

IMPORTANT MESSAGE FROM THE SCHOOL NURSE

Welcome to Kindergarten!

Hello and welcome to the JFK Elementary School. Before school begins in August, the health office needs to be sure that ALL students have their immunizations and health record up to date. This is MA state law! Your child will likely receive important immunizations at their five-year physical. It is essential that you send the most up to date physical/immunization forms into the school *prior* to the first day of school. For your convenience, forms can be dropped off, mailed, or faxed to the school.

You can bring this notice to your pediatrician to ensure compliance. Be sure the school health office receives documentation of all the following:

1. ☐ Most recent physical form
2. ☐ Proof of vision screening within past 12 months
3. ☐ Proof of lead screening (sometimes called PB on forms)
4. ☐ 5 doses of DTaP/DTP
5. ☐ 4 doses of Polio (IPV or OPV)
6. ☐ 3 doses of Hep B
7. ☐ 2 doses of MMR
8. ☐ 2 dose of Varicella (or MD note certifying chicken pox)

Please call with any questions!
Renee Walker, RN, BSN, M.Ed, CAGS
