entry **process**.

The School Counselor shall periodically check in with the student **and** monitor the student's **re-entry plan, which may include strategies and supports to facilitate the student's progress and** transition back into the school community, **including referrals to other school-based teams or programs (e.g. Student Assistance Program)**.

Re-entry of a student with a disability requires coordination with the appropriate team to address the student's needs in accordance with applicable law, regulations and Board policy. [3][18][19][20][21]

Response to Suicide (Postvention)

Upon confirmation of a suicide, the district shall immediately implement established postvention procedures which shall include methods for informing the school community; identifying and monitoring at-risk youth; and providing resources and supports for students, staff and families.

DOCUMENTATION PROCEDURES[1]

Effective documentation assists in preserving the safety of the student and ensuring communication among school staff, parents/guardians and behavioral service providers.

When **school personnel** take notes on any conversations or situations involving or relating to an at-risk student, the notes should contain only factual or directly observed information, not opinions or hearsay.

As stated in this policy, **school personnel** shall be responsible for effective documentation of incidents involving suicide prevention, intervention and response, **in accordance with applicable laws, regulations and Board policy.**[4]

Reports and information shall be maintained confidentially and made available to appropriate district staff in accordance with applicable laws, regulations and Board policy.[4][11][12][13][14][24][25]

SUICIDE AWARENESS, PREVENTION AND CRISIS RESOURCES[1]
