

# 5500 -- TCCA Fundraising

The organization is a nonprofit organization which relies on governmental funds and contributions to effectively educate our students. As a result, fundraising is necessary to help support the educational programs offered. The school operations manager shall approve all fundraising activities and ensure that families are not being asked to contribute excessively at any given time. Efforts will be made to ensure only one fundraiser occurs at a time. All fundraisers will identify the purpose for the money raised.

Adopted: November 18, 2019
