Our program offers extracurricular activities which are designed to promote social-emotional development, involve physical activity and achieve educational goals. The Basement gives students entering grades 6-9 opportunities to explore, build friendships and be themselves. Summer Basement goes on 1-2 field trips per week. List of scheduled trips will be available online by April 3rd. Some trips to expect: arcades, museums, water parks, bowling and more. Trips are designed to encourage the students' interests and create new experiences in a fun, safe environment. Tuition includes the cost of most if not all trips.

SUMMER ACADEMY

SUMMER ACTIVITIES

The Basement is especially designed for students in middle school as they grow into responsible teens. At times, students will have the opportunity to be outside of the direct supervision of adults with clear expectations about appropriate boundaries and rules. This applies to certain times onsite, as well as some outings throughout the summer. Abuse of rules, check-in times, and set parameters will result in the loss of privileges. Attention is given to the needs of young teens and pre-teens, and at times different ages may have different boundaries in terms of supervision. We encourage students to be independent, but provide support for safety and learning.

A light breakfast and lunch are available at no additional cost. Afternoon snack is included in the daily rate.
