

DISCOVER YOUR PASSION, IGNITE YOUR FUTURE!

The Oxnard Union High School District affirms its commitment to equality of opportunity for all individuals. This commitment requires that no discrimination shall occur regarding admission or access to, or treatment or employment in, any program and activity on the basis of age, race, color, national or ethnic origin, ancestry, citizenship, sex, gender, gender identity, sexual orientation, disability, medical condition, religion, or marital status.

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

With Career Education Pathways at Rio Mesa High School, students learn skills and career knowledge that set them on a path to a bright future. Students exit our programs prepared for college and career with a strong academic background, the knowledge of the opportunities and requirements for a career, and with valuable workplace skills.

When industry and academia are combined, students understand the importance of learning and how it applies to their future careers and studies.
