BUDGET MESSAGE

The proposed 2022-2023 General Fund Budget is \$36,198,318 an increase of \$1,740,668.

The revenue sources for the proposed 2022-2023 Budget are as follows:

Local (7)	\$12,324,286
County (8)	\$3,728,666
State (9)	\$10,801,000
General Fund Balance/other sources	<u>\$9,344,366</u>
	\$ 36,198,318

The District's estimated assessed valuation for Carbon County is \$576,412,836 and the estimated Sweetwater County assessed valuation is \$67,757,676 for a total of \$644,170,512 (values not certified). This is an estimated increase of \$190,905,729. This is a 42% increase in assessed value, compared to an 13% decrease last year.

The 2022 Wyoming Legislative session resulted an increase to 30% cash carryover balance over the next 5 years. There will be challenges ahead due to the current economic conditions. This budget is designed to be prepared for those challenges while providing the resources to educate the students of Carbon County School District #1.

The Districts' forecast in enrollment is trending slightly down 2022-2023. Our Average Daily Membership of students that drives our funding model was down 3 students from 2020-2021 to 2021-2022. The three-year average that is used for funding is down by 15.

The District along with CCHC staff continue to work to increase the number of teachers in the District that are certified to teach AP and concurrent enrollment classes.

The Board and District staff continue to look for efficiencies to better serve the students of the District. There will be ongoing discussions on how to provide the student resources needed while also maintaining our current facilities and offerings provided by the District.

The aquatics center which is open to the public continues to lose money. The District contributions as well as donations from the REC Board allow the Aquatic Center to have a positive cash flow.
