In yearbook /commercial art we will study the art elements, design principles, and photography. When creating an advertisement or invitation you often incorporate all of them into one. Show me your skills by creating an 8x10" sweet 16 invitation. Your invitation **must** include a photograph with a photo credit, details about the event (use at least three different fonts), a cohesive color scheme, and it must be aesthetically pleasing. Please print the invitation (in color) and attach it to the back of your application.

Remember you need to create an original piece of art. If you use someone else's photograph please include an 8pt. photo credit, so you avoid plagiarism. (Include your name if it is a photo that you took.)

You can use Canva as a starting point, but the design needs to be modified to show what you can do.

At the bottom of the invitation please write what program you used to create it.

Please have **three** of your teachers/advisors complete the attached recommendation form. Make sure that you get recommendations from adults that you are not related to. The recommendations can either be attached to this application or given directly to Mrs. Williams. If you do not receive 3 referrals your application score will be lowered. Please remind your references that they are due by **February 9th**.
