Planned Adoption Schedule

Outline the district's plan for adopting materials over the next several years with a timeline that is both realistic and reflects a sense of urgency. Modify the table as needed by adding or deleting rows. This plan should result in the district coming into alignment with the state adoption schedule, within one or two years, which is the timeframe allowed for postponement. Consider prioritizing content areas that have gone the longest without a new adoption and doing multiple adoptions in the same year when possible.

The state adoption schedule through the year 2026 is included below for your reference.
