

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Mable Barron Elementary School	39685696095210	09/20/2023	

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Goal 1: (English Language Arts) All students (within every subgroup) will show growth towards meeting or exceeding ELA standards. The actions and services in Goal 1 are focused on providing all students with foundational skills by strengthening instructional strategies within the core curriculum and professional learning. We will also continue to provide interventions for students who need extra time and support.

Goal 2: (Math) All students (within every subgroup) will show growth towards meeting or exceeding grade level standards in Mathematics. The actions and services in Goal 2 are focused on fluency and essential standards, with an emphasis on the data collection and analysis process and interventions for those who may need extra time and support. Professional learning will be included to strengthen and continuously develop instructional strategies.

Goal 3: Mable Barron will create equitable experiences to meet the needs of all students (within all subgroups), and to provide a learning environment that is supportive, positive, and where all students and their families feel a sense of community. The actions in Goal 3 primarily focus on our continued work of having an environment where students feel safe and making sure our data in regard to chronic absenteeism and suspension rates reflect this.

Goal 4: Mable Barron will provide increased opportunities for engagement and participation of parents and families.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Mable Barron conducts a parent survey each school year to determine strengths and areas of need.
A bullying survey is administered to the students each year to determine strengths and areas of need.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Classrooms are observed with regularity (as spelled out in LUTA contract) by site administration and colleagues/teaching peers
Peer observations are designed to enhance staff communication and to proliferate best practices and colleague support
Administrative observations are designed to enhance staff communication and to proliferate best practices, and to determine areas of emphasis/need of staff members

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Administer curricular assessments (i.e. Wonders) to inform/drive instruction
Conduct ongoing progress monitoring in grades K-1 (DIBELS), 2-6 (I-Ready)
Administer CAASPP interim assessments in grades 3-8
Utilize small group instruction during ELA block based on skill level
Utilize Amplify, Aeries, iReady, and Ellevation data storage and assessment administration system
ELD instruction in all grades
Book Club elective in grades 7/8 for EL students bases on ELPAC scores and all other students based on interest

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Conduct initial and ongoing progress monitoring in grades K-3 (DIBELS)
Provide Title 1 small group support for students scoring Intensive on DIBELS
Provide small group intervention within Tiers1 and 2
Train staff on use of assessment administration system

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

87% of our teachers are highly qualified, while 13% are intern teachers.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Ongoing district-provided/endorsed PD in ELA (SJCOE) and math (SVMI)

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Ongoing district-provided/endorsed PD in ELA (SJCOE) and math (SVMI)

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Ongoing district-provided/endorsed PD in ELA (SJCOE) and math (SVMI)

Continue foundational literacy PD in primary grades

Intervention personnel supports ELA in grades 1-5

Provide ELD professional development in grades K-8 (SJCOE)

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Weekly staff collaboration built into district contract and site schedule

Weekly collaboration time for grades K-3 (built into site schedule)

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All curriculum is CDE/state-standards approved.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

120 minutes of ELA per day grades K-6

75 minutes of math per day grades K-6

56 minutes of ELA and math per day in grades 7/8 (112 minutes for remedial ELA)

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Standards-based instructional materials have been made available to all student groups.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Continue implementation of and professional development pertaining to Wonders (K-5) and Study Sync (6-8) curricula
Use curricular assessments to guide instruction
Utilize small group instruction during ELA block based on skill level
Provide ongoing professional development in ELA curriculum and instructional strategies
Continue foundational literacy PD in primary grades
Provide ELD professional development in grades K-8 (SJCCE)
Conduct ongoing progress monitoring in grades K-3 (Amplify)
Provide Title 1 small group support for students scoring Intensive on AMPLIFY and iReady
Continue use of Illuminate data storage and assessment administration system
Continue to embed ELD practices into daily master schedule in all grades
ELD elective course in grades 7/8
Provide after-school support in multiple grades (3-5 grade tutoring, 3-5 grade homework club, 7/8 ELA homework club - all based on availability of tutors and high school volunteers)

Evidence-based educational practices to raise student achievement

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Focus Center outreach: Focus Center leader in conjunction with district's Community Liaison personnel, will facilitate school-to-home communication and support for students with chronic absenteeism/truancy. School Attendance Review Team will focus on reducing absenteeism.

Positive Behavior Intervention & Support (PBIS) program support: Mable Barron will continue the implementation of the Pioneer PBIS/Pioneer Prop system. The purpose of the Prop system, which has been in place for the past three years, is to explicitly teach students expected behaviors and positively reinforce them in order to generate observable and consistent positive behavior patterns (The Mable Barron Way = Try until we succeed, own our own actions, do the right thing even when no one is looking). Teachers will collaborate after-school to develop practices that embed the Mable Barron Way throughout campus routines. Mable Barron School also acknowledges students who exhibit monthly focused character traits. Parents are educated on these character traits and provided resources to use at home (i.e., video and articles) to assist them in teaching students character traits.

Counselor and Focus Center Fridays with middle schoolers: Our counselor and Focus Center leader meet regularly with our 7th and 8th graders to facilitate GPA check-ins, proactive strategy planning (homework, time management, etc.), and to lead circles pertaining to study habit development. Particular/ongoing attention is paid to students on the 'watch list' whose performance/GPA indicates need for additional support.

Career Day: site counselor hosts Career Day for all students in grades 4-8. The purpose of Career day is to a) teach students value of career awareness and readiness, b) teach interview skills, c) introduce students to adults outside of their regular sphere, d) introduce students to a wide array of job and career paths, and e) lead reflective conversations/circles about their experiences and plans for the future.

In order to address chronic absenteeism, a) during the spring of 2023, Student Attendance Review Team (SART) meetings have been held with families whose child/children have demonstrated truancy patterns, b) in the summer of 2022 principal, assistant principal and school safety officer visited homes of chronically truant student to provide school supplies and assistance in navigating transportation and child nutrition services, and c) principal and/or assistant principal and security officer will conduct home visits to students/families who are chronically truant to transport them to school (as needed). This practice will continue in the 2023-2024 school year.

The principal, AP, attendance clerk, counselor and Focus Center leader have identified chronically absent students and the Focus Center leader and counselor conduct regular and ongoing meetings with them to check on their grades, behavior and attendance.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

School Site Council and English Learner Advisory Committee meet regularly where the goal is to seek parental/community and staff input.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Counselor and Focus Center Fridays with middle schoolers: Our counselor meets regularly with our 7th and 8th graders to facilitate GPA check-ins, proactive strategy planning (homework, time management, etc.), and to lead circles pertaining to study habit development. Particular/ongoing attention is paid to students on the 'watch list' whose performance/GPA indicates need for additional support.

Fiscal support (EPC)

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Mable Barron consulted with 1) School Site Council, which represents staff, parents, and community members 2) English Learner Advisory Committee (which represents parents of English Learners when reviewing, developing, and eventually recommending our SPSA for approval. This was done at monthly SSC and ELAC meetings.

We invite parents, teachers and community members to become involved with/members of School Site Council by announcing nominations school-wide via Parent Square.

Meetings are open to the public and agendas are publicly posted per district and state guidelines.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Mable Barron has identified the following resource inequities that impacted the school last academic year:

Grades 1- 6 are also heavily impacted by pull out programs for special education, intervention, and enrichment (performance music). This affects the total number of instructional minutes and affects consistency within the instructional day.

Grades 7 - 8 students have limited access to elective courses due to a six period day.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
662	56.8	10.7	0.5
Total Number of Students enrolled in Mable Barron Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	71	10.7
Foster Youth	3	0.5
Homeless	14	2.1
Socioeconomically Disadvantaged	376	56.8
Students with Disabilities	82	12.4

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	82	12.4
American Indian		
Asian	34	5.1
Filipino	18	2.7
Hispanic	351	53.0
Two or More Races	46	6.9
Pacific Islander	1	0.2
White	128	19.3

Conclusions based on this data:

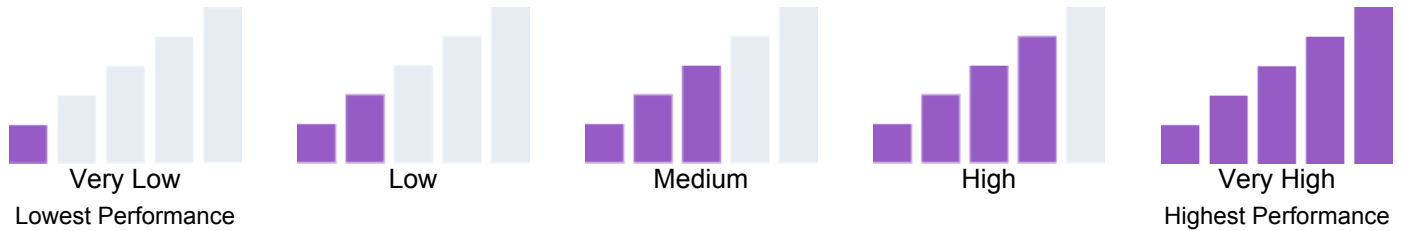

1. Socioeconomically disadvantaged students make up 60.1 percent of the student population which equates to over half of the student body.
2. Students with Disabilities make up 15 percent of the student population, which means that roughly 1 in every 6 students are in this subgroup.
3. English learners make up 11.7 percent of the student population making it the third largest subgroup.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Strategy/Activity

1.1 Continue implementation of Wonders (K-5) and Study Sync (6-8) curricula. Utilize technology to enhance ELA experience (Wonders online resources, Study Sync online resources, Renaissance Place, etc.). Utilize small group instruction during ELA block based on skill level. Administer CAASPP interim assessments in grades 3-8. Purchase supplemental materials and supplies to engage students in ELA in grades TK-8. Provide updated reading materials for students for practice at their instructional levels, and literacy based activities that can be done remotely such as literature circles for comprehension and repeated reading for fluency practice (novels, Readers Theater, etc.)

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Strategy/Activity

1.2 Provide ongoing professional development (through in-person, webinars, articles, and book studies) in ELA curriculum and instructional strategies. Provide professional development that will enhance teachers' ability to produce and execute effective and inclusive lesson plans, monitor student progress, and establish and maintain positive relationships with students and their families. Provide teachers time for academic and goal-setting conferencing.

Annual Review

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The implementation of the strategies and activities of the 2022-23 school year were impacted by continued chronic absenteeism attributing to COVID-related absences and various other reasons, as well as, significant SEL needs. Students in grades 1st-5th made growth in ELA on the iReady from Fall 2022 to Spring 2023. 6th-8th grade noticed a decline in scores during this same period. Students in grades 2-5, and 8th grade realized an increase in Reading and Language Arts district assessment while students in grade 6 realized a slight decrease. CAASPP data declined significantly across most grade level when comparing the last reporting data. 6th grade realized a 7 point increase and 8th grade realized a 9 point increase.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Professional development opportunities were mostly offered through the district. Substitute shortage prevented teachers from attending professional development that was offered through various sources during school hours. Site-level funded professional development will be offered in the 2023-24 school year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The addition of professional development and the implementation of a common writing rubric program, such as Empowering Writing, was added to address the ELA achievement goal and can be found in strategy 10.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Goal 2: Improve the achievement of all students including unduplicated students in reaching high academic standards and attaining proficiency in ELA and Mathematics.

Goal 2

Goal 2: All students will show growth towards meeting or exceeding standards in Mathematics

Identified Need

CAASPP scores for students in grades 3-8 are significantly low and students in grades 3,-5 and 7th grade showed a decline and the need to focus on academic performance for all student groups.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP Math - Percentage of Grade 3-8 students meeting or exceeding standards. (Unavailable by Demographic groups)	Math Grade 3 - 37% Grade 4 - 26% Grade 5 - 22% Grade 6 - 32% Grade 7 - 14% Grade 8 - 13% 2023	Grade 3 -60% Grade 4 - 60% Grade 5 - 60% Grade 6 - 60% Grade 7 - 60% Grade 8 - 60% 2024

Annual Review

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The analysis of overall implementation was impacted by chronic absenteeism and an overwhelming need in the area of social emotional learning. Students in grades 6-8 realized a slight increase in CAASPP data, while students in grades 3-5 realized a decrease in performance. All grade levels realized an increase in district-based assessment (i-Ready) when comparing fall 2022 data to spring 2023 data.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We could not fully realize our results of implementation due to the impact of chronic absenteeism, as well as, intensive social emotional needs of students. Although there was more teacher participation in the form of after-school tutoring, we continued to lack inequitable tutoring opportunities across all grade levels.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Funds for supplemental math resources and technology was added back to the plan this year to help support students if there is minimal tutoring available. This addition can be seen in activity 3.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Suspension and expulsion rates for all sub-groups decreased in comparison to the previous school year. Chronic Absenteeism continued to be a challenge as students continued to be affected by Covid, anxiety, and social emotional challenges. Although all Youth Truth measures increased, some areas, such as , engagement, academic challenge, culture, emotional and mental health, and inclusion slightly increased, showing a need for further focus in those areas.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

SEL was taught to students by school counselor in classroom circles and small groups. Because of the high SEL needs amongst students, it was a challenge for all student needs to be met in this area. An SEL curriculum was decided upon but was not purchased and employed in tiime to meet the overwhelming amount of social emotional needs. Teachers continued to use their time to pull resources from the Internet.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Incorporating art into various academic content was added to address this goal and can be found in strategy 10. Provide learning experiences outside of the classroom and/or school campus that would engage students and enrich content and concepts learned in class was also added to address this goal as well and can be found in strategies 1 and 9. Mentorship and presentations that would address the needs of engagement, culture, emotional and mental health, and inclusion were also added and can be found in strategies 11 and 12.

Title I Part A: Parent Involvement

Annual Review

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Parent participation in parent-teacher conferences increased slightly and an interest in serving on the SSC increased slightly while ELAC interest remained at a level of low participation. The diversity in our SSC changed where the only representation was of White families.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Parent participation increased in volunteering, survey participation, conferences, and PTSA

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Purposeful phone calls were added to engage English Learner families and other families when communicating meetings and resources. Parent focus groups were also added to address to increase the voice and representation of all families which is included in strategy 7. Opportunities for families to connect with the school while participating in their student's learning was added and can be seen in strategy 8.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 1 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members

Name of Members	Role
Karen Ridley	Principal
Kerry Midura	Classroom Teacher
	Parent or Community Member
	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
Marisol J. A	English Learner Advisory Committee
Tomás J. Madrid	Other: Teacher

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 9/20/2023.

Attested:

Karen Ridley	Principal, Karen Ridley on 9/20/2023
H. M. Maddox	SSC Chairperson, Cliff Howard Maddox (Signature on File on 9/20/2023)

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
